* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, commercial houses, etc., for furnishing labor, supplies, etc. Communications from the heads of the various departments interested were as follows:

FIRE DEPARTMENT.

BOSTON, October 26, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Your Honor's permission is requested to award a contract for repairs to fireboat "Matthew J. Boyle," Engine 44, without public advertising, to the Bethlehem Steel Company, 256 Marginal street, East Boston, Mass., for the sum of \$3,275.02, as follows:

1. Dry-dock vessel, clean all surfaces below water line, supply and apply one coat anticorrosive and one coat anti-

fouling, and paint in all draft numbers; remove seven suction strainers, clean wells, and renew retaining screws, as required; check propeller shaft clearance and recement propeller nuts for the sum of \$695.

2. Open up, grind in and repack the following valves: Four 10-inch fire pump suction valves, two 14-inch condenser circulating pump suction valves, two toilet valves, two bilge syphon discharge valves, three skin blow-off valves, one bilge pump suction valve, for the sum of \$465.

3. There will be an additional unit price of \$1.75 each for renewing shell rivets as required, exclusive of any removals in way, and a unit price of \$1 per pound for renewing hull zinc plates.

4. Additional dry-docking. One docking day and one lay day, \$178.

5. Renew missing zinc plates, 54-pound, \$54.

6. Disconnect and remove two boiler valves and one bilge syphon valve; furnish and install new valves, \$437.83.

7. Open up, clean, grind in and close up one bilge pump, overboard discharge valve and one air pump overboard discharge valve, \$22.96.

8. Disconnect and remove the high sea suction valve from the sea chest; furnish and install a new valve; alter direction of location of new valve from forward to aft; plug present holes in flange with welding and redrill to suit; retap stud on sea chest and renew studs; blank off low suction in way; remove and replace pipe connecting circulator and condenser, floor plates, and angle supports, \$1,422.23.

One other bid, in addition to that of the Bethlehem Steel Company, for performance of the work under Items 1, 2, and 3, was submitted as follows:

United Shipbuilding Corporation, 246 Border street, East Boston, \$1,059, plus a unit price of \$8 for each shell rivet renewed and a unit price of \$1 per pound for renewing hull zinc plates.

Under date of August 2, 1948, your Honor approved of the award of the work under Items 1, 2, and 3 to the Bethlehem Steel Company for the sum of \$1,160. No contract was made at that time inasmuch as the amount of the work was less than \$2,000. However, after the Bethlehem Steel Company had made some progress on the work, an inspection was made of the boat by a representative of the Marine Inspection Division of the U. S. Coast Guard who ordered the work mentioned under Items 4, 5, 6, 7, and 8 performed before he would approve of the fireboat being placed back in service. The work ordered by the Coast Guard could not be foreseen until the Bethlehem Steel Company had placed the boat in dry-dock and opened up pumps, sea chest, etc. Because of the fact that the total amount of the work to be done is now more than \$2,000, a written contract must be drawn up.

The work is of an emergency nature and must pass the requirements of the Marine Inspection Division of the U. S. Coast Guard in order that the vessel be placed back in service at the earliest possible time for the proper protection of the water front against fire.

In my opinion, the department could not obtain a lower price for doing the work through publicly advertising for bids.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, October 28, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Your approval is respectfully requested for the award of a contract, without advertising, to Henrici Laundry Machinery Company, for repair of eleven Henrici wash wheels, main laundry, Boston City Hospital, in the sum of \$4,169.29.

The Henrici Company are the manufacturers of both the machinery and the parts and are the only ones immediately equipped to make the necessary repairs.

The trustees therefore recommend the award of the contract to the Henrici Laundry Machinery Company at the above-mentioned price.

Respectfully yours,

MARTIN J. ENGLISH, M. D.
President, Board of Trustees.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, October 27, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

On April 15, 1948, you approved the award of an unadvertised contract to the Singer Sewing Machine Company for furnishing and installing 36 various type sewing machine motors in the laundry, shoe, and tailor shops at the House of Correction at Deer Island.

Two more continuous running motors (Model S 383367) are needed for the clothing shop, at a cost of \$43.75 each.

Since the Singer Sewing Machine Company is the only concern in a position to furnish and install these motors, I respectfully request your permission to enter into an unadvertised contract with the said company in the amount of \$87.50.

Very truly yours,

MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, October 27, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Under a lease dated October 31, 1946, the Soldiers' Relief Department occupies the street floor and the entire first floor of the premises at 18 Oliver street, Boston. Said lease expires on October 31, 1948.

I respectfully request your Honor's approval of the new lease with the Eighteen Oliver Street Company for a period of one year expiring October 31, 1949, in the sum of \$12,000.

As time is of the essence and the location of the property unique, advertising for bids for this contract of lease would serve no useful purpose.

I respectfully request therefore, that your Honor grant me authority to dispense with advertising and to enter into this contract of lease.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 26, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On August 18, 1948, in response to public advertisement, bids were opened for relaying existing granite block pavement in various streets throughout the city. The contract was awarded to

Hancock Construction Company, in an estimated cost of \$39,650, which your Honor approved on September 8, 1948.

Although this work has been completed there still remains approximately the same amount of additional work to be done in other streets throughout the city. It is my opinion that no advantage would be gained by advertising for bids at this time for the additional work.

Accordingly, I respectfully request your Honor's permission to dispense with advertising and enter into a contract with Hancock Construction Company, 44 Fish Pier, Boston, in the estimated cost of \$39,650, for relaying existing granite block pavement in various streets throughout the city. This sum will be charged to the appropriation "Reconstruction of Streets," and will be based upon the following estimated quantities:

Approximately 10,000 square yards of granite blocks hauled, laid or relaid, including removal of existing pavement, preparing site, sand bed and Portland cement grout joints, \$3.80 per square yard.

Approximately 150 cubic yards of Portland cement concrete base, furnished and laid, including preparing site, \$11 per cubic yard.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, October 26, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Fire Department for the following:

100 only Chemox canisters, 100 only Burrell all-service gas mask canisters.

Requests for prices were solicited among the various dealers and it is respectfully requested that I be granted authority to award an order to Mine Safety Appliance Company as the Fire Department is urgently in need of the above material and this company can furnish immediately.

Total amount of order is \$1,200, less a 2 per cent cash discount for payment within thirty days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, October 28, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston City Hospital for the following:

20 drums Ethyl alcohol, 95 per cent.

Prices were solicited among the various dealers and the lowest price was received from New England Alcohol Company. It is respectfully requested that I be granted authority to award an order to the above company.

Approximate amount of order will be \$1,000 f. o. b. Everett.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, November 1, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of two requisitions from the Park Department for the following:

Sixty only 2½-inch to 3-inch Norway maples.

Sixty only 2½-inch to 3-inch European lindens.

Seventy-five only 3½-inch to 4-inch plain trees—caliper.

Prices were solicited among the various dealers and the Lexington Nurseries, Lexington, Massachusetts, submitted the lower bid. It is therefore requested that I be granted authority to award an order to this company in the amount of \$1,980, less a cash discount of one-half of 1 per cent for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

Items ordered: Omit the laying of artificial stone sidewalks in Hanover street, Ward 3, at No. 204.

Estimated cost of omitted work, \$75.

EXTENSION OF CONTRACTS.

BOSTON HOUSING AUTHORITY.

Allied Engineering Corporation has been ordered to make changes in the contract for the general construction of veterans' housing at River street, Mattapan, as follows:

This extension of time is necessitated due to causes beyond control.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond control and without fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to November 10, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

Construction Units, Inc., have been ordered to make changes in the contract for the general construction of houses at River street, Mattapan, as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Hub Cornice & Roofing Company for roofing and metal work at the Margaret Fuller School, from September 1, 1948, to November 15, 1948, contract approved June 22, 1948.

This extension is requested because of difficulty in securing materials.

Approval has been given for the extension of the time of completion of the contract with H. A. Johnson Company for furnishing and delivering bakery equipment to the Henry L. Pierce School, from September 3, 1948, to December 15, 1948.

This extension is requested because of shortage of materials.

Approval has been given for the extension of the time of completion of the contract with Atlantic Roofing and Skylight Works for roofing and other work at the English High School, from November 1, 1948, to December 15, 1948, contract approved June 22, 1948.

This extension is requested because of shortage of labor and materials.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time for completion of contract with John T. Bradley for painting six buildings, Boston City Hospital, from October 1, 1948, to December 31, 1948.

This further extension is requested because of delay in the delivery of materials necessary for completion of contract.

LIBRARY DEPARTMENT.

C. C. Temple, 729 Boylston street, Boston, has been allowed an extension of the contract for furnishing all the labor and materials required for certain alterations to Stack 4 in the Central Library building, Copley square, by striking out the words "three months" as they appear in Article II on page 10 of said contract and substituting therefor the words "on or before November 15, 1948."

This agreement is made subject to the provisions of the contract hereinbefore referred to, dated this 24th day of September, 1948.

PARK DEPARTMENT.

Michael Racioppi has been granted an extension of time until November 1, 1948, for the completion of the contract for reconstructing roof of storage shed at Franklin Park service yard, West Roxbury, Mass.

Michael Racioppi has been granted an extension of time until December 31, 1948, for the completion of the contract for constructing a golf house at Franklin Park, West Roxbury, Mass.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with J. D'Amico for the building of minor sewerage works in various

streets in West Roxbury and Brighton, from June 26, 1948, to July 11, 1948, a period of 15 days.

This extension is requested because a shortage of some materials prevented the prosecution of the work.

Approval has been given for the extension of the time of completion of the contract with John Deveney Company for laying sheet asphalt pavement in Columbus avenue, from Arlington street to Northampton street, from October 15, 1948, to November 30, 1948.

This extension is requested because the contractor was delayed by work being done by the abutters on area-ways, walls, etc., on Columbus avenue, between Arlington street and Clarendon street.

Approval has been given for the extension of the time of completion of the contract with Charles A. Maguire & Associates, from November 1, 1948, to December 31, 1948, for engineer's services, sewage treatment plant for the Boston main drainage system.

This extension is requested for the purpose of making a study and analysis of the results of the exploratory soundings and borings, which was done under separate contract, upon which the design for the sludge outfall line will be based.

Approval has been given for the extension of the time of completion of the contract dated October 8, 1948, with Central Building Wrecking Company for the demolition and removing of buildings located in West Broadway, Dorchester avenue, West Fourth street, Cambridge street, and Howard street, from October 23, 1948, to November 30, 1948.

This extension is requested for the reason that the contractor has been unable to start work because of continued tenancy of the buildings to be demolished.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

John Deveney Company has been directed to omit and substitute the following work under the contract, dated October 16, 1947, for sheet asphalt pavement and sewerage works in Columbus avenue, Wards 4, 5, and 9, from Arlington street to Northampton street.

Items ordered: Omit the furnishing and laying of approximately 1,965 cubic yards of Portland cement concrete base (Item 4a of contract) and substitute the furnishing and laying of approximately 3,300 tons of extra binder. Price to be paid for each ton of asphalt binder course furnished and laid, the sum of seven dollars (\$7).

Estimated cost of substituted work, \$23,100; estimated cost of omitted work, \$19,650; estimated increase in cost, \$3,450.

Anthony D'Alessandro & Co. have been directed to omit and substitute the following work under the contract, dated August 17, 1948, for sewerage works and water works in Worley street, Brook Farm road, and Lyall street, West Roxbury.

Items ordered: Omit the laying of 173 linear feet of 10-inch pipe sewer, including 173 linear feet of 12-inch pipe surface drain (Item 1 of contract) in Brook Farm road, and substitute the laying of 95 feet of 10-inch pipe sewer, including 95 feet of 10-inch pipe surface drain (same item) and the laying of 25 linear feet of 10-inch pipe surface drain in Lyall street.

Omit the building of one jug handle manhole on existing surface drain (Item

39) and substitute the building of two standard manholes on surface drain in Worley street.

Prices to be paid for substituted work: Lay 95 linear feet of 10-inch pipe sewer including 95 feet of 10-inch surface drain, at \$5 per linear foot; lay 25 linear feet 10-inch pipe surface drain at agreed price of \$5 per linear foot; build two standard manholes on surface drain at agreed price of \$200 each in substitution of 173 linear feet of 10-inch pipe sewer, including 173 linear feet of 12-inch pipe surface drain, at \$5 per linear foot, and one jug handle manhole on existing surface drain at \$250.

Estimated cost of contracted work, \$1,115; estimated cost of substituted work, \$1,000; decrease in cost, \$115.

Reason for substitution: To avoid blasting of heavy rock, a relocation of the line was considered advisable.

CONSTRUCTION WORK.

The Mayor has approved the order of the Public Works Department for the following construction work:

A surface drain of 10-inch pipe and four catch-basins in Paragon road, between 500 feet south of Glenhaven road, and 85 feet northerly, in the West Roxbury district, at an estimated cost of \$2,400.

CHANGES IN CONTRACTS.

BOSTON HOUSING AUTHORITY.

M. Skutnik Corporation has been ordered to make changes in the contract for the general construction of veterans' housing at Cottage street, Hyde Park, as follows:

Relocating the return air grilles in the type 100 houses.

An equitable adjustment of the contract price and the contract time is established as follows: the contract price is decreased \$165.60; the contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of the City of Boston are in no way prejudiced by this order.
3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

HOSPITAL DEPARTMENT.

Peabody Construction Company has been instructed to make the following changes in the contract for alterations to kitchen in South Department at the Boston City Hospital:

Deduction: Hardware allowance, \$800; deduction for omission of cabinets in chef's and dietitian's offices, \$135—\$935.

Addition: Hardware furnished and installed in accordance with invoices from Haymarket Hardware Company and the John McDonald Company, \$520.59; installation of new manhole for access to space under kitchen floor, covering cutting of concrete floor and installation of flush steel manhole cover, \$145; reworking medium pressure line from kitchen to where it ties into sterilizers on first floor over new hot water tank room and tying same into medium pressure line in corridor, \$230; contractor's profit, 10 per cent, \$23—\$253—\$918.59.

Total deduction, \$16.41.

Original contract, \$809.85; change order No. 1, addition, \$1,808.15; change

order No. 2, addition, \$288—\$2,096.15—\$89,031.15; this change order No. 3, deduct, \$16.41; total amount of contract, \$89,014.74.

CITY OF BOSTON.

OVERSEERS OF THE PUBLIC WELFARE.

INVITATION FOR PROPOSALS FOR NEW BUILDING
AT 35 HAWKINS STREET, BOSTON, MASS.

The Overseers of the Public Welfare, hereinafter referred to as the Awarding Authority, invite sealed proposals for new building at 35 Hawkins street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Friday, November 19, 1948, Eastern Standard Time, at the office of the Overseers of the Public Welfare, 43 Hawkins street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the architect, the John M. Gray Company, 175 High street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid filed with the Awarding Authority.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Plans and specifications may be obtained at the office of the architect, John M. Gray Company, 175 High street, Boston, Mass. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the architect.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the architect upon request.

All subbidders' proposals must be in the possession of the Overseers of the Public Welfare and delivered or mailed to the general bidder not later than 12 o'clock noon, Eastern Standard Time, Wednesday, November 17, 1948.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the subbidder and a surety company shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 5 per cent of the subbidder's bid price, and shall be submitted with each subbid.

Subbids will be taken of the following portions of the work:

A. Heating and Ventilating. B. Plumbing. C. Electrical.

A performance bond, issued by a surety company satisfactory to the Awarding Authority in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to reject any or all bids of the general bidders, and to waive any informalities in bidding, if it be in the public interest to do so. The Awarding Authority also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

No bid of a general bidder shall be with-

drawn prior to thirty (30) days from the opening of bids by the Awarding Authority, and no bid of a subbidder shall be withdrawn prior to thirty (30) days from the opening of bids without the consent of the Awarding Authority.

OVERSEERS OF THE PUBLIC WELFARE,

LOUIS P. LEONARD,
(Nov. 6-13.) Chairman.

PROPOSALS FOR SEWERAGE WORKS IN MUDDY RIVER IMPROVEMENT FROM A POINT 250 FEET NORTH OF BROOKLINE AVENUE FOR 285 FEET NORTHERLY, ROXBURY, MASS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Muddy River Improvement from a point 250 feet north of Brookline avenue for 285 feet northerly, Roxbury, Mass. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Muddy River Improvement from a Point 250 Feet North of Brookline Avenue for 285 Feet Northerly, Roxbury, Mass.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of FRIDAY, NOVEMBER 19, 1948, with a certified check for FIFTY-SEVEN HUNDRED (5,700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

NATIONAL DEMOCRATIC COMMITTEE CHAIRMAN J. HOWARD McGRATH SENDS MAYOR PERSONAL LETTER OF THANKS FOR PART PLAYED BY HIM IN BRINGING ABOUT PRESIDENT TRUMAN'S AND THE PARTY'S VICTORY—THANKED FOR LOYAL CO-OPERATION AND HARD WORK THAT MADE CAMPAIGN SUCCESS.

The following letter was made public on November 15, by the Mayor's office.

DEMOCRATIC NATIONAL COMMITTEE,
RING BUILDING,
1200 EIGHTEENTH STREET, N. W.,
WASHINGTON, D. C.
November 12, 1948.

HON. JAMES M. CURLEY, 350 Jamaica Way,
Jamaica Plain, Mass.
DEAR MR. CURLEY:

I should like to take this occasion to send you my sincere thanks for your loyal cooperation and hard work in the campaign just completed. The impressive victory resulting from our combined efforts gives all of us a deep and justifiable sense of elation; but the essence of our pride is in the inspired leadership of President Truman and Senator Barkley.

These two "Captains Courageous" have made the Democratic Party the symbol of a crusade—a cause to be fought for against any odds. Their example and the successful campaign they have waged, have given us an opportunity to re-examine our political faith. They have confirmed our deep belief that the Democratic Party embodies the broader defini-

MAYOR APPEALS TO PRESIDENT TRUMAN FOR AID IN ENDING STRIKE OF LONGSHOREMEN.

The following telegram went forward from the Mayor's office on November 15:

Hon. Harry S. Truman, President of the United States, Key West, Florida.

THE LONGSHOREMEN'S STRIKE, IF PERMITTED TO CONTINUE, WILL WORK SERIOUS INJURY TO NOT ONLY THE PEOPLE OF MASSACHUSETTS BUT ALONG BOTH COAST LINES, AND IF SOMETHING MAY BE DONE TO EXPEDITE SETTLEMENT OF THE QUESTION I AM QUITE SURE IT WILL MEET WITH THE GENERAL APPROVAL OF THE ENTIRE AMERICAN PEOPLE.

James M. Curley,
Mayor of Boston.

MAYOR CURLEY SHOCKED AT PROPOSAL OF METROPOLITAN TRANSIT AUTHORITY'S PLAN TO ASK INCREASED FARE CHARGES FROM DEPARTMENT OF PUBLIC UTILITIES IN FACE OF ALL RELIEF GRANTED SYSTEM BY 1947 LEGISLATURE WHEN RELIEVED OF DIVIDEND CHARGES TO PRIVATE STOCKHOLDERS AND ALL PERSONAL PROPERTY TAXES AS WELL AS REAL ESTATE—\$9,000,000 DEFICIT IN NINE MONTHS UNBELIEVABLE—HOPES FOR THOROUGH, COMPLETE, AND INDEPENDENT AUDIT OF BOOKS AND INVESTIGATION OF SUPPOSED NEEDS.

On November 12 Mayor Curley issued the following statement upon learning of the proposal of the Metropolitan Transit Authority to increase fares:

The announcement by the Metropolitan Transit Authority that it is their purpose to make application to the Department of Public Utilities of the Commonwealth for an increase in the rate of fare to be paid upon the Metropolitan Transit Authority Street Railway System comes as a shock to everyone in Greater Boston. The 1947 legislation providing for public ownership of the road relieved the system from the charges for dividends to private stockholders. It relieved the system also from all personal property taxes to the municipalities in which it operates and from all taxes upon the real estate of the system used in its operations.

BOSTON AWARDS \$4,000,000 IN NEW VARIOUS PURPOSE BONDS.

City Treasurer Henry F. Brennan made an award on November 17 of \$4,000,000 in new various purpose bonds by Boston, Mass., which featured an unusually active offering day for municipal bond dealers.

The Boston issue went to a syndicate led by Phelps, Fenn & Co. at 101.595 for a combination of 4's, 1 1-2's, and 2's, a net interest cost of 1.88626 per cent. A group led by Lehman Brothers was runner-up bidder for the issue with an offer naming an interest cost of 1.8976 per cent.

The winning bidders reoffered the bonds at prices to yield from 0.85 per cent to 2.60 per cent, according to maturity. A check with the syndicate managers late yesterday afternoon revealed that more than \$3,000,000 of bonds had been sold. Associated with Phelps, Fenn & Co. in the offering are Goldman, Sachs & Co.; Stranahan, Harris & Co., Inc.; Braun, Bosworth & Co., Inc.; Hornblower & Weeks; Reynolds & Co.; and Merrill Lynch, Pierce, Fenner & Beane.

In the case of the City of Boston alone, this amounted to relieving the system from taxes on approximately \$20,000,000 on real and personal property annually. In view of these substantial measures of relief afforded to the Metropolitan Transit Authority, it is impossible to understand how that Authority can have during the current year incurred a deficit of \$9,000,000.

This deficit is \$4,000,000 greater than the largest deficit previously incurred in the history of the system—that of the first year of public control, 1918-19—notwithstanding the fact that by the taking over of the Boston Elevated System in 1947 the road was relieved of the payment of dividends amounting to the sum of \$1,200,000 per year, together with the substantial tax exemptions I have mentioned.

In view of the sweeping measures of relief provided by legislative enactment in 1947, it is impossible to understand how a deficit of \$9,000,000 should arise in the current year.

In view of the facts as here presented there is no way to justify favorable action by the Department of Public Utilities until such time as there has been a thorough, complete, and independent audit of the books of the Metropolitan Transit Authority and a thorough investigation as to the need, if any, for the proposed increase in fare rates.

To avoid any delay in the solution of this most pressing problem, the Governor should order such an audit at once.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

400 PARKING METERS IN OPERATION IN BACK BAY STREETS BY TRAFFIC COMMISSION.

Traffic Commissioner Leo F. Curley has announced that more than 400 new manually operated parking meters officially have become ready for use in Back Bay streets as of Monday, November 15.

The Back Bay streets on which these meters are located follow:

Bay State road, south side, Beacon street to Granby street.

Bay State road, north side, Charlesgate West to Granby street.

Beacon street, north side, Bay State road to Raleigh street.

Beacon street, both sides, Commonwealth avenue to bridge over Boston and Albany Railroad.

Commonwealth avenue, south roadway, south side, Brookline avenue to Kenmore street.

Deerfield street, both sides, Back street to Commonwealth avenue.

Kenmore street, north side, north roadway, Raleigh street to Deerfield street.

Newbury street, south side, Charlesgate West to Brookline avenue.

Raleigh street, both sides, Back street to Bay State road.

Raleigh street, west side, Bay State road to Beacon street.

Commissioner Curley draws attention to the fact metered parking is permitted only during specified hours because of existing parking rules which prohibit parking on the inbound side of certain streets during morning peak hours and on the outbound side of other streets during the afternoon peak hours of traffic. Affixed to each meter is a sign informing the parker of these hours. In addition to this, Commissioner Curley briefly instructs parkers—

1. Use only nickels. Do not deposit dimes or pennies.

2. Turn handle to extreme right after inserting nickels, because the meters are manually operated.

3. Do not park longer than the legal 2-hour limit.

The 400 new manually operated meters are the first of the 2,000 recently purchased by the Boston Traffic Commission, which in addition to the 3,000 which went into operation in June exhausts the 5,000 total permitted by the Boston City Council earlier in 1948.

CIRCULAR LETTER.

CITY OF BOSTON,

MAYOR'S OFFICE, November 10, 1948.

To the Heads of All Departments.

GENTLEMEN:

A meeting has been arranged of department officials at the Boston City Council Chamber, City Hall, Tuesday, November 16, at 2 p. m.

The purpose of the meeting is to devise ways and means of conducting the business of the city more efficiently and economically and, in addition, to consider ways and means of increasing municipal revenues.

It is imperative that you be present and present your views.

Respectfully,

JAMES M. CURLEY, Mayor.

MAYOR RECEIVES PERSONAL LETTER OF THANKS.

(Continued from page 1165.)

tion of democracy and that it is far more than an economic structure or a mere political organization.

We are now dedicated to the task of raising every citizen above want and insecurity, and to enhance his opportunities for free development in the enrichment of his spirit and well-being.

The democratic example is the one lesson that the United States has to teach the world. Our nation is predestined to accept the vast responsibilities of world leadership, and, under the guidance of President Truman and a Democratic Congress, we cannot possibly falter.

As your chairman, I send you my heartfelt congratulations on a well-earned victory to which you and your devoted co-workers contributed so much. I would be grateful to you if you would convey my thanks to all who worked with you.

With best wishes and personal regards,

Sincerely yours,

J. HOWARD McGRATH.

Chairman.

APPOINTMENTS ANNOUNCED.

The following appointments have been submitted to the City Council for approval by the Mayor:

To be a member of the Board of Trustees of the Statistics Department, for the term ending April 30, 1952: Phillip E. Lieberman, 26 North Anderson street, Boston.

To be a member of the Board of Commissioners of School Buildings for the term ending December 1, 1950, vice Arthur M. Tobin (expired term): Frank Gainsboro, 221 Chestnut Hill avenue, Brighton.

NATIONAL RADIO WEEK PROCLAMATION.

Mayor James M. Curley on November 12 issued the following public statement:

The week of November 14 to 20 has been designated as National Radio Week by the radio stations of America. Together with the radio dealers of America and the Junior Chamber of Commerce, they are sponsoring a nationwide public speaking contest for all high school students on the subject, "I Speak for Democracy," which should be of incalculable value in selling democracy to Americans.

By recognizing this special week and by joining in the sponsoring of a highly patriotic contest for high school students, the radio stations again demonstrate that they are ever conscious of their obligation to faithfully observe, report, and interpret the acts of mankind toward civic and social advancement.

It is sincerely hoped that the public, and especially the high school students, will co-operate in carrying out the purposes of National Radio Week.

CONTRACT AMENDED.

The Spencer Company has been allowed to amend the contract for the installation of a Spencer turbo-compressor in the Central Library Building, by striking out the words "twelve weeks" as they appear in the fourth line of Article II of said contract on page 7 thereof and substituting therefor the words "on or before November 15, 1948."

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, supply houses, and commercial establishments for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, NOVEMBER 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On May 11, 1948, your Honor approved a contract which this department entered into, without advertising, with P. J. Riley & Co., of 295 Highland street, Roxbury, for the installation of new roof drains at the Calf Pasture Pumping Station, Mt. Vernon street, Dorchester, at an estimated cost of \$3,500.

The contractor had difficulty in completing this contract by the date stated therein, namely, July 23, 1948; first, because of unfavorable weather conditions; and, second, on account of the fact that as the work progressed it was found that additional installations were

required, particularly for the protecting from water damage the electrical switchboard in the station. This additional work, which was not anticipated when the contract was prepared, has resulted in an increase of \$600 in the cost.

On account of the situation which has existed, I respectfully request your Honor's permission to extend the date of completion of this contract from July 23, 1948, to November 30, 1948, and I also respectfully request your Honor's approval to amend the contract by increasing the amount to be paid P. J. Riley & Co., from \$3,500 to \$4,100.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, NOVEMBER 5, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Public Works Department, Paving Service, for the following:

Five hydraulic road sanders, length, 92 inches, width, 10 inches, height, 21 inches; spreader discs 21-inch diameter as per specifications.

The various dealers were solicited for prices on the above or any similar equipment and only one company, namely, Builders Equipment and Supplies Company, can furnish us the hydraulic sanders according to the required specifications. They have quoted us a price of \$750 each hydro-spreader furnished and installed.

In my opinion, no advantage will be gained by publicly advertising for bids. It is therefore requested that I be granted authority to award a contract, without public advertisement, to the Builders Equipment and Supplies Company. Total amount of contract will be \$3,750.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

BOSTON HOUSING AUTHORITY.

Bennett-Stewart Company, Inc., has been granted an extension of the contract for the general construction of veterans' houses at River street, Mattapan, as follows:

This extension of time is necessitated due to causes beyond the control of the contractor.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond control and without fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract, now, therefore, subject to conditions hereinafter set forth, an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to November 15, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

CHANGES IN CONTRACTS.

PARK DEPARTMENT.

Michael Racioppi has been ordered to make the following changes to the contract for constructing a golf house at Franklin Park, West Roxbury, signed August 17, 1948:

Item 1. Including all labor and material for installing two waterclosets of an approved pattern and make, with open front seats, less covers, connected through a heavy 4-inch iron drain line to 10 feet beyond the foundation wall, thence to and into a 750-gallon septic tank and 75 lineal feet of 4-inch drainage tile piping beyond the tank. All to be installed in conformity with the Boston plumbing code. For this work and material the sum of \$1,455 will be added to the contract.

Item 2. Including all labor and material in forming the two toilet rooms with 2 by 4 studding 16-inch o. c. as specified, with fireproof blocks between the studs; both sides of partition work to be covered with $\frac{1}{2}$ -inch celotex and tile base, also including two door frames and doors with approved hardware. For this work and material the sum of \$525 will be added to the contract.

Item 3. Including all labor and material for installing one additional lighting outlet and lighting fixture; also, extending the electric supply line and locating the meter and panel board in the office from the pro-shop as shown on the revised plan. For this work and material the sum of \$170 will be added to the contract.

Item 4. For the additional material and labor of installing 6 by 8 hard pine timbers in place of 4 by 6 and 6 by 6 timber, all of which to be as shown and fully described on the revised contract plan. For this work and material the sum of \$155 will be added to the contract.

Item 5. For the additional labor and material in cutting away the ledge rock to form a step on which to lay a deeper and larger concrete footing base for the chimney, made necessary by rock nearer the surface, shown by the revised plan.

For this work and material the sum of \$125 will be added to the contract.

Item 6. For the additional labor and material in cutting away the ledge rock to form level steps on which to lay a deeper and larger footing for each of the "Lally" iron columns, made necessary by rock ridges where columns were located to be set in position, all as shown on the revised plan. For this work and material the sum of \$85 will be added to the contract.

Item 7. Including all labor and material necessary for installing struts and ties to the ridge as detailed and shown on the revised plan. For the extra labor and lumber for this required change the sum of \$250 will be added to the contract.

Item 8. Including all necessary labor and material for substituting 2-inch by 10-inch lumber for 2 by 8 in all the hips and in the ridge and chimney opening frame. For the additional labor and lumber for this required change the sum of \$175 will be added to the contract.

Addition to Contract.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the taking of an easement for sewerage purposes in Third street, so-called, Brighton district, extending northerly from North Beacon street.

Ordered, That this Board deeming it necessary does hereby order that the sewerage works hereinafter described be constructed and does hereby take for said city for its sewerage works the lands, rights, and easements hereinafter described. Said lands are shown on a plan marked "City of Boston, Plan No. 1325, Sewerage Works, Third Street and Buffalo Street, Brighton, October 19, 1948, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department," deposited in the office of the Public Works Department of said city, and said lands, rights, and easements and said works to be constructed are as follows:

The right and easement is taken to lay and maintain sewerage works in the following-described lands, exclusive of any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings, or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Brighton and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Third street, bounded southerly by North Beacon street, fifty and 53-100 feet; westerly by the westerly line of said Third street, five hundred fifty-two and 15-100 feet; northerly by Buffalo street, fifty feet; and easterly by the easterly line of said Third street, five hundred fifty-nine and 45-100 feet; containing twenty-seven thousand seven hundred ninety square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Buffalo street, bounded easterly by land supposed to belong to Boston and Albany Railroad Company, fifty feet; southerly by Third street, fifty feet; westerly by another part of said Buffalo street, fifty feet; and northerly by the northerly line of said Buffalo street, fifty feet; containing twenty-five hundred square feet, more or less.

The sewerage works to be constructed are as follows:

Five hundred eighty linear feet of 10-inch pipe sanitary sewer.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Third street will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore mentioned and on file in the office of this department.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Constable to serve with bond and with authority to serve civil process, for term ending April 30, 1949: Hyman Sandler, 31 Wales street, Dorchester, Mass.

Weigher of Coal, for term ending April 30, 1949: Lillian Stone, 19 Lorne street, Dorchester, Mass. Severally referred to Committee on Confirmations.

VETO OF RESOLVE RE ANNUITY FOR MARY A. EUNSON.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1948.
To the City Council.
Gentlemen:

I return herewith disapproved, and without my signature, a resolution favoring enactment of legislation authorizing the payment of an annuity to Mary A. Eunson, widow of Arthur McK. Eunson, former member of the Police Department.

I am informed that after the death of Arthur McK. Eunson, a petition was filed to pay his widow an annuity under existing law. The Medical Board disapproved the petition because in its opinion Eunson did not die from an injury received in the performance of duty.

Approval of the present resolution would give rise to similar resolutions from each applicant for an annuity whose case was disapproved by the Medical Board. It would seem to me that if there is to be any broadening of the law relating to annuities, it should be attempted by a change in the General Laws of the Commonwealth and not, as in the present instance, by a special act affecting one person. For this reason, I do not approve the resolution.

Respectfully,

JAMES M. CURLEY, Mayor.

COMPUTATION OF INCOME OF VETERANS APPLYING FOR HOUSING.

The following was received:

City of Boston,
Office of the Mayor, November 8, 1948.
To the City Council.
Gentlemen:

Attached hereto is a communication from the Boston Housing Authority relative to City Council order of September 10, 1945, concerning the elimination of considerations of disability pensions awarded to veterans, in computing the annual income of veterans' applications for housing.

Very truly yours,

JAMES M. CURLEY, Mayor.

Boston Housing Authority,
10 Post Office Square, Boston,
November 5, 1948.

Hon. James M. Curley,

Mayor of Boston.

Subject: City Council Order, September 10, 1945, Requesting the Elimination of Considerations of Disability Pensions Awarded to Veterans, in Computing the Annual Income of Veterans' Applications for Housing.

Dear Mr. Mayor:

On September 10, 1945, on the proposal of City Councilor Michael L. Kinsella of Ward 2,

the City Council requested this Authority to exclude disability pensions in determining income eligibility of veterans. On September 21, 1945, the Authority advised the Council, through you, that it could not succeed in having such ruling approved.

No doubt the Council will be pleased to know that now—three years later—such a ruling has been approved by both the Public Housing Administration and the State Housing Board and is being promulgated as procedure for this Authority effective immediately.

A copy of a press release issued this day concerning this matter is enclosed for your information.

Very truly yours,

CORNELIUS P. CRONIN, Chairman.

HOUSING DEVELOPMENTS IN WARD 7.

The following was received:

City of Boston,
Office of the Mayor, November 4, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Boston Housing Authority relative to your order of October 25, 1948, concerning proposed locations for housing developments in Ward 7, South Boston.

Respectfully,

JAMES M. CURLEY, Mayor.

Boston Housing Authority,
10 Post Office Square, Boston,
November 2, 1948.

Hon. James M. Curley,

Mayor of Boston.

Subject: City Council Order of October 25, 1948, Concerning Proposed Locations for Housing Developments in Ward 7, South Boston.

Dear Mr. Mayor:

This will acknowledge receipt of your communication of October 27, 1948, concerning the City Council order referred to above.

As previously reported to the Honorable the City Council, this Authority is of the opinion that no further funds for housing can be allocated to the South Boston district.

This decision is based upon the fact that there are presently two operation developments in that district to be augmented soon by the erection of three additional developments.

Very truly yours,

CORNELIUS P. CRONIN, Chairman.

City of Boston,
Office of the Mayor, November 4, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Boston Housing Authority relative to your order of October 18, 1948, concerning proposed locations for housing developments in Ward 7, South Boston.

Respectfully,

JAMES M. CURLEY, Mayor.

Boston Housing Authority,
10 Post Office Square, Boston,
November 2, 1948.

Hon. James M. Curley,

Mayor of Boston.

Subject: City Council Order Concerning Proposed Sites, Ward 7, South Boston.

Dear Mr. Mayor:

This will acknowledge receipt of your communication of October 21, 1948, in which you enclose the order of the City Council of October 18, 1948, concerning proposed locations for housing developments in Ward 7, South Boston.

The Authority has considered this matter very carefully with relation to the over-all program for the city.

In view of the fact that there are presently situated in South Boston the two operating developments known as Old Harbor Village and the Old Colony Development, and, inasmuch as three new developments will soon be erected in South Boston—one at Broadway and D street, another at Farragut road and another at Columbia road and P street—it is the opinion of the Authority that no further allocation of developments can be made to this section at this time.

Very truly yours,

CORNELIUS P. CRONIN, Chairman.

TWO-FAMILY HOUSE DEVELOPMENT FOR DISABLED VETERANS.

The following was received:

City of Boston,
Office of the Mayor, November 4, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Boston Housing Authority relative to your order of October 25, 1948, concerning two-family house development in Ward 7, with specific construction for disabled veterans.

Respectfully,

JAMES M. CURLEY, Mayor.

Boston Housing Authority,
10 Post Office Square, Boston.
November 2, 1948.

Hon. James M. Curley,
Mayor of Boston.

Subject: City Council Order of October 25, 1948,
Concerning Two-Family House Development
in Ward 7, with Specific Construction for
Disabled Veterans.

Dear Mr. Mayor:

This will acknowledge receipt of your communication of October 27, 1948, concerning the City Council order of October 25, 1948, referred to in the above subject.

A somewhat similar order was passed by the Council on October 18, 1948, concerning developments in South Boston. In the letter answering that order the Authority pointed out that it did not feel that it could allocate further funds to the South Boston area. This was due to the fact that two developments are presently operating in that section and three additional developments are scheduled for early erection.

With reference to the problem of special construction to house disabled veterans using wheel chairs, please be advised that the Authority will give consideration to this matter and make a further report to the Honorable the City Council through your office.

Very truly yours,
CORNELIUS P. CRONIN, Chairman.

REMOVAL OF TREE ON NEPONSET AVENUE.

The following was received:

City of Boston,
Office of the Mayor, October 22, 1948.
To the City Council.

Gentlemen:
I transmit herewith communication from the Park Department, relative to your order of October 5, 1948, concerning the removal of a tree in front of 138 Neponset avenue, Dorchester.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 19, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

In regard to the tree in front of 138 Neponset avenue, Dorchester, we find it is one of those stately elm trees that is about 6 feet in diameter at the base.

This is one of those old landmark trees of Dorchester, probably being there about 100 years. It is a healthy tree and in very good condition.

The only way a tree can be removed that is alive is that it must be considered a public necessity to have it removed; that it must be posted stating that there is a public necessity to remove it; that it be published in the newspapers; and a hearing be held where the public are invited.

It certainly seems, with all the trees we have in the city, some of which are not in good shape, that this tree, 100 years of age, in good healthy condition, it would be a public emergency necessary that would warrant such extreme action.

Very truly yours,
JOHN J. MURPHY, Chairman.

NAMING OF MARINE PARK BANDSTAND.

The following was received:

City of Boston,
Office of the Mayor, November 3, 1948.
To the City Council.

Gentlemen:
I transmit herewith communication from the Park Department, relative to your order of October 18, 1948, concerning the naming of the new bandstand at Marine Park, South Boston, in honor of the late General John H. Dunn.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 1, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

I have your memorandum of October 21 with enclosure, order of the City Council that the Special Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name the new bandstand at Marine Park, South Boston, in honor of the late John H. Dunn, a distinguished veteran of the Spanish-American War and World War I, also a public official of the City of Boston for many years.

The question of naming the playground will be brought before the Board of Park Commissioners for approval at its next meeting, the name to be John H. Dunn Memorial Bandstand.

In the meantime I will obtain bids on the cost of installing a bronze plaque on the bandstand.

Very truly yours,
JOHN J. MURPHY, Chairman.

FLOODLIGHTS AT SOUTH BOSTON STADIUM.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1948.
To the City Council.

Gentlemen:
I transmit herewith communication from the Park Department, relative to your order of October 18, 1948, concerning the advisability of installing floodlights at the South Boston Stadium, so that night football and baseball games and other recreational activities may be furnished the citizens of Boston.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, October 27, 1948.
Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of your memorandum of October 21, with enclosure, order of the City Council that the Park Commission be requested to include in its budget for the coming year a sum sufficient to provide for the installation of floodlights at the South Boston Stadium, so that night football and baseball games and other recreational activities may be furnished the citizens of Boston; also that the Park Commission study the advisability of installing floodlights in other stadia and parks which have a fairly large seating capacity.

It is the usual custom, when floodlights are installed on playgrounds or athletic areas, that the particular playground or area is enclosed with either a fence or a wall. In my opinion this is very important because floodlights out in an open area, open to youngsters at all times, would be subjected to at least some vandalism.

In the new municipal stadium at Franklin Park, which will be enclosed, floodlights will be installed.

The Columbus Park Stadium is the most natural place for night football or baseball games and other athletic contests.

The installation of lights at the Columbus Park Stadium would be costly. The cost of maintaining same would be high, and we would have an additional burden in the way of playground personnel, as the playground would have to be open during the daytime for the younger children and also for the after-dark contests that would take place there. However, I will have an estimate of the cost of the installation of floodlights at this stadium submitted to the Budget Commissioner when the budget is submitted. I will also include the additional cost for the extra men to operate this playground, not only during the daytime but many nights of the year, as per the City Council's request.

Very truly yours,
JOHN J. MURPHY, Chairman.

REPAIR OF HEAD HOUSE PIER.

The following was received:

City of Boston,
Office of the Mayor, October 29, 1948.
To the City Council.

Gentlemen:
I transmit herewith communication from the Park Department, relative to your order of October 25, 1948, concerning the repairing and reconstruction of the Head House Pier in Ward 7.

Respectfully,
JAMES M. CURLEY, Mayor.

TRAFFIC SURVEY, PRINCE STREET.

The following was received:

City of Boston,
Office of the Mayor, October 19, 1948.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commission, relative to your order, dated September 20, 1948, concerning the making of a survey of Prince street, between Hanover street and North square, with a view to determining the best method of eliminating the hazardous condition which now exists there, due to the turning of busses at this particular point.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, October 18, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

In reply to blue memo of September 23, 1948, signed by Lawrence P. Gilligan, chief clerk, requesting consideration and report on attached Council order of Councilor Lanigan, dated September 20, 1948, reading as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to make a survey of Prince street, between Hanover street and North square, with a view to determining the best method of eliminating the hazardous condition which now exists there due to the turning of busses at this particular point."

please be advised that Prince street, between Hanover street and North square, has about a 16-foot roadway and is a two-way street. To make Prince street one way, the natural way would be from Hanover street to North square, which would force traffic into narrow, thickly settled residential streets where many children use the roadway for a playground.

Captain Casey looked this area over with Traffic Engineer Philip T. Desmond and it was their opinion that strict enforcement of the "No Parking" rule in Prince street would permit easy movement for the few vehicles that use this street.

I, therefore, recommend that no change be made.

Respectfully submitted,
LEO F. CURLEY, Commissioner.

Mayor of Boston.

Dear Sir:

This is to acknowledge Council order dated October 18, 1948, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to make a survey of Neponset avenue, just before going over the bridge into Quincy, with a view to installing pedestrian lights at approximately 488 Neponset avenue for the protection of residents of this area who at present must cross this dangerous thoroughfare in order to board M. T. A. busses."

Please be informed that I have requested our engineers to make a survey of same, and upon receipt of their report you will be advised of the action we take.

Respectfully submitted,
LEO F. CURLEY, Commissioner.

TRAFFIC LIGHTS, LAMARTINE AND BOYLSTON STREETS.

The following was received:

City of Boston,
Office of the Mayor, October 19, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commission, relative to your order of October 5, 1948, concerning the installation of lights at the junction of Lamartine street and Boylston street, in Ward 19.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, October 18, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

In reply to Council order dated October 5, 1948, which reads as follows:

"Ordered, That the Traffic Department be requested, through his Honor the Mayor, to install lights at the junction of Lamartine street and Boylston street, in Ward 19."

please be advised that this request will be given every consideration.

Respectfully submitted,
LEO F. CURLEY, Commissioner.

TRAFFIC CONDITIONS, ADAMS STREET AND GALLIVAN BOULEVARD.

The following was received:

City of Boston,
Office of the Mayor, October 19, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commission, relative to your order dated September 20, 1948, concerning the alleviation of present traffic conditions at the junction of Adams street and Gallivan Boulevard, including Minot street, with a view to installing new traffic lights and an island.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, October 18, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

In reply to blue memo of September 23, 1948, signed by Lawrence P. Gilligan, chief clerk, requesting consideration and report on Council order of September 20, 1948, reading as follows:

"Ordered, That the Traffic Commissioner be directed, through his Honor the Mayor, to take steps to immediately alleviate the present traffic conditions at the junction of Adams street and Gallivan Boulevard, including Minot street, with a view to installing new traffic lights and an island," please be advised that at the present time we have traffic signals at the intersection of Adams street, Gallivan Boulevard, and Granite avenue.

The difficulty at this junction is due to two factors: (1) the heavy left-hand turn from Gallivan Boulevard into Adams street; (2) the movement of busses around the existing island.

These two factors render it almost impossible to effectively control this intersection by the use of traffic lights. For this reason it is respectfully suggested that the intersection remain as it is at present.

Respectfully submitted,
LEO F. CURLEY, Commissioner.

USE OF ABANDONED FERRY HOUSE BY WILLIAM JOYCE POST.

The following was received:

City of Boston,
Office of the Mayor, October 26, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Department, relative to your order of October 5, 1948, concerning the turning over of the abandoned ferry house at the foot of Lewis street to the William Joyce Post of the American Legion.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
October 22, 1948.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Subject: Council Order of October 5, 1948, Requesting the Turning Over of the Abandoned Ferry House at the Foot of Lewis Street to the William Joyce Post of the American Legion.

Dear Sir:

In connection with the above-referred-to order, I wish to advise that there is no abandoned ferry house at the foot of Lewis as referred to in the order. The former Fire Station No. 47, which was turned over to this department in June, 1947, by the Fire Department, is now being used as an office and storehouse building by the Ferry Service, and the former portable building which had been used as a ferry office is now being used as a carpenter and rigger shop.

I have been unable to contact the City Clerk and the councilor from that district to inquire as to just which building is referred to. However, I wish to repeat that there are no abandoned buildings on this site at this time.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

SALARIES OF FIRE CAPTAINS AND LIEUTENANTS.

The following was received:

City of Boston,
Office of the Mayor, October 25, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Fire Department relative to your order of August 30, 1948, concerning the advisability of increasing the salaries of Boston Fire Department captains and lieutenants.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, October 8, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:

Reference is made to your communication of October 7, 1948, concerning City Council order passed August 30, 1948, relative to pay increases for lieutenants and captains of the Boston Fire Department.

The subject matter of the City Council order has previously been discussed in detail by me with your Honor and the Budget Commissioner, Mr. Sullivan.

Inasmuch as it appears that there are insufficient funds in Item A-1 of our budget to meet current needs up to the end of the year, it was deemed advisable to take no action until such time as either other funds could be provided, or savings effected in other budget items to offset the present deficit in A-1.

It is with regret, therefore, that I must report to your Honor that I cannot recommend equalization of pay for the lieutenants and captains of the Fire Department with salaries paid to sergeants and lieutenants in the Police Department until I can be assured by the Budget Commissioner that other funds are available.

Respectfully yours,
RUSSELL S. COOMAN, JR.,
Fire Commissioner.

APPROPRIATION FOR BOSTON HOUSING AUTHORITY.

The following was received:

City of Boston,
Office of the Mayor, November 4, 1948.
To the City Council.

Gentlemen:
On October 18, 1948, your Honorable Body passed and I approved an order transferring and appropriating out of the Reserve Fund the sum of \$96,132 as a grant in aid of the Boston Housing Authority. One of the provisions of the order was that the grant should be paid over to the Boston Housing Authority only to the extent or amount necessary to defray such part of the development cost of the proposed South Boston housing project as would not be covered by the financial assistance agreement with the Commonwealth. This provision was expressly included because at that time the precise figures were not known by me. Recently, the formal documents authorizing the project were executed and they disclose that the exact amount to come out of the Reserve Fund is \$84,554.92.

In order that the Reserve Fund may not be encumbered by the larger sum, I recommend that your Honorable Body adopt forthwith the two accompanying orders, one of which will rescind the original transfer and appropriation order and the other of which will transfer and appropriate anew from the Reserve Fund the exact amount of \$84,554.92.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the order passed by the City Council and approved by the Mayor on October 18, 1948, transferring and appropriating out of the Reserve Fund the sum of \$96,132 as a grant in aid of the Boston Housing Authority be, and hereby is, rescinded.

Ordered, That out of the sum heretofore appropriated in the current year as a Reserve Fund the sum of eighty-four thousand five hundred fifty-four and 92/100 dollars (\$84,554.92) be, and hereby is, transferred and appropriated under General Laws (Ter. Ed.) c. 121, s. 26CC (as amended), by virtue of General Laws (Ter. Ed.) c. 121, s. 26NN (as inserted by St. 1948, c. 200, s. 3), as a grant in aid of the Boston Housing Authority to be used by said Authority only for the purpose of defraying such necessary part of the development cost of the state-aided housing project in South Boston known as Boston No. 200-1 as will not be met by loans, contributions, or grants from the Commonwealth or otherwise.

Severally referred to Executive Committee.

APPROPRIATION FOR ZONING ADJUSTMENT BOARD.

The following was received:

City of Boston,
Office of the Mayor, November 8, 1948.
To the City Council.

Gentlemen:
Each year it is customary to appropriate the sum of \$1,500 to carry on the routine work of the Board of Zoning Adjustment of the City of Boston,

constituted under section 20, chapter 488, of the Acts of 1924, commonly known as the Boston Zoning Law. The money is expended for verbatim records of public hearings, blueprints, postage, automobile hire for inspection trips, personal services, including engineering, drafting, secretarial, and clerical work, and miscellaneous expenses.

The Board of Zoning Adjustment, through its chairman, Dana Somes, has requested an appropriation of \$1,500 to cover its operating expenses, and in compliance with this request I submit the attached order providing for this appropriation from the Contingent Fund, and recommend adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Board of Zoning Adjustment,
October 25, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:

The Board of Zoning Adjustment at its meeting held on Wednesday, October 20, 1948, unanimously voted to request of his Honor the Mayor the transfer of the sum of \$1,500 from the Contingent Fund for routine operation of the Board of Zoning Adjustment for the ensuing year.

This money is expended for verbatim records of public hearings, blueprints, supplies, and personal services, including engineering, drafting, secretarial, and clerical work. There is a balance as of October, 1948, of \$9.02.

It is the Board's opinion that the sum requested, namely, \$1,500, will be reasonably adequate to carry on its work for the ensuing year.

Respectfully yours,
DANA SOMES, Chairman.

Ordered, That the sum of fifteen hundred dollars (\$1,500) be, and hereby is, appropriated, to be expended under the direction of the Board of Zoning Adjustment, for the operating expenses of this Board, said sum to be charged to the Contingent Fund.

Referred to the Executive Committee.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, November 8, 1948.
To the City Council.

Gentlemen:
I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$38,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1948 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$170,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$38,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 2, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$38,000 which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on January 1, 1887, Maintenance and Improvement of..... \$38,000

When making up the budget estimates for the year 1948, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1948, to be transferred as it accrued from time to time during the year to the regular maintenance appropriations of the Park Department.

Respectfully yours,
JOHN J. MURPHY, Chairman.

Ordered, That the sum of \$38,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance

and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:
Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of..... \$38,000

Referred to the Committee on Parkman Fund.

Referred to the Executive Committee.

ACCUMULATION OF SICK LEAVE ALLOWANCES.

The following was received:

City of Boston,
Office of the Mayor, November 8, 1948.
To the City Council.
Gentlemen:

My attention has been directed to the fact that in accepting chapter 156 of the Acts of 1945 on June 11, 1945, your Honorable Body took no action on the provision that "sick leave allowances not used in any particular year may be accumulated for such number of years as may be determined by the City Council . . . for use in any subsequent year."

The accumulation of sick leave allowances for use in any subsequent year permits employees to establish a reserve against which extended absence

because of serious illness may be charged. It is analogous to laying aside a reserve of cash to provide "for a rainy day." In my opinion, it is a desirable feature of a personnel program.

Under the provisions of chapter 146 of the Acts of 1947, members of the Police Department may accumulate sick leave up to ninety days. In the interest of uniformity, therefore, I submit herewith an order extending the same privilege to employees covered by section 111B of chapter 41 of the General Laws. I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That six be, and hereby is, fixed and determined under section 111B of chapter 41 of the General Laws, as inserted by chapter 156 of the Acts of 1945 and amended by chapter 187 of the Acts of 1946, as the number of years for which sick leave allowances under said section not used in any particular year may be accumulated for use in a subsequent year.

Referred to the Executive Committee.

APPROPRIATION FOR POLICE DEPARTMENT MOTORCYCLES.

The following was received:

City of Boston,
Office of the Mayor, October 28, 1948.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Police Commissioner in which he requests an appropriation of six thousand five hundred forty dollars and ninety cents (\$6,540.90) to permit the purchase of six motorcycles to be used by the Police Department in connection with the supervision of parking meters. Under the provisions of section 1 of chapter 442 of the Acts of 1947, revenue received from parking meter fees may be used to meet necessary expenses incurred for the regulation of parking and other traffic activities incident thereto. Since proper supervision of the use of parking meters will assure a full return to the city of established parking meter fees, I submit herewith an order providing for the appropriation of the amount requested by the Police Commissioner and respectfully recommend its adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Police Department, October 21, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:

In order to make possible the proper supervision of parking meters, it will be necessary for this department to have six (6) motorcycles with sidecars.

After public advertisement, on June 9, 1948, we received bids on Harley Davidson motorcycles, the lowest bidder being the Cycle-Craft, Inc., 910 Commonwealth avenue, Boston, Mass., amounting to \$6,540.90. While the price has increased, the bidding concern has agreed to furnish these motorcycles for the above amount.

There are no funds available in this department and it is my understanding that this is a proper charge against the income received from the parking meters. Therefore, I respectfully request that an appropriation of \$6,540.90 be made available for this purpose.

Very truly yours,
THOMAS F. SULLIVAN,
Police Commissioner.

Ordered, That the sum of six thousand five hundred forty dollars and ninety cents (\$6,540.90) be, and the same hereby is, appropriated from the revenue received from parking meter fees, to be expended by the Police Commissioner, for the purchase of motorcycles to be used in the supervision of the use of parking meters.

Referred to the Executive Committee.

TRANSFER OF LAND TO PARK DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, November 9, 1948.
To the City Council.
Gentlemen:

I submit herewith an order for the transfer of nineteen lots of land located on Lake Shore road, Brighton, from the Real Estate Commissioners to the Park Department.

In view of the fact that the Park Department has control of other lands in this vicinity, I believe it good policy to transfer the land in question to this department in order that appropriate use may be made of this land for the benefit of the immediate community.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 4, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

I am submitting herewith copies of an order to the City Council to have transfer of certain parcels of land on Lake Shore road, Brighton, from the Real Estate Commissioners of the City of Boston to the Park Department.

This department controls a large part of the property in the Chandler Pond district in the Lake Shore road area, and the Board of Park Commissioners believes it would be advisable to control all the area in the Chandler Pond district. By the acquisition of these lots we will then control all the area in the park and in the vicinity of the park.

Accordingly, it is respectfully requested that you arrange for the transfer of the parcels mentioned in the attached order from the Care, Custody, Control, and Management of the Chairman, Board of Real Estate Commissioners, to the Care, Custody, Control, and Management of the Park Department, for park purposes.

Respectfully yours,
JOHN J. MURPHY, Chairman.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REMOVING ASHES, CINDERS, CLINKERS, AND REFUSE FROM THE FERRY-BOATS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing ashes, cinders, clinkers, and refuse from the ferryboats. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removing Ashes, Cinders, Clinkers, and Refuse from the Ferryboats," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of TUESDAY, DECEMBER 7, 1948, with a certified check for TWO HUNDRED (200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

INVITATION FOR BIDS.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

P STREET AND COLUMBIA ROAD.

The City of Boston, acting by and through the Boston Housing Authority, pursuant to the provisions of chapter 372 of the Acts of 1946, as amended, will receive sealed bids for the construction of a veterans' housing development located in the South Boston district, City of Boston, Mass., until one (1) o'clock p. m., Eastern Standard Time, December 8, 1948, at the office of the Boston Housing Authority, 10 Post Office square, Boston 6, Mass., at which time and place all bids will be publicly opened and read aloud. A duplicate copy of the proposal, without bid security, shall be left with the City Auditor previous to the time named for opening of bids.

The successful bidder will be required to furnish a performance and payment bond, as set forth in the specifications.

Attention is called to the fact that not less than the minimum wage rates as set forth in a schedule contained in the specifications must be paid on this project. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment.

Contract documents, including drawings and specifications, are on file at the office of the Boston Housing Authority, 10 Post Office square, Boston 6, Mass. Copies of the documents may be obtained by depositing \$50, in the form of a certified check, with the Boston Housing Authority, for each set of documents so obtained. The amount of the deposit will be refunded to each person who returns all the documents in good condition within ten (10) days after opening of bids.

Subbids will be taken on the following portions of the work until twelve (12) o'clock noon, Monday, December 6, 1948:

1. Heating.
2. Lathing and Plastering.
3. Roofing and Sheet Metal.
4. Plumbing.
5. Electrical.
6. Painting.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest so to do. The City of Boston also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

Cash, certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company, shall be submitted with each bid as follows:

1. By general bidders, in the amount of five (5) per cent of the proposed contract sum.
2. By subbidders listed under Item 2 of the general contractor's bid form in not less than 5 per cent of the subbidder's bid price.

No bid of a general or subbidder shall be withdrawn prior to thirty (30) days from the approval thereof by the State Housing Board without the consent of the City of Boston.

BOSTON HOUSING AUTHORITY,
by CORNELIUS P. CRONIN,
Chairman.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LIGHTING, EXTINGUISHING, SERVICING, AND MAINTAINING GAS LAMPS AND CLOCKS AND FOR FURNISHING AND INSTALLING GLOBES, DOMES, MANTLES, AND VENTILATORS ON GAS LAMPS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for lighting, extinguishing, servicing, and maintaining gas lamps and clocks and for furnishing and installing globes, domes, mantles, and ventilators on gas lamps. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Lighting, Extinguishing, Servicing, and Maintaining Gas Lamps and Clocks and for Furnishing and Installing Globes, Domes, Mantles, and Ventilators on Gas Lamps," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of MONDAY, DECEMBER 6, 1948, with a certified check for EIGHTY-SEVEN HUNDRED (8,700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(Nov. 20.) Commissioner of Public Works.

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR AUTOMOBILES.

The Police Department of the City of Boston invites proposals for furnishing and delivering automobiles. The bidder must use the form of proposal to be obtained at the office of the Property Clerk of the Boston Police Department, Room 105, 154 Berkeley street, Boston, and deposit with his bid, at the office of the Police Commissioner, a properly certified check in the amount of \$500, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Monday, November 29, 1948, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

THOMAS F. SULLIVAN,

(Nov. 20-27.) Police Commissioner.

PROPOSALS FOR REMOVING SNOW.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for removing snow in the following Snow Areas: Nos. 1, 2, 3, 4, 5, 6, 7, 8, and 9, and giving bond therefor of a surety company approved by the Commissioner in the sum of FIVE THOUSAND (5,000) DOLLARS for each area, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Removing Snow," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on FRIDAY, NOVEMBER 26, 1948, with a certified check for TWO HUNDRED (200) DOLLARS for each area, or EIGHTEEN HUNDRED (1,800) DOLLARS for all the areas, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a minimum charge of two dollars (\$2) for each set of specifications taken out.* The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract. The undersigned reserves the right to reject any or all proposals, or to award the contract as he deems best.

MAYOR CURLEY DENIES ALLEGATION OF UN-AMERICAN TEACHINGS IN PUBLIC SCHOOLS OF CITY—MAKES REPLY TO REQUEST FOR APPOINTMENT OF INVESTIGATING COMMITTEE.

In reply to a letter from R. B. Scribner, President of the National Council for American Education, Mayor Curley has denied there is any "Red" teaching or Communist instructions in the schools of the City of Boston. The head of the American Council had asked that his Honor appoint a commission to investigate whether there were any

(Continued on page 1192.)

MAYOR CURLEY EXPRESSES GOOD WILL TOWARD ALL FELLOW CITIZENS AS HE OBSERVES SEVENTY-FOURTH BIRTHDAY—THOUGH CONFINED TO HOME BY ILLNESS HIS THOUGHTS ARE DIRECTED TO BENEFITING NEIGHBORS AND FRIENDS, OF WHOM HE HAS HOSTS—EXPOUNDS PHILOSOPHY BY WHICH HE HAS BEEN GUIDED ALL DURING HIS FIFTY YEARS OF PUBLIC AS WELL AS PRIVATE LIFE—WANTS TO BE ABLE TO HELP POOR AND NEEDY.

In course of observation of his seventy-fourth birthday, though held to his Jamaicaaway home by illness, Mayor James M. Curley issued the following statement as to the guiding philosophy of his life:

Today is my seventy-fourth birthday. God has been good to me. I wish to share the kindly spirit He has bestowed upon me—together with health and happiness—with all of the men, women, and children of my native City of Boston and with my friends everywhere.

Fifty years have passed since I first entered public life. I did not at first succeed, but I kept on plugging. Perseverance, purpose, progress—these have been my chief aims in life, which, together, culminate in the performance of real public service, dedicated to the betterment of all our people. In some measure, I believe, I have reached the threshold of my goal in life.

There is much yet to do for our beloved city and its people. I am going to try my utmost to help. Housing, traffic, safety, health, and family security require constant attention. I am striving to cope successfully with these problems.

During my public career I have served for ten years in either the Common Council, Board of Aldermen, or City Council, as now known. For two years I was in the Massachusetts House of Representatives. I served in the United States Congress for eight years. I was Governor of the Commonwealth for two years. I am about to enter my sixteenth year as Mayor of Boston, the post I love best because of the opportunities it affords to be of real service to all the people—especially the underprivileged, such as you and me.

Life of Service.

Life is a wonderful thing. To make it better, easier, and happier, we all have a sacred duty. I am earnestly endeavoring to travel that upward path, not alone, for a multitude of grand people are with me and helping me.

Oliver Wendell Holmes once wrote: "Life is the state of an organized being in which it maintains, or is capable of maintaining, its structural integrity by the constant interchange of elements with the surrounding media."

It is well to ponder these words. They mean a "Good Neighbor" policy, not only with brother and sister nations, but with all our people here at home. They mean unstinting and generous service, sacrifice perhaps, for the benefit of public welfare and mankind. They mean our hopes and prayers for universal integrity, understanding, appreciation, and amicable relations. They mean, as the Scriptures so succinctly phrased the thought: "Peace on earth, good will to men."

Such are the birthday musings of my mind. I hold malice toward none. I love my fellowmen and all their loved ones. I am proud to serve them. I wish to share with them the joy and happiness that comes to me today, my seventy-fourth birthday. God bless you all.

I have received about one hundred requests for Thanksgiving dinners. Due to an illness which has confined me at home, on doctor's orders, I have been unable to check with the different agencies to aid these cases. I will, however, take care of these requests myself.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

NATHAN HASKELL DOLE.

CITY AUDITOR CHARLES J. FOX ISSUES NOTICE TO ALL HEADS OF DEPARTMENTS RELATIVE TO PROCEDURE FOR WINDING UP BUSINESS FOR 1948 AND THE CLOSING OF ACCOUNTS.

City Auditor Charles J. Fox has issued the following instructions to heads of departments relative to closing 1948 business accounts:

DECEMBER 17 CLOSING.

Arrangements have been made with the heads of the Supply and Printing Departments to close the processing of all departmental requisitions as 1948 business on December 17, 1948. Printing and purchase orders, except those involving foodstuffs, issued after this date, will be considered as applicable to the new year and charged against 1949 appropriations. The same policy will be followed in connection with service orders. All orders of this type received in the Auditing Department on or before December 17 will be processed as 1948 charges, whereas all service orders received after this date will be charged to 1949.

With December 17 as the deadline for establishing 1948 obligations, it is imperative that department officials proceed at once to anticipate departmental requirements for the balance of 1948 and issue service orders for all anticipated repairs or work properly chargeable to 1948 on or before December 17, and send requisitions to the Printing and Supply Departments not later than December 10 in order to allow the securing of quotations and preparation of orders prior to December 17.

PAYMENT OF 1948 OBLIGATIONS.

Department bill clerks should start immediately to assemble all outstanding 1948 bills, and prepare them for submission to the Auditor's office on or before January 7, 1949. Do not accumulate bills and hold them until the last minute. A steady flow of bills to the Auditing Department will be of material help in effecting an early closing of 1948 accounts. Beginning December 20, department bill clerks should begin an intensive study of all "unliquidated" orders in their files. If the materials or services represented by these orders have been furnished and no bill has been received, immediate contact should be made with the vendor who should be impressed with the fact that unless a bill is received before December 31, payment will be necessarily delayed. In the event goods or services have not been received, the vendor involved should be contacted to ascertain the possibility of delivery or performance before the end of the year. If an affirmative response is received from the vendor, he should be instructed to submit his bill promptly after satisfaction of the order. In the event delivery or performance is uncertain, the 1948 order should be canceled and steps taken to have a superseding order chargeable to 1949 issued.

RESERVE FOR 1948 UNLIQUIDATED OBLIGATIONS.

As in previous years, a special reserve account will be established in closing the accounts for 1948 to provide for all bill and payroll commitments of that year which, because of unusual circumstances, could not be processed in time for actual payment before the date set for the closing of 1948 accounts. Departmental

accounts of this character will be established on receipt of a written request from the department head to provide for charges of the character previously mentioned. This letter should contain a statement of the facts applying to each item and order numbers should be given wherever possible. In general, the following requirements must be satisfied in order to include a charge in the Unliquidated Reserve Account:

1. It should cover an obligation definitely incurred in 1948.

2. It should be represented by a recurring charge or a service, printing, or purchase order issued during 1948 and properly encumbered on the records of the Auditing Department.

3. The service or purchase associated with the balance should be materially completed on or before December 31, 1948.

4. The invoice involved in the transaction is either not in hand or was received too late to be processed for transmittal to the Auditing Department on or before January 7, 1949.

PAYROLL RATE CARDS.

Payroll rate cards have been prepared to comply with the provisions of chapter 657 of the Acts of 1948. These cards may be secured from the Printing Department.

END OF THE YEAR PAYROLLS.

The calendar year 1948 ends on a Friday. Because of this fact, the totals appearing on payrolls for the week ending January 4, 1949, will be divided as follows:

TYPE OF PAYROLL.	Dec. 31, 1948.	Jan. 1, 1949.
	Draft.	Draft.
1. Annual salaried employees paid weekly,	43%	57%
2. Employees paid on a per diem or weekly basis.....	60%	40%

Separate requisitions covering this division must be submitted with each payroll.

In order to simplify the preparation of rolls involving annual salaried employees paid weekly, the amount to be paid such employees for the payroll week ending January 4, 1949, will be the weekly rate listed on the new rate table. Skeleton rolls to be used in the preparation of the preliminary payroll for the first payroll week ending in 1949 will be available for distribution on or before December 28, 1948.

INCOME TAX REPORTS.

W-2 Forms to be used in reporting 1948 employees' earnings and tax deductions will be available on or about December 15. A separate bulletin concerning the preparation of these forms will be issued at a later date. Window envelopes for use in mailing these forms to employees who have left the service or who are not readily available for distribution at a central location may be secured from the Printing Department.

NEW TRAVEL FORMS.

A new form has been designed for use in connection with the reporting of travel expenses. Blocks of these forms may be secured from the Printing Department.

TRANSACTIONS IN EXCESS OF \$1,000.

The attention of department officials is directed to the following requirements relating to purchases or work where the total involved exceeds \$1,000:

1. Section 30 of the city charter requires in all such commitments that department heads "shall invite proposals therefor by advertisement in the *City Record*" unless the Mayor gives written authority to do otherwise.

2. This same section of the charter requires that all requests to dispense with advertising submitted to the Mayor shall give in detail the reasons for making such requests.

3. Chapter 418 of the Acts of 1890 requires that a written contract must be executed for all purchases or work involving \$2,000 or more. This instrument, to be a valid contract, should set forth clearly and comprehensively the terms and specifications covering the particular purchase or work. Oral understandings between department officials and vendors or contractors should be avoided. The written contract should embrace all details covering the purchase or work.

4. On purchases or work where the expenditure ranges between \$1,000 and \$2,000 written contracts are not legally required. If, in such cases, the Mayor's authority to dispense with advertising is requested, the letter of request should not ask the Mayor to "approve the award of a contract." In such instances the terms "issue a purchase order" or "issue a service order" should be used.

CHARLES J. FOX,
City Auditor and Auditor of
the County of Suffolk.

ADDITIONS TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

John T. Bradley has been ordered to make the following additions to the contract for painting stage in auditorium, South Boston High School, same not being called for in contract: 90 hours of labor at \$2.70 an hour, \$243; 10 gallons of wall paint at \$3.50 a gallon, \$35; 5 gallons dado paint at \$3.70 a gallon, \$18.50; unemployment compensation and social security (4 per cent of \$180), \$7.20.

For the above work there will be added to the contract the sum of \$303.70, making the account as follows: contract price \$10,187; total additions, \$303.70; amount of contract, \$10,490.70.

BUILDINGS RAZED.

The Mayor has approved the following requests of the Building Commissioner:

To enter the building or other structure, or the abutting land or buildings, at 72 Kendall street, Ward 9, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 26-30 Lime street, Ward 5, with such assistance as required, and vacate forthwith suites 13, 14, 15, 16, 21, and 24 because of insufficient egress.

It was my privilege and pleasure to represent Mr. Henry J. Smith, Business Manager, at this convention. I attended all divisional meetings and round-table discussions. My particular interest was centered in the topics "Purchasing Methods in Larger Cities" and "Accounting Methods and Financing in School Administration."

The papers presented were well done, and the discussions they evoked were lively, interesting, and instructive.

I was given an opportunity to discuss at some length the progress we have made in adapting the budget, accounting, and financial operations of the Business Manager's office to the recommendations of the Strayer Report with Dr. Harold E. Akerley, Chairman, Research Committee, A.S.B.O.; Mr. Emery M. Foster, Head, Reports and Analysis Section, United States Office of Education; and Mr. Lester B. Herlihy, Associate Specialist in Educational Statistics, Federal Security Agency. As a result of this meeting it was possible to iron out certain difficulties in budgetary procedure with which we have been confronted. The three officials named above indicated satisfaction with the progress made up to date.

On Thursday morning, October 14, 1948, in general session, the President, M. C. Harvey R. Fuller, Toronto, Canada, announced that Boston, Massachusetts, has been selected as the city in which the Thirty-fifth Convention of the Association of School Business Officials would be held.

There is made a part of this report a paper entitled "Budget Appropriation for Payment of Accidents Occurring in Athletic Activities in Boston, Henry J.

Smith, Business Manager, School Department, Boston, Massachusetts."

It was a privilege to read this paper at the divisional meeting, Wednesday afternoon, October 13, 1948.

The paper evoked considerable interest and discussion. Mimeographed copies of the paper and the "Application Form for Payment of Athletic Injury Expenses" which is used in Boston were distributed at the close of the session.

Respectfully submitted,

LEO T. FOSTER.

**MAYOR DENIES ALLEGATION OF
UN-AMERICAN TEACHINGS.**

(Continued from page 1189.)

Un-American teachings in the schools or not. The Mayor's reply reads as follows:

BOSTON, November 9, 1948.

MR. R. B. SCRIBNER, *President*, National Council for American Education, 420 Lexington Avenue, New York 17, N. Y.

DEAR MR. SCRIBNER:

I wish to acknowledge receipt of your letter, enclosing a brochure, "How Red Are the Schools?", and asking that a representative commission be appointed in Boston to ascertain whether there are any un-American teachings and communistic activities in the public schools.

As Mayor of Boston I am very happy to say that there has never been any subversive doctrines, "fifth columns," Communists, or Fascists in our public schools.

I have always been an outspoken foe of Communism, as you can see from a copy of my Independence Day Oration of this year, delivered in Faneuil Hall, the Cradle of Liberty, which I am sending to you under separate cover.

The members of our School Committee, our school authorities, and our teachers, are likewise foes of Communism or any other subversive element by whatever name called. We are proud of our Americanism and will never tolerate any movement which is or may become inimical to our beloved country or the best interests of our people.

I therefore believe it would not be in the public interest of Boston to create a commission to investigate a condition that does not exist in our historic city.

Sincerely yours,

JAMES M. CURLEY, *Mayor*.

POLICE DEPARTMENT ORDERS.

General Order No. 1,130.

The Commissioners of Civil Service having voted to reverse the action of the Police Commissioner in demoting Francis X. Quinn from the grade of sergeant to that of patrolman, and, having ordered that he be returned to his position as sergeant without loss of compensation, it is hereby

Ordered, That the said Francis X. Quinn be restored to duty as a sergeant, effective as of Thursday, August 12, 1948, at 5:45 o'clock p. m., and assigned to Division 13.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

Commissioner Curley draws attention to the fact that metered parking is permitted only during the hours indicated, on Atlantic avenue, Dorchester avenue, and Kingston street because of existing parking rules which prohibit parking on the inbound side of certain streets during morning peak hours and on the outbound side of other streets during the afternoon peak hours of traffic. Affixed to each meter is a sign informing the parker of these hours.

Again Commissioner Curley urges parkers to:

1. Use only nickels. Do not deposit dimes or pennies.
2. Turn handle to extreme right after inserting nickels because the meters are manually operated.
3. Park not longer than the legal two-hour limit.

The installation of these 1,500 new manual meters brings the total parking meters in operation in the city to 5,000. This total was permitted by the Boston City Council earlier in 1948.

Commissioner Curley further explained that parking meters in no way have altered the previously existing parking rules in Boston which can be summarized as follows:

Where parking is allowed, it is allowed for a period of two (2) consecutive hours, except on Sundays and legal holidays on which days between 7 a. m. and 1 a. m. unlimited parking is allowed as it is on all other days between 6 p. m. and 1 a. m.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, supply houses, and commercial establishments for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

SUFFOLK COUNTY COURT HOUSE.

BOSTON, November 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY:

Because of the satisfactory service rendered over a period of years by the W. C. Holmes Cleaning Company of Boston, in supplying window cleaning service to the Suffolk County Court House, the Court House Commission believes that it would be for the best interest of the City of Boston and Suffolk County to continue this service with the W. C. Holmes Cleaning Company, and requests your authority for awarding the contract, without advertising, to the W. C. Holmes Cleaning Company for the calendar year of 1949, on the basis of cleaning about 1,700 windows and transoms four times per year for the sum of \$2,600.

The aforesaid company carries the required Public Liability and Workmen's Compensation with the Employers Liability Assurance Company, Limited, of Boston.

The W. C. Holmes Cleaning Company has the necessary equipment and the know-how to perform this service, with the least possible disturbance to daily functions at the court house.

Respectfully yours,

COURT HOUSE COMMISSION,
by ARNO I. DREW,
Chairman.

BOSTON, November 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY:

Your approval is hereby requested for the award of a contract, without advertising, to the Otis Elevator Company for

the complete maintenance and servicing of the ten signal control passenger elevators in the Suffolk County Court House in service continuously during court house hours, for the year beginning January 1, 1949, and also including the required annual drop test, and the replacement of all parts; and in addition to include monthly supervisory inspection of three intermittently operated passenger elevators at the court house and of two electric book lifts, including also the annual drop test for these, at a monthly charge of \$918 or \$11,016 per year.

All of the ten continuously operated signal control passenger elevators, the three other elevators used intermittently for passengers, and the two electric book lifts, were manufactured and installed by the Otis Elevator Company, and the Court House Commission believes that nothing will be obtained by advertising for the foregoing service, particularly with existing and increasing difficulties in procuring mechanical parts for repair and replacement to complicated mechanism unless in stock by the manufacturer of the particular machines.

A similar contract for maintaining and servicing with the Otis Elevator Company has been in satisfactory operation at the court house for the calendar year 1948.

Respectfully yours,

COURT HOUSE COMMISSION,
by ARNO I. DREW,
Chairman.

BOSTON, November 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY:

Because of the satisfactory service rendered over a period of years by the Federal National Linen Service Company, Inc., of Boston, in supplying towel service to the Suffolk County Court House, the Court House Commission believes that it would be for the best interest of the City of Boston and the County of Suffolk to continue this service with the Federal National Linen Service Company, Inc., for the fiscal year of 1949, and requests your authority for awarding a contract, without advertising, to the Federal National Linen Service Company, Inc., for the calendar year of 1949, on the basis of supplying one thousand towels weekly at a monthly charge of \$150 or a total of \$1,800 per year.

The deliveries and collections of towels at the Suffolk County Court House have been made without bickering with employees as to replacements. The Federal National Linen Service Company, Inc., owns the towels, bears the losses and replacements, and guarantees the suitability of the towels furnished, and undertakes to save the owner from any claims arising through the performance of the service.

Respectfully yours,

COURT HOUSE COMMISSION,
by ARNO I. DREW,
Chairman.

EXTENSION OF CONTRACTS.

BOSTON HOUSING AUTHORITY.

Jefferson Construction Company has been granted an extension of the contract for the general construction of veterans' houses at River street, Mattapan, as follows:

This extension of contract time is necessitated due to unforeseen delays caused by subcontractors.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond control and without fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth, an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to December 1, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

Construction Units, Inc., has been granted an extension of the contract for the general construction of veterans' housing at Sawyer avenue, Dorchester, and Tileston street, Mattapan, as follows:

This extension of contract time is necessitated due to causes beyond control.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond control and without fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth, an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to November 15, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

Matthew Cummings Company has been granted an extension of the contract for the general construction of veterans' housing at Hawthorne street, Readville, as follows:

This extension of time is necessitated due to causes beyond control.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond control and without fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to November 15, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

Allied Engineering Corporation has been granted an extension of the contract for the general construction of veterans' housing at Baker street, West Roxbury, as follows:

This extension of time is necessitated due to causes beyond control.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond control and without fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to October 31, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of this Authority are in no way prejudiced by this order.
3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

DEPARTMENT OF SCHOOL BUILDINGS.

J. W. McCusker Company has been granted an extension of the time of completion of the contract for plumbing work at the Aaron Davis School, from November 3, 1948, to December 31, 1948. Contract approved July 16, 1948.

This extension is requested because of difficulty in securing special materials.

PENAL INSTITUTIONS DEPARTMENT.

The Commercial Refrigeration Company has been granted an extension of time for the completion of the contract for the installation of two (2) complete new A. C. refrigerating units for the walk-in refrigerators in the commissary, House of Correction, Deer Island, from September 30, 1948, to November 10, 1948.

PUBLIC WORKS DEPARTMENT.

John Williams Construction Company has been granted an extension of the time of completion of the contract for the building of sewerage works in Colwell avenue, Undine road, private land, and Rena street, Brighton, from August 20, 1948, to September 4, 1948, a period of 15 days.

This extension is requested because highway construction delayed the prosecution of the work.

National Contractors Company, Inc., has been granted an extension of the time of completion of the contract for surface treatment of existing bituminous macadam pavements in the Dorchester, Hyde Park, and Brighton districts, from October 30, 1948, to November 15, 1948. This extension is requested for the reason that the contractor was delayed by inclement weather.

Gustavo Preston Company has been granted an extension of the time of completion of the contract for furnishing and installing a new high pressure air compressor at the Charlestown Bridge, to November 30, 1948. This extension is requested for the reason that while

the new compressor is in place and working, a factory adjustment has to be made on a new pressure gauge, which necessitates the extension requested.

BUDGET AMENDMENTS.

The Mayor has approved the following requests:

DEPARTMENT OF VETERANS' SERVICES.

BOSTON, November 4, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

SIR:

It is respectfully requested that the 1948 budget of the Department of Veterans' Services be amended to provide abolishing the position of one (1) clerk and assistant paymaster at \$2,600 a year and creating a new position of clerk-telephone operator at an annual salary rate of \$1,700-\$2,500 a year.

The establishment of this new position will result in a financial saving in the expenditures of the department. It will also relieve a situation which at the present time takes members of the clerical force away from their normal work on occasions of absence or relief time.

Very truly yours,

DAVID J. BRICKLEY, *Director.*

FIRE DEPARTMENT.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR:

Subject to your Honor's approval, the 1948 Fire Department budget, under A-1, Permanent Employees, will be amended to read as follows:

Maintenance Division: 3 auto mechanic-battery and ignition men at \$53.50 a week shall be changed to read: 2 auto mechanic-battery and ignition

men at \$53.50 a week; 1 head ignition man at \$2,900-\$3,100 a year.

The foregoing change is requested in order that Auto Mechanic-Battery and Ignition Man George F. Dietel can be promoted to the grade of head ignition man inasmuch as he supervises all ignition work performed on automobiles and motor fire apparatus of this department. His promotion has been approved by the Department of Civil Service.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 27, 1948.

JOHN M. SULLIVAN,
Budget Commissioner.

DEAR SIR:

Authority is hereby requested to amend the budget of the Sanitary Division as follows:

Inspectors from 73 to 76 at \$2,600-\$2,900 a year.

Decrease machine-operator-chauffeur-laborers from 36 to 33 at \$50.50-\$47.50-\$44.50 a week.

This change in quotas is necessary at this time on account of the forty-hour week and the increased amount of supervision required over the contract and day-labor forces.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

**CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)**

FIRE DEPARTMENT ORDERS.

General Order No. 57.

I. ELECTION OF OFFICERS—CHARITABLE ASSOCIATION.

The attention of the members of the department is called to Article 5 of the Constitution and By-Laws of the Charitable Association of the Boston Fire Department concerning nomination of Trustees of this organization.

The Board of Chiefs and each District of the Fire Fighting Force of the Boston Fire Department, including District No. 16 (so called) and the Boston Protective Department, shall submit the name of any candidate, or candidates, for the office of trustee of the Association to the secretary on or before the first Monday in December each year.

Attention of members is called to the fact that it does not mean a man from each house unless a member decides to be a candidate. Nominations should be sent to the Secretary, Thomas F. McGowan of Ladder Company 23.

From the list of nominations received, there shall be elected on the third Monday in December, one trustee to represent the Board of Chiefs, two trustees in each district to represent the Fire Fighting force, and one trustee to represent the Boston Protective Department.

II. DUMPING PERMITS.

All permits issued by the Health Commissioner of the City of Boston for the dumping of ashes and house refuse on vacant lands expire on December 31, 1948.

District Chiefs shall report on Form 5, on or before December 3, 1948, whether or not they have any objection to the removal of such dumping permits in their respective districts.

III. BOSTON AUTOMATIC ASSIGNMENT CARDS.

New cards, pages 1 and 23, dated October 28, 1948, for the Boston Automatic Fire Alarm Company Assignment Book are being issued to the department today.

The new cards will replace old pages 1, dated October 5, 1942, and 23, dated December 25, 1944. The old pages should be returned to the Headquarters Division in the envelopes provided on or before November 24, 1948.

IV. HIGH COMMENDATION.

At 1.23 a. m., Friday, October 22, 1948, the department responded to an alarm from Box 5115 for a fire in an apartment house at 1156 Commonwealth avenue, Brighton.

Upon arrival of Ladder Company 14, Lieutenant Thomas F. Maloney of that company was informed that there was a woman trapped in a rear apartment on the first floor where the fire originated. Lieutenant Maloney entered the apartment which was heavily charged with heat and smoke and reached the woman and removed her to a point of safety where she was taken to St. Elizabeth's Hospital.

Because of the fact that Lieutenant Maloney in effecting the rescue suffered severely from the smoke and intense heat and showed a disregard for his own personal safety, the Fire Commissioner is pleased to commend him highly, and his case is referred to the Board of Merit for further consideration.

V. COMMENDATION.

Hoseman Edward J. Higgins of Engine Company 16 is hereby commended for responding to and working at fire, Box 3363, two alarms, on November 12, 1948, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

General Order No. 58.

I. ANNUAL MEMORIAL MASS.

At 9 a. m., Saturday, November 27, 1948, at the Cathedral of the Holy Cross, Washington street, Boston, the annual Solemn Requiem High Mass will be celebrated for all deceased members of the Boston Fire Department.

The Most Reverend Archbishop Richard J. Cushing will preside at the Mass and preach the sermon. The Reverend Henry J. O'Connell, Boston Fire Department chaplain, will be celebrant; the Reverend Mark H. Keohane, chaplain, Somerville Fire Department, will be deacon; the Reverend Arthur I. Norton, chaplain, Newton Fire Department, will be subdeacon.

All officers and members of the Fire Department and Fire Alarm Division who are off duty, also members of the Fire Prevention Division, Boston Protective Department, Maintenance and Electrical Inspection Division are requested to attend this Memorial Mass. District chiefs shall arrange to detail five members from their respective districts. The uniform for privates and officers will include sack coats and white gloves.

Members of the Fire Alarm, Fire Prevention, Maintenance, and Electrical Inspection Divisions, and the Boston Protective Department, will march as separate units in the procession from Engine Company 3 quarters to the Cathedral.

All members of the department who attend should report to Captain-Drillmaster Augustus J. Beaupre at 8.30 a. m., Saturday, November 27, at the quarters of Engine Company 3, 618 Harrison avenue, Boston. They will march from this point to the Cathedral of the Holy Cross. Deputy Chief James J. Kane, liaison officer to Chaplain O'Connell, will greet out-of-town chiefs attending the Mass.

Many members of the fire service are enrolled on the list of heroic dead. Some have died in defense of country, others as the result of injuries incurred in the line of duty. Others have passed on after illness or the natural course of years. All of these we remember in this religious service as we ourselves may wish to be remembered some day in years to come. The extent of the tribute and remembrance of our Fire Department dead in this instance rests squarely upon the department itself. By the response of members will be measured the depth of our respect for our departed fellow firemen. All persons, all groups, and all organizations should combine in this activity to make the attendance at this service as large as possible.

Families, relatives and friends of members and former members are likewise cordially invited to attend our sixth Annual Memorial Mass.

At the conclusion of the services, members shall march from the church to Engine Company 3's quarters where they will be dismissed.

The following-named members will serve as ushers at the memorial services at the Holy Cross Cathedral. They shall report to District Chief William A. Donovan at 8.30 a. m. at the Cathedral:

Capt. James F. McFadden, Ladder Company 5; Lieut. James L. Donovan, Engine Company 21; Lieut. John F. H. Fox, Engine Company 49; Lieut. Winthrop S. Robbins, Rescue Company 2; Hoseman Frank L. Mayo, Engine Company 15; Hoseman William H. McClennan, Engine Company 21; Operator Charles F. Connors, Fire Alarm Division; Operator John P. Lane, Fire Alarm Division.

The following-named members will serve as color guard at the memorial services. They shall report to Band Manager Frank Marr at 8.30 a. m. at Engine Company 3 quarters.

Hoseman Richard Mahoney, Engine Company 2; Hoseman William J. McKernan, Engine Company 4; Ladderman Raymond F. Ochs, Ladder Company 1; Herbert Kearns, Fire Alarm Division.

All members of the band, whether on or off duty, shall report to Band Manager Frank Marr.

The Superintendent of Maintenance shall arrange to deliver colors and rifles to the assembly point, Engine Company 3 quarters, and flag stands to the Holy Cross Cathedral.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

This department has received the order of the City Council dated October 25, 1948, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to immediately take steps to reduce the rate on parking meters from 5 cents to 1 cent per hour in the districts outside of downtown Boston."

Regarding the above, please be advised that this matter will be taken up at the next regular meeting of the Boston Traffic Commission.

Respectfully submitted,
LEO F. CURLEY, Commissioner.

Placed on file.

APPROPRIATION FOR PRINTING DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, November 15, 1948.
To the City Council.

Gentlemen:

I am in receipt of the attached request from the Superintendent of Printing for an additional appropriation of \$34,400, necessary to provide sufficient funds for permanent employees necessitated by the granting of increases in Trade Union Scale of Wages, an increase in the cost of paper stock and materials, and to pay disability pensions for two employees.

In compliance with this request there is forwarded herewith an order providing for the appropriation of \$34,400 from the income of the Printing Department, and I recommend consideration and adoption of this order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Printing Department, November 9, 1948.
To the Mayor of Boston.

Sir:

In accordance with the provisions of section 3B of the amended City Charter and for the reasons as below explained, approval is requested for the following transfer of appropriations.

JOHN J. TWOMEY,
Superintendent.

From the appropriation for 1948 Anticipated Revenue, \$34,400, to the appropriation for A-1, Permanent Employees, \$10,500, E-13, Miscellaneous Materials, \$21,000, F-7, Pensions and Annuities, \$2,900.

This transfer is necessary in order to provide sufficient funds for the balance of the year for the following purposes:

A-1, Permanent Employees, necessitated by granting an increase in Trade Union Scale of Wages.

E-13, Miscellaneous Materials, due to an increase in the cost of paper stock and materials.

F-7, Pensions and Annuities, needed to pay veterans' disability pensions for two employees.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1949, an additional sum of \$34,400, be, and the same hereby is, appropriated from the income of the Printing Department for the following purposes:

PRINTING DEPARTMENT.
A-1, Permanent Employees, \$10,500
E-13, Miscellaneous Materials, \$21,000
F-7, Pensions and Annuities, \$2,900

Referred to the Executive Committee.

APPROPRIATION FOR COLLECTING DEPARTMENT, WATER DIVISION.

The following was received:

City of Boston,

Office of the Mayor, November 15, 1948.
To the City Council.

Gentlemen:

I am in receipt of the attached request from City Collector Donovan for an additional appropriation of \$6,000 to provide sufficient funds for the payment of the wages of the temporary employees connected with the Water Division of the Collecting Department.

In compliance with this request, there is forwarded herewith an order providing for the appropriation of \$6,000 from the income of the Water Service of the Public Works Department to be expended by the City Collector, and I recommend consideration and adoption of this order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Collecting Department, November 15, 1948.
To the Mayor of Boston.

Sir:

In accordance with the provisions of section 3B of the amended City Charter and for reasons as below explained, approval is requested for the following transfer of appropriations.

DANIEL F. DONOVAN.

From the appropriation for Available Sources, \$6,000, to the appropriation for A-2, Temporary Employees, \$6,000.

It is necessary, due to the increase in temporary employees' salaries because of cost of living increases, to request additional funds from available sources of \$6,000. Furthermore, the late season work required handling of water bills, added to 1948 tax bills which were late, and the regular water bills which were sent to the collector's office for two-month periods instead of three-month periods by the Water Department. For example, water bills were sent in September, and again in November so that the additional help must be retained to complete our business until the end of the year.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1949, an additional sum of \$6,000 be, and the same hereby is, appropriated from the income of the Water Service of the Public Works Department, to be expended by the City Collector for the following purpose:

COLLECTING DEPARTMENT, WATER DIVISION.
A2, Temporary Employees, \$6,000

Referred to the Executive Committee.

TRAFFIC COMMISSIONER LEO F. CURLEY ASKS PUBLIC TO BE "SAFETY CONSCIOUS" DURING CHRISTMAS SHOPPING PERIOD IN ORDER TO PREVENT CONFUSION, ACCIDENTS, AND TIE-UPS.

An appeal to Boston shoppers to cooperate during the Christmas season to make the downtown shopping area as safe as possible has been issued by Chairman Leo F. Curley of the Boston Traffic Commission in which he asked the public to be "safety conscious" in their own communities and when they come into the city.

The statement of Commissioner Curley called "an appeal to shoppers" came as he learned from the National Safety Council that Boston again was included in the list of cities with population over 500,000, showing a better safety record than a year ago.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

Attest:

W. J. DOYLE, Chairman.

To the Auditor.

At a meeting of the Retirement Board, held on November 15, 1948, the following-named retirements were voted to be effective at the close of business, November 30, 1948, under the provisions of chapter 658:

HEALTH DEPARTMENT.

Lillian G. Murphy, laboratory assistant, salary at time of retirement \$1,900 a year.

PARK DEPARTMENT.

Albert Caggiano, laborer, salary at time of retirement \$2,471 a year.

John Martin, laborer, salary at time of retirement \$2,315 a year.

Attest:

WILLIAM D. KENNEY,

Secretary and Executive Officer.

PUBLIC ASKED TO BE "SAFETY CONSCIOUS."

(Continued from page 1205.)

"To the end of November," the Commissioner said, "the percentage decline in highway deaths in Boston has been 36 per cent from 1947. While we are pleased with this excellent reduction, which really means that up to the present time in 1948 we have saved 23 lives, we cannot relax because almost without exception December is one of the most dangerous months of the entire year."

The Commissioner expressed disappointment that the opportunity to reduce in the year 1948 the rate of automobile killings by 100 over the year 1934, in which year 143 people had been killed, now was gone, but expressed the hope that this would be achieved in the year 1949.

Jaywalking, he pointed out, has taken and will continue to take a personal injury toll of shoppers. In warning pedestrians not to jaywalk the Commissioner said, "Do not calculate your chances of safely crossing to the other side of the street by darting from behind parked vehicles into the middle of the roadway where you expose yourself to the danger of being struck by oncoming vehicles in both directions. The wisdom of crossing downtown streets only at intersections where red and yellow lights function for your convenience and safety, and where traffic officers are posted to conduct you safely across intersections, can be easily practiced if you simply instruct yourself to be safety conscious."

MAYOR CURLEY FILES MEASURES FOR LEGISLATIVE ACTION.

Upon November 19 the Mayor approved a contract as indicated in the following letter:

BOSTON, November 17, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of the only bid received on proposals for furnishing Bradford frames to the Boston City Hospital which were publicly opened and read in this office on November 12, 1948.

It is respectfully requested that permission be granted me to award an order to the Bay State Appliance Company who was the only bidder.

Total amount of order is \$1,170, less a 2 per cent cash discount for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bid was as follows:

Bay State Appliance Company, 12 Bradford frames, large size, \$35 each; 12 Bradford frames, medium size, \$32.50 each; 12 Bradford frames, small size, \$30 each.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing labor or supplies to the several departments. Communications from the heads of the departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, November 19, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On July 2, 1948, bids by invitation for the purchasing of eight steel gray secretarial desks, measuring 30½ inches high, 55 inches wide, and 32 inches deep, were received and opened at the office of the Trustees. All bids contained the stipulation that the quotations were being made with the understanding that the prices were subject to change.

The bids received were as follows:

Art Metal Construction Company, \$952; Ward's Stationers, \$1,060.80; Remington Rand, Inc., no bid, could not supply desks specified.

It had been believed that the cost of these desks would be under \$1,000, and the bids submitted actually turned out to be in accordance with that belief. Accordingly bids were solicited by invitation instead of by advertising publicly. The contract was subsequently awarded to the lowest bidder on July 7, 1948. One month later, on August 7, 1948, there was a price advance on all steel desks, and as a result the total cost of the desks has reached a figure of \$1,038.70.

As this figure is slightly over \$1,000, the amount beyond which there must ordinarily be public advertising, it is necessary to request your permission to purchase these desks from the Art Metal Construction Company in the amount of \$1,038.70. The increase in cost is in accordance with the terms of the bids received.

Your approval of this award is respectfully requested. It is believed that it will be in the interest of the city to do so.

Very sincerely yours,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by ROBERT H. LORD,
President.

PRINTING DEPARTMENT.

BOSTON, November 16, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

The award of a contract to the Moore Business Forms, Inc., 38 Chauncy street, Boston, for the furnishing of 634,000 tax bills, 53,500 tax lists, and 20,000 real estate building schedules to the city for use by the Assessing Department is now under consideration. The total cost of these forms will be approximately \$14,049.92.

This company has supplied the city with tax bill forms for many years, and its work has always been highly satisfactory. In the year 1948, the Assessing Department installed a punch card accounting system, and this contractor furnished the tax bill and tax list forms to be used in connection with this new system. Subsequently, the Assessing Department purchased machine control devices, paper decollators, and cutting machines particularly adapted for use along with these forms.

In the light of the satisfactory performance consistently rendered to the Assessing Department on the part of this contractor during so many years, and considering the special type of forms applicable to this department's new system, plus the expenditure incurred for special devices in order to make use of these forms, in my opinion nothing is to be gained by public advertising and, therefore, I respectfully request your permission for the award of a contract without advertising to the Moore Business Forms, Inc., for the furnishing of these tax bills, tax lists, and real estate schedules to the city at an estimated total cost of \$14,049.92.

Respectfully yours,

JOHN J. TWOMEY,
Superintendent of Printing.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, November 15, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

A condition exists in the Dorchester Court that in my opinion is an emergency as follows:

The granite composite base course which extends to the first floor level has disintegrated and spelled off in places and must be patched. This can be done by cutting back the disintegrated areas and patching with composite to match the present stone work. Throughout the entire area the mortar joints have deteriorated. These joints should be raked out for a depth of three-quarters of an inch, primed and pointed.

Also the east stone trim and front east stone ashlar face of the building have deteriorated and spelled off in places. Wherever possible entire stones should be cut out and replaced, and where this is not possible stone should be patched. Joints in this stone work should be treated the same as granite composite base course.

Some of the balusters of the ornamental balustrade on the roof have badly de-

teriorated, and those which cannot be repaired should be renewed by installing new balusters.

It is extremely difficult to write specifications to enable intelligent bids to be made on this work. It would be still more difficult to estimate the amount of work required for the repair of this stone work. In order to determine the amount of stone to be replaced or patched a close examination of the entire surface would be necessary. This is impossible without the installation and use of staging.

In view of the above, I respectfully request permission to award a contract to J. A. Singarella Company, in a sum not to exceed \$8,000, without advertising, on a time and material basis. The J. A. Singarella Company is a most reputable concern and has in the past done most satisfactory work for the department.

By this method of award, in my opinion, the best interests of the city will be served, as it is practically impossible to write a specification to enable intelligent bids by the contractor.

Respectfully yours,

JAMES E. SULLIVAN,

Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

Boston, November 16, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

On April 15, 1948, your Honor approved a contract between the city, acting by the Commissioner of Public Works, and the Crandall Engineering Company, 261 Franklin street, Boston Mass., for the furnishing of certain engineering services to the city in connection with the construction of the proposed new Warren Bridge over the Charles River, Boston, Mass.

Certain additional engineering services which are not included in the aforesaid contract have become necessary because of the following conditions:

The city now maintains a 20-inch and a 16-inch water main connecting the City Proper and Charlestown, which pipes are carried on the Warren Bridge structure, with a subaqueous pipe line under the channel of the Mystic River at this location. In order to maintain this water service to Charlestown, it will be necessary (a) to relocate the present 16-inch high service water pipe and its submarine crossing of the new and wider draw channel, (b) to remove and salvage the existing 20-inch low service water pipe, and (c) to install a 6-inch temporary water supply pipe between the new bridge abutments.

The Crandall Engineering Company is able to furnish all necessary engineering services in connection with continuing this water supply to Charlestown. Further, this company is thoroughly acquainted with the location because it is doing the engineering work relating to the construction of the new bridge itself and hence is in a better position than others to provide these additional engineering services. Also, this company will do this added work at the rate of 5.25 per cent of actual construction cost, which is the same rate as this company is charging for the engineering services furnished in connection with the construction of the said new bridge. Furthermore, if anyone else furnished these additional engineering services, the city would be charged at the rate of 7½ per cent to 8 per cent of the actual cost of the work. In addition to the aforesaid 5.25 per cent, the Company

will also receive an amount, not to exceed \$900, for engineering services performed in ascertaining the total estimated cost for doing the actual installation of the water pipes by each of two separate methods.

In view of the foregoing and the nature of the services involved, it is my opinion that nothing would be gained by public advertising.

I respectfully request your Honor's permission to amend the aforesaid contract to permit the Crandall Engineering Company to furnish the required engineering services for the installation of water pipes to carry the water supply across to Charlestown, Mass., at the site of the proposed new Warren Bridge.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

Boston, November 16, 1948.

To the Mayor of Boston.

Early in 1948 a contract was entered into with Baker & Co., Inc., for the restoration of granite block, concrete pavement and artificial stone sidewalks, without advertising publicly for bids, for the Water Division of this department.

As stated at the time this contractor was engaged with the department on a "so-called" patching area allocation, and as the work was to be performed in their district no benefits would accrue by publicly advertising for bids.

This contract is now completed, and there is still additional work to be performed. Your approval is therefore requested to the award, without publicly advertising for bids, of a similar contract for the Water Division in an estimated amount of \$3,500.

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, November 10, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of two requisitions from the Boston City Hospital for the following: 100 cases Chux, large (seconds); 10 cartons 3-inch adaptive bandage (seconds).

It is requested that I be granted authority to award an order, without public advertisement, to Johnson & Johnson, New Brunswick, New Jersey, as they have quoted us prices with discounts of 25 per cent and 40 per cent, respectively.

Total amount of order will be \$1,740.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Boston, November 15, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston City Hospital for the following: one (1) film dryer as per specifications.

Requests for prices were solicited among the various dealers, and only one bid was received from the Picker X-Ray Corporation. It is therefore requested that permission be granted me to award an order, without public advertisement, to the above company. Total amount

of order is \$1,965, less a 2 per cent cash discount for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

Boston, November 12, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

The Transit Department invited proposals for furnishing and installing plumbing and for making the necessary changes in sewer and surface water drains in the garage located in the Cypher Street Yard of the department in South Boston and received the following quotations:

State Plumbing Company, \$2,444;
Carlin Plumbing Company, \$1,750;
Ucello Company, \$1,738.

It was voted to place an order, without publicly advertising for bids, with the Ucello Company, 103 West Cedar street, Boston, who is the lowest bidder, in the sum of \$1,738, for doing the above-mentioned work, as no advantage would be gained by advertisement.

Respectfully yours,

A. JOSEPH FRENO,
Commissioner.

BUDGET AMENDMENTS.

BOSTON TRAFFIC COMMISSION.

Permission has been given to amend the A-1 item in the budget to read "five assistant cashiers, \$2,500 a year; one clerk (parking meters), \$2,500 a year," instead of "six assistant cashiers, \$2,500 a year."

ADDITION TO CONTRACT.

J. A. Singarella Company, contractor for additional X-ray facilities (Boston City Hospital), has been instructed to add to the contract the sum of \$2,870, for building light-proof partitions to separate the feed-end of the dark room from the finish film section, and to install wastes, supplies, vents and connections to the developing machine.

Original contract, \$160,947; corrected contract, as per Order No. A2135, \$165,551.50; now added, \$2,870; corrected contract, \$168,421.50.

J. A. Singarella Co.,
Dorchester.

July 16, 1948.

JAMES H. RITCHIE & ASSOCIATES, 38
Newbury Street, Boston, Mass.

Re X-Ray Building.

GENTLEMEN:

Following instruction received from Mr. Karakalis we are pleased to submit the following proposal:

We propose to build partitions in the dark room, building these partitions of studding faced with asbestos board, and furnish and install doors with the necessary hardware. We will also install waste and vent lines for film machines and to the door interconnections. We will also install 6-inch diameter vent flue connection to the nearest air duct.

We will do all cutting and patching required and paint the partition to correspond with the finish of the dark room.

We will do this work for the sum of two thousand eight hundred seventy dollars (\$2,870).

Very truly yours,

J. A. SINGARELLA CO.,
by J. A. GUINEY.

Re X-Ray Building, Dark Room Work.
GENTLEMEN:

You have requested that we give you a breakdown of the price quoted by us in our letter of July 16, 1948. This quotation covers additional work in the dark room of the X-Ray Building.

We are pleased to submit a breakdown of the price quoted: Cutting and patching, \$836; stud partitions in place, \$250; wooden doors in place, \$120; hardware, \$41; painting, \$100; plumbing (William McKenna Company), \$980; heating (J. J. Hurley Company), \$75; electrical (William Gens Company), \$208—\$2,610; plus 10 per cent, \$261—\$2,871 (call it \$2,870.)

Very truly yours,

J. A. SINGARELLA CO.,

APPROPRIATION FOR UNITED STATES SAVINGS BOND ALLOTMENT PLAN.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1948.
To the City Council.
Gentlemen:

For the past six years, at the request of officials of the United States Treasury Department, the city has been making payroll deductions for the purchase of United States Savings Bonds. During this period, over \$4,000,000 has been deducted from salaries of city and county employees for that purpose. Eight thousand employees are still buying bonds of their government under this plan.

The officials of the United States Treasury Department have urged the continuance of this plan for an indefinite period. It is desirable, in my opinion, to continue to cooperate with the federal government in this worth-while program.

I therefore submit herewith an appropriation order for the continuance for another year of the unit responsible for the handling of these payroll deductions, and respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the sum of thirty-five thousand dollars (\$35,000) be, and the same hereby is, appropriated, to be expended under the direction of the Mayor, as administrative expenses in connection with the United States Savings Bond Allotment Plan, said sum to be charged to the Contingent Fund when made.

Referred to the Executive Committee.

"SLOW" SIGN, NORTHBORNE ROAD, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commission, relative to your order of October 18, 1948, concerning the installation of a "Slow" sign on Northbourne road, Jamaica Plain, near the Seaver School, in Ward 19.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, November 17, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

Further referring to my letter of October 27, 1948, concerning Council order dated October 18, 1948, which reads as follows:

"Ordered, That the Traffic Commission be requested through his Honor the Mayor, to install a 'Slow' sign on Northbourne road, Jamaica Plain, near the Seaver School, in Ward 19."

I have issued orders that a "Slow" sign be erected in Northbourne road, south side, opposite Herbertson road.

Respectfully submitted,

LEO F. CURLEY, Commissioner.

MANHOLE COVER EXPLOSIONS.

The following was received:

City of Boston,
Office of the Mayor, November 22, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Department of Public Safety, concerning your order of November 8, 1948, regarding investigation of manhole cover explosions in the City of Boston.

Respectfully,
JAMES M. CURLEY, Mayor.

Commonwealth of Massachusetts,
Department of Public Safety,
November 19, 1948.

Hon. James M. Curley,
Mayor of Boston.
Attention: Lawrence P. Gilligan, Chief Clerk.
Dear Sir:

With reference to your communication of November 12, 1948, re the subject of Council order of November 8, 1948, which is an order passed by the Honorable City Council that his Honor the Mayor be requested to immediately contact the State Commissioner of Public Safety and the Fire Commissioner of the City of Boston asking them to take immediate steps to investigate manhole cover explosions, please be advised that chapter 74, Acts of 1948, approved June 11, 1948, provided for increasing the scope of the investigation and study to be made by the Special Commission relative to the laws pertaining to the safety of persons in buildings to include an investigation of the current prevalence of fires, dangerous explosions, and similar hazards in the Metropolitan area of the City of Boston.

A subcommittee of the Special Commission created under chapter 74 of the Acts of 1948, is to report to the full committee in Room 450, State House, Boston, on December 2, 1948, at 1.30 p. m. I would therefore suggest the advisability of your communicating with Senator Ralph V. Clampt, Chairman of the Special Commission, so that representatives of the City of Boston may be present at this meeting, which I understand may be an executive session, so that the information obtained from the subcommittee may be available to the Honorable City Council.

I am enclosing herewith, for your information, a photostatic copy of the Resolve.

Respectfully,
JOHN F. STOKES, Commissioner.

CHAPTER 74.

Resolve increasing the scope of the investigation and study to be made by the Special Commission relative to the laws pertaining to the safety of persons in buildings to include an investigation of the current prevalence of fires, dangerous explosions, and similar hazards in the Metropolitan area of the City of Boston.

Resolved, That the unpaid Special Commission, established by chapter sixty-seven of the Resolves of nineteen hundred and forty-three and most recently revived and continued by chapter twenty-one of the Resolves of nineteen hundred and forty-seven, shall, in the course of its investigation and study, consider the current prevalence of fires, dangerous explosions, and similar hazards in the Metropolitan area of the City of Boston.

Approved June 11, 1948.

TAX ABATEMENT ON CERTAIN PROPERTY TAKEN BY EMINENT DOMAIN.

The following was received:

City of Boston,
Office of the Mayor, November 18, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Board of Assessors, relative to your order of September 20, 1948, concerning the possibility of abating the 1948 real estate taxes to property owners in the area of the Mystic River Bridge, whose property was taken by eminent domain as of April 1, 1948.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Board of Assessors, November 16, 1948.
Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Mr. Gilligan:

Re, Council order of September 20, 1948, "requesting the Board of Assessors to ascertain from Henry F. Long, Commissioner of Corporations and Taxation, the possibility of abating the 1948 real estate taxes to property owners in the area of the Mystic River Bridge, whose property was taken by eminent domain as of April 1, 1948, said abatement to apply to the last nine months of 1948," please be advised that there are no abatements in order on the properties taken in the area of the Mystic River Bridge because of the fact that, before the sale of any of these properties could be consummated, the taxes had to be paid.

Very truly yours,

PETER J. ALLEN, Chairman.

City of Boston,
Office of the Mayor, November 18, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Metropolitan Transit Authority, relative to your order of November 8, 1948, concerning the holding of a public hearing with reference to the establishment of a parking area in the Cedar Grove section of Dorchester, so that residents may express their views on the matter.

Respectfully,
JAMES M. CURLEY, Mayor.

Metropolitan Transit Authority,
November 17, 1948.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

I presented to the Trustees at their meeting yesterday order of the City Council, received with your letter of November 12, relative to the proposed establishment of an automobile parking area in the Cedar Grove section of Dorchester.

This is something which originated with the City of Boston in which the Trustees of the Authority acquiesced. The parking area would be on land owned by the City of Boston but leased to the Authority. The Authority was requested to make it available for the parking of automobiles.

It is suggested that the City Council take the matter up with the Mayor's Committee and the Transit Department.

Very truly yours,

EDWARD DANA,
General Manager.

Placed on file.

REPORT OF FINANCE COMMISSION ON ASSESSMENT OF M.T.A. DEFICITS.

The following was received:

City of Boston,
Finance Commission,
November 19, 1948.

To the Honorable the Mayor and City Council.
Gentlemen:

In recent months, the increased cost of public transportation in the Metropolitan area has occupied a major share of public attention. Opinions vary as to the fairest and best device to meet this increase. Whether to charge higher fares, or without this new revenue—to allow greater deficits to accumulate and simply assess these deficits to the taxpayers of the municipalities of the Metropolitan Transit District, is apparently the nub of the controversy.

While it is not within the province of the Finance Commission to determine this issue, nevertheless within the wide sphere of present discussions, there is a topic on which the Commission may well take a position. The Commission's concern properly under its statutory responsibility is, "What is it all going to cost the taxpayers of Boston?" In that connection, the equitable distribution of the burden of the Metropolitan Transit Authority deficit whenever it exacerbates, if that burden is to be borne by the municipalities composing the transit district, is worthy of examination at this time.

In the event that it is determined to continue to require the taxpayers to make up the difference between fares and costs, it is of paramount importance that a fair formula for the distribution of the deficits be established. It is now apparent that if the present rates of fare are to be continued, the deficits hereafter will total several millions more than heretofore.

The point might be raised that the equitable distribution of the deficits is merely incidental to the greater problem of whether to increase fares or continue larger deficits now occupying public attention. Nevertheless, if the whole Metropolitan Transit Authority problem is now to be reconsidered, consideration of what it is to cost the taxpayers in each municipality should not be neglected. In other words, if there are inequities in the present method of apportioning the deficit and many believe there are, a method should be provided which will remove these inequities.

As a matter of fact, the Finance Commission has already gone on record on this matter. The Commission promoted the filing of a bill in the 1948 session of the Legislature by which the Legislature would order the apportionment of the deficit on a population basis. This bill was numbered H. 1127. The Commission urged its adoption in a communication to the Committee on Metropolitan Affairs under date of February 2, 1948.

Unfortunately, in the welter of public discussions of more controversial legislative proposals, the importance of this bill was minimized. A resolve to create a committee to study the subject was substituted for it, and later this substitute proposal was rejected.

In brief, the Finance Commission contended that certain municipalities of the Metropolitan Transit area are treated unfairly by the method employed to apportion the company deficits since

public operation of the transportation system began. In replacement of this unfair method, the Commission advocated apportionment on the basis of population, or population and valuation, in the 14 municipalities of the district. The disclosure of the inequity of the present method was made first by the engineers of the Boston Traffic Commission.

In an extended examination into this situation, the Commission found that under present law it is within the responsibility of the Metropolitan Transit Authority to pick out a method of apportionment. The method selected by the Boston Elevated Railway, and in 1948 followed by the Metropolitan Transit Authority, has been questioned for many years.

Furthermore, it has appeared to the Finance Commission that officials of the Metropolitan Transit Authority are not overly confident of its fairness and are desirous of seeing a less expensive, a less cumbersome, and a more equitable method adopted. However, they have left it to the Legislature to make any change.

The Commission believes there is a better method. It believes that better method would be to apportion the deficit on the basis of population, or population and valuation. Its reasoning in the matter is based on the fact that the public transportation system has been made available to all the people of the transit district. Some of course, for private reasons, use it less than others. Nevertheless, it is ready for service to all. It is impossible to make a fair and accurate distinction between those who might make use of it and those who do make use of it. Therefore, if it is decided that the municipalities are to bear deficit burdens, the fair method would be to make all potential users in the transit district share in the deficit financing. That would mean apportionment on a population, or population and valuation basis.

The Commission deems it important at this time to record to you its findings in this matter in the belief that you should obtain the consideration of it which it deserves. The Commission's complete reasoning is set forth in the following memorandum:

1. Chapter 544, Acts of 1947, establishing the Metropolitan Transit Authority as successor to the Boston Elevated Railway continues (section 13) the same statutory provisions for apportionment of deficits between Boston and the other municipalities in the transit district.

2. Section 9 of chapter 544, Acts of 1947, directs study of a program of future extension of rapid transit facilities. This is an implication that there are to be further extensions of the facilities; likely as not, greater deficits may result. The importance of the problem is therefore further accentuated.

The statute referred to provides that deficits in the operation of the transit system shall be assessed on the cities and towns served by the system "in proportion to the number of persons in said cities and towns using the service of the Transit Authority at the time of said payment, said proportion to be determined and reported to the State Treasurer by the trustees from computations made in their discretion for the purpose."

The obvious interpretation of this provision would seem to call for an apportionment on the basis of "the extent of use" of the system by residents of the various cities and towns served. When it was the Boston Elevated system, the public trustees used a method of apportionment which, in part at least, entailed such an interpretation of the statutory language. Under their traditional practice, every passenger embarking on the El system was counted and charged to the city or town wherein he became an El passenger, with the following exceptions:

1. If a person embarked in a municipality near the boundary, but was judged to originate outside of that municipality and yet within the Elevated district, he was charged to the place of origin, instead of to the place of embarkation.

2. If a person embarked in a municipality near the boundary and was judged to originate outside of that municipality and also outside the Elevated district, he was excluded from the count altogether.

The total exclusion from the count of passengers judged to have come from without the transit area was justifiable only on the ground that mere physical presence in a city or town at the time the use of the system began was not the criterion for apportionment, but that the statutory words "the number of persons in said cities and towns" meant the citizens of said cities and towns. Likewise the allocation to municipality A of a passenger adjudged to have come from municipality A over a boundary into municipality B and there embarked on the system is justifiable only on an interpretation of the statute which called for an apportionment on the basis of use by the citizens of the respective communities.

Boston's complaint with regard to the deficit allocation system used by the trustees of the old Elevated system is that the criterion of citizenship or residence was not carried far enough.

It is a matter of common knowledge that a tremendous number of passengers on the system are commuters from cities and towns outside of Boston. They come into Boston to work, shop, or attend amusements and they return to their homes by the same transit system. Under the method of apportionment used by the old trustees all of the home-going trips of these passengers were

charged against Boston because they embarked on the system in Boston. No attempt was made to segregate these return trips and to charge them to the municipalities whose citizens were thus using the system. The fact that some infinitesimally smaller number of Bostonians who commute to other cities and towns daily were not attributed to Boston on their home-going trips does not correct the injustice, because nothing like an even balance is struck.

To make the basic injustice of the old method clearer, the following illustration is given:

Municipality A is one of the 14 cities and towns served by the transit system. Five thousand citizens of municipality A work in Boston. They enter the transit system in A and that going-to-work trip of theirs is charged to use of the transit system by citizens of A. The same 5,000 citizens enter the transit system in Boston to go home and their trips are charged to Boston as if they were Boston citizens.

This obvious injustice demonstrates a major defect in the passenger count system used in determining the allocation of the deficit burden. It is a defect inherent in the system, because no practical method has been devised for determining the number of such commuters, although it is obvious that the number is great.

Unless the existing statute is amended the deficit for 1948 and all future deficits will have to be allocated "in proportion to the number of persons in said cities and towns using the service of the Authority at the time of said payment," and it is therefore appropriate that immediate legislative action be taken to change the basis of apportionment, since the passenger count system, which is the only system yet devised for the use of the trustees, has been demonstrated to be inherently unjust. Another reason for a change in method is the waste in money and man-hours involved in the use of the old defective system. It is estimated that the cost of taking a passenger count will run close to \$50,000.

A fairer method of apportioning the burden of deficits would be one on a basis of population, or on a basis of population and valuation combined. A ready precedent for such a basis is found in the methods adopted by the Legislature for allocating other Metropolitan burdens among the cities and towns benefited. The Metropolitan Transit Authority has become another of the several Metropolitan "commission" devices created to handle physical problems of the Metropolitan area. Its function is similar to that of the Metropolitan District Commission which is concerned with the problems of sewers, water supply, and parks. Its financing procedure with respect to deficits is basically similar to that of the Metropolitan District Commission with respect to which "all expenses incurred in the construction, operation, and maintenance of the Metropolitan system are paid in the first instance by the state and are then assessed back on the municipalities included in the Metropolitan district for which the expense is incurred."

The method of allocation of the Metropolitan sewer, water, and park services is set forth in G. L. (Ter. Ed.) chapter 92, as amended. The method of allocating the cost of service of the sewer and park system is set forth in sections 6 and 54 to 59 of said chapter 92. These provisions combine the factors of valuation and population of the municipalities served, and, generally speaking, population is the primary basis for allocating maintenance costs, whereas valuation enters into the basis when capital costs are concerned.

*Metropolitan District Commission—Development and Organization (Office of Secretary, July, 1947).

The method of allocating the cost of water service (sections 10 and 26) is primarily one directly related to use, viz., \$40 per million gallons of water supplied. If such a simple and fair method were available for apportioning the transit deficit, it would be readily acceptable to all municipalities served, but the difficulty with regard to the transit district is that no such method has been devised, and the method employed in the past has been shown to be inherently defective as a measure of actual use.

The transit system, like the sewer and park systems, is available to all in the metropolitan district, and the methods of apportioning the sewer and park service costs are equally applicable to the apportionment of transit system service costs in the absence of a workable, fair method of ascertaining the proportion of actual use. Therefore, it seems eminently fair that the old method of apportioning the transit deficits by attempts to measure actual use be abandoned because of inherent inequities in attempting to measure actual use, and that the Legislature adopt a more simple, less expensive method based on population, or a method based on a combination of population and valuation factors.

AIDS PAID TO ELEMENTARY AND SECONDARY SCHOOLS FROM INCOME TAX REVENUES.

Only since 1919 has the state participated widely in the financing of elementary and secondary schools. Before that time state aid to municipalities was less than 2 per cent of the total cost of education, and was granted only to a limited group of towns. In 1919, however, provision was made for payments from the proceeds of the newly enacted personal income tax to every city and town which met certain teacher salary and qualification standards. Except for slight modifications the program is still the same as that established in 1919 (chapter 363, Acts of 1919). Every city and town is paid a fixed amount for every teacher employed (primary reimbursements), and some municipalities with low valuation per pupil receive additional grants (supplementary reimbursements).

OVERSEERS OF THE PUBLIC WELFARE.

INVITATION FOR PROPOSALS FOR NEW BUILDING AT 43 FAYETTE STREET, BOSTON, MASS.

The Overseers of the Public Welfare, hereinafter referred to as the Awarding Authority, invite sealed proposals for new building at 43 Fayette street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, December 22, 1948, Eastern Standard Time, at the office of the Overseers of the Public Welfare, 43 Hawkins street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the architect, the John M. Gray Company, 175 High street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid filed with the Awarding Authority.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Plans and specifications may be obtained at the office of the architect, John M. Gray Company, 175 High street, Boston, Mass., on December 8, 1948. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the architect.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the architect upon request.

All subbidders' proposals must be in the possession of the Overseers of the Public Welfare and delivered or mailed to the general bidder not later than 12 o'clock noon, Eastern Standard Time, Monday, December 20, 1948.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the subbidder and a surety company shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 5 per cent of the subbidder's bid price, and shall be submitted with each subbid.

Subbids will be taken of the following portions of the work:

A. Heating and Ventilating. B. Plumbing. C. Electrical.

A performance bond, issued by a surety company satisfactory to the Awarding Authority in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to reject any or all bids of the general bidders, and to waive any informalities in bidding, if it be in the public interest to do so. The Awarding Authority also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection

or waiver be in conformance with section 44C of chapter 149 of the General Laws.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Awarding Authority, and no bid of a subbidder shall be withdrawn prior to thirty (30) days from the opening of bids without the consent of the Awarding Authority.

TRAFFIC COMMISSIONER LEO F. CURLEY AN- NOUNCES INSTALLATION OF TRAFFIC LIGHTS IN SOUTH BOSTON SECTION OF HEAVY MOVEMENT OF VEHICLES.

Traffic Commissioner Leo F. Curley has announced that signal light operation officially began at East Eighth and L streets and D street and West Broadway, South Boston, on Tuesday, December 7.

L street is a main cross-town street in a thickly settled residential area and carries a heavy commercial traffic movement. Over this street a bus route passes, maintained by the M.T.A., and large volumes of South Shore traffic use L street daily as a by-pass.

Surveys taken during the past few months by the commission revealed a considerable increase in traffic volumes on L street because of the Dorchester Avenue Bridge closing over the Fort Point Channel.

The new signal plus the other already in operation at East Broadway and L street will give greater protection to the whole area.

Pedestrian push buttons have been provided on all posts. When these are pushed by pedestrians all traffic will stop. This feature will provide great safety to the children in attendance at the Oliver Hazard Perry and Gaston Schools in the district. It will also be welcomed by the thousands who daily visit one of the country's most famous beaches during the swimming season.

MAYOR GETS LETTER OF PRAISE FOR WORK OF GRAVES REGISTRATION SUPERVISOR IN WORK OF RETURNING HERO DEAD TO BOSTON.

BOSTON, December 3, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MAYOR CURLEY:

May I thank you for your very kind letter of December 2, 1948, commending the Boston Terminal Company and particularly Messrs. Laracy, Sullivan, Conroy, and Higgins, for their cooperation with your very able Supervisor of Veterans' Graves Registration, Frank T. Pedonti, in carrying through their part of the solemn work of returning our war dead to Boston.

It is very gratifying to receive commendations with respect to the actions and services rendered the public by our employees. Please be assured that your thoughtful message is being immediately brought to the attention of the Terminal Superintendent and the other gentlemen concerned.

Sincerely yours,

GEORGE F. MAHONEY,
Boston Terminal Company.

The following are the remarks of his Honor the Mayor over Station WMEX:

Friends of the Radio Audience.

It was said of the Bourbons who ruled for so many years in France that they never learned a lesson except through the guillotine. The forces of Bourbonism received a severe setback in the elections held recently in the various states of the nation, but they still persist in trying to force their ideas and theories of government upon the people, unmindful of the fact that the recent election results proved conclusively that the people possess intelligence and a discriminating sense of values, and can be relied upon when properly informed to interpret aims, objectives, and motives underlying the efforts of Bourbons, no matter how educated or talented.

I recently learned that to avoid the nuisance of starlings or pigeons around the house it was only necessary to place an artificial owl upon the roof as a sentinel, and not only the birds that are accustomed to create a nuisance would cease to light on the house, but even the strange birds would become familiar with the presence of the wise old bird and refrain from intruding — and by the strange birds I mean the so-called whispering brigade who from hall and pulpit bemoan the decadence of the city and are fearful of its fate, and yet few, if any, of the most voluble have the decency to reside within its borders.

Wise Old Owl.

For the benefit of the critics who may stray in the vicinity of my home on the Jamaicaway, I beg, before they give further utterances either to false statements or garbled half-truths, that they commune for a few minutes with the wise old bird that sits on the roof, and they will hie themselves back speedily to the habitat of the squirrels outside the City of Boston where they reside.

Boston is really, contrary to statements, moving ahead, as attested by the statement of the head of the Maritime Division of the Chamber of Commerce, Frank Davis, that in one day last week sixteen ocean-going steamers berthed at the Port of Boston and ten more on the following day, and that in some cases this repre-

At a recent meeting of the trustees of the George Robert White Fund, it was voted to award the contract for X-ray equipment necessary for the Hyde Park Health Unit to the Westinghouse Electric Corporation, the low bidder, at \$23,207.

It was also voted to consider the installation of a carillon or chimes at the Memorial to the Dead of World War II, which is being constructed in the Fenway.

It was further voted that the trustees adhere to their position with reference to a Health Unit at Gibson street as speedily as arrangements can be made for the purchase of the land by the White Fund from the School Department.

REPORT OF JAMES T. MULROY, DIRECTOR OF THE DEPARTMENT OF EXTENDED USE OF THE PUBLIC SCHOOLS, ON ATTENDANCE AT NATIONAL RECREATION CONGRESS IN OMAHA, NEBRASKA, SEPTEMBER 26-30.

The following report has been presented to the School Committee:

NOVEMBER 19, 1948.

To the School Committee of the City of Boston.

My report of attendance at the National Recreation Congress held in Hotel Fontenelle, Omaha, Nebraska, September 26 to 30, 1948, follows:

The Recreation Congress was a co-operative gathering of those interested in recreation, indoors and outdoors, for young and old. Almost 1,000 delegates, representing 46 of the 48 states, attended. Officials of federal, state, and municipal departments, executives and leaders in park and recreation divisions, educators, city planners, and teachers of amateur music, vocal and instrumental, drama, arts and crafts, sports, athletics, and gymnasium games, were present.

Howard Brancher, President of the National Recreation Association, presided at the opening session. He read a telegram of best wishes from President Truman. Following greetings extended the delegates by the Mayor of Omaha, the City Manager, and President of the local Chamber of Commerce, there was general singing under the direction of Professor Tolbert MacRae, Department of Music, Iowa State College, and selections by the Iowa Women's Chorus. Dr. William H. Alexander of Oklahoma delivered the main address on "Recreation and Abundant Life."

The next morning and afternoon, and each morning and afternoon thereafter, the Congress divided itself into discussion, seminar, and panel groups, carried on simultaneously. Delegates chose the topics and with the guidance of a chairman, questions were presented and all given an opportunity to contribute from their experience, ideas, and information on the subject under discussion. Some of the topics follow—problems of local board members, clubs in recreation programs, recreation in colleges, planning school buildings for year round community recreation, family recreation, recreation for older people, recreation for young children, teen-age centers, motion pictures in recreation, personnel standards and problems, schools and recreation, training recreation leaders, informal education, cooperation between local and national agencies, recreation for disabled servicemen. A summarizer recorded the gist of each sectional meeting with findings, and reported them to the entire convention at the general sessions.

Hon. Van Peterson, Governor of Nebraska, former school teacher and recreation leader, delivered a stirring, humorous address on the value of recreation in the lives of American citizens. He said "Federal, state, and local authorities should spend more, not less, money on recreational activities for young and old if we are to have a sound, growing democracy. There is no longer any reason why the school year in the United States needs to be adjusted to the planting and harvesting seasons of agriculture. School teachers must be prepared for

eleven and one-half months' a year employment to meet leisure-time needs of children at respectable year round salaries." Pointing out that mechanization has come to the farm as well as to the city, Governor Peterson said, "Farm and small town children now have the same leisure-time needs as city children, and communities, schools and churches must meet the challenge."

Doctor Alexander, a former amateur light-heavyweight boxing champion of Missouri, a leader in the midwest in sponsoring recreation programs within the church, and head of the largest youth group in the country declared, "Young people today are basically honest. One of the best ways of showing them that we believe in them is to give them trained professional recreation leadership so that they will not have to go to the dark corners for their social contacts."

Miss Margaret Hickey, editor of the Ladies' Home Journal, Public Affairs Department, told the delegates that "elder-agers" must be kept occupied. "The growing ratio of older people in this country creates a problem of recreation that we are not meeting. And there are the little fellows, the war babies. There will be a big baby bulge soon. We aren't getting ready for it, and even now the playgrounds can't handle all the children. Americans are not using their leisure time to good advantage. Not enough of us have observed the time meaning of recreation, or learned to apply it to our lives," she concluded.

The Rt. Rev. Msgr. Luigi G. Ligutti of Des Moines declared, "Americans are often spectators instead of participants in recreation, as at football, basketball games, and movies." He said, "This trend is taking away the individual's power to do things for himself and is encouraging a sit-back-and-watch attitude which can extend to other activities, including government."

More extracts from addresses made at the convention follow:

"Recreation has taken on the dignity of education as well as entertainment."

"Can't accommodate the number wanting square dancing instruction."

"Let the kids put over recreation's propaganda job."

"Old folks (elder-agers) don't like to sit in a rocker and pine their lives away. They need stimulating recreation and they'll care for such a program themselves if given the chance."

"Teen-agers won't go for recreation that smacks of school atmosphere."

"You have to keep up-to-date to keep pace with the youngsters when material achievement becomes a goal in itself instead."

Other speakers prominent in the educational, recreational and civic life of the nation were the following:

Professor W. G. Robinson, University of Michigan.

O. A. Kirkham, Citizens' Improvement Association, Salt Lake City, Utah.

Professor P. MacMinn, University of Oklahoma.

Susan M. Lee, National Recreation Association, New York, N. Y.

Mrs. P. M. Dunn, Department of Recreation, New Orleans, Louisiana.

J. W. Gilman, Executive Secretary, Chicago Recreation Commission.

Superintendent S. H. Mahoney, Recreation Department, Cambridge, Mass.

George Hjelte, General Manager, Department of Recreation and Parks, Los Angeles, California.

T. W. Lantz, Superintendent of Recreation, Tacoma, Washington.

Mrs. E. T. Anderson, Director Young Women's Recreation, Austin, Texas.

C. K. Bryant, American Red Cross, Washington, D. C.

E. T. McGowan, Director of Recreation, Detroit, Michigan.

Mrs. J. E. Hayes, National Congress of Parents and Teachers.

E. M. Fowler, Supervisor of Social Recreation, Denver, Colorado.

G. F. Robinson, Director, Recreation Department, Daytona Beach, Florida.

Professor McCluer, Lindenwood College, Missouri.

J. A. Buslin, Superintendent of Recreation, Barre, Vermont.

Professor P. H. Elwood, Iowa State College.

P. A. DesGranges, Director of Recreation, San Diego, California.

One of the highlights of the convention was a personally conducted tour through Father Flanagan's Boys' Home, Boystown, Nebraska, ten minutes west of Omaha on the Lincoln Highway to Lincoln, the capital city of Nebraska. It was established in 1924 as a haven for homeless boys and is supported entirely by voluntary contribution. Boystown comprises an administration building, chapel, schoolhouses, shops, gymnasium, swimming pool, baseball and football field. Five hundred boys of all races and creeds up to 18 years of age are educated and trained there at the present time. Estimated value of lands and buildings, ten million dollars. In a year or so the capacity will be doubled to 1,000 boys, as additional land has been acquired and new buildings are under construction.

All delegates departed for their home states, cities, and towns with renewed inspiration, zeal and enthusiasm, thankful to their superiors for the opportunity of attending the Convention.

Your delegate returned to Boston satisfied that no other city of comparable size excels Boston in providing more or better recreational facilities and advantages through its school department, park and recreation department, federation of settlement and neighborhood houses, C.Y.O., Y.M.C.A., Jewish Welfare League, Boy and Girl Scout Troops, and Massachusetts Youth Committee.

Respectfully yours,

JAMES T. MULROY, Director.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

To rebuild an 18-inch pipe sanitary sewer in Columbus avenue, between New Heath street and 35 feet northerly, in the Roxbury district, at an estimated cost of \$1,800.

CITY AUDITOR ISSUES INSTRUCTIONS TO HEADS OF DEPARTMENTS AND PAYROLL CLERKS AS TO PROCEDURE TO BE FOLLOWED IN MAKING INCOME TAX REPORTS FOR BOTH FEDERAL AND STATE LEVIES FOR 1948 IN EFFORT TO SPEED UP AND FACILITATE WORK.

On December 3 City Auditor Charles J. Fox issued the following instructions for speeding up income tax reports:

Under existing income tax laws, the city is required to report at the close of 1948

A. To the Internal Revenue Bureau—the total wages paid to each employee during the calendar year 1948 together with the total amounts withheld from each employee during 1948.

B. To the State—the amount paid to each employee who received wages, salary, or other compensation in excess of \$2,000 during 1948.

Fanfold W-2 Forms to cover this report are now ready and may be secured by requisition from the Printing Department. The forms have been prepared in quadruplicate and the first three forms are to be used for the Federal report and the remaining form for the State report. When prepared, the first two forms are to be given to the individual employee concerned, and the third and fourth copies are to be separated and sent in separate packages to the office of the City Treasurer.

The left-hand section of the forms is to be used to indicate the full name, street address, and post office division of each employee for whom a report is prepared. Since this information is standard for both Federal and State purposes, the typing of this section should be started immediately on receipt of the forms from the Printing Department. In the case of married women, the given first name and middle initial should be shown. For example: (Mrs.) Mary E. Smith, rather than Mrs. John J. Smith.

The right-hand section of the form is to be used for inserting the actual amounts of compensation and deductions. The forms have been designed so that, regardless of the fact the information to be returned to the State varies from that to be reported to the Bureau of Internal Revenue, these insertions may be made in one typing operation. The amount to be reported to the State is to be typed in the first or left-hand column in this section. By use of a "black-out" arrangement this information will not appear on the first and third copies of the form. Since Form No. 4 does not extend beyond this first column, the information concerning gross wages and deductions typed in the second and third columns will not appear on the State form.

In preparing the right-hand section of the form, reference should be made to the "Withholding Tax Payroll Summary" maintained for each individual employee during 1948. The grand totals developed at the bottom of this summary will furnish the basis for the amounts to be shown in the last two columns in their respective right-hand sections. If an employee has received any compensation during 1948, a report must be prepared even though no withholding deductions were made. In the case of weekly paid employees these totals

may be developed immediately after the preparation of the payroll for the week ending December 28 since this represents the last compensation to be paid such employees during 1948. In the case of semimonthly and monthly paid employees, however, these totals will involve all payments through December 31.

When all payrolls to be paid during 1948 have been prepared and recorded, each department should immediately submit to the City Treasurer the fourth quarter report showing total deductions by payrolls. This report should reach the City Treasurer on or before January 7, 1949. The preparation of the right-hand section of the forms should follow the submission of this report. The forms, when finished, should be held in each department until word is received from the City Treasurer that the report for the final quarter has been checked and verified. When this advice is received, the forms should be separated into three packages. The first package, consisting of Forms 1 and 2, should be distributed as speedily as possible among the employees involved, and the second and third packages, consisting of Forms 3 and 4, respectively, should be sent to the City Treasurer's office on or before January 20, 1949. Before forwarding the second package, however, the No. 3 forms making up the package should be listed on an adding machine tape. The total of this tape must agree with the total of the four quarterly summaries as checked by the City Treasurer. This adding machine tape should be attached to the second package when it is forwarded to the City Treasurer. The name of the department, the particular payroll designation, and the number of forms making up the package, should be shown at the top of each tape sent to the City Treasurer.

Under the Federal Tax Law, the City Treasurer is required to submit the third copies of the form to the Internal Revenue Bureau on or before January 31, 1949. Because of this requirement, it is imperative that the work of preparing the forms be handled as expeditiously as possible so that they may be turned over to the Treasurer by January 20, 1949. It should be remembered that forms must be prepared not only for all permanent employees actually employed at the end of the fiscal year, but, also, for all employees who received compensation during any part of the year from which Federal deductions were withheld. In ordering forms from the Printing Department, this fact should be kept in mind and a sufficient number ordered to cover each and every employee on whom a reporting is necessary. Forms prepared for employees no longer in the service of the city should be mailed to the last known address of the individuals involved. The Printing Department will supply window envelopes for this purpose.

Employees should be advised that their Federal tax returns in 1949 must be made on Forms 1040 or 1040A, depending on the amount and variety of income received. Form No. 1, which in former years could be used by certain employees as an income tax return, can no longer be used for this purpose. Since the majority of city employees will utilize Form 1040A in making their Federal tax returns in 1949, the Printing Department will furnish with every requisition for W-2 Forms an equal supply of Forms 1040A. These forms should be distributed to employees at the same time the W-2 Forms No. 1 and No. 2 are distributed.

WITHHOLDING TAX PAYROLL SUMMARY FORMS.

Withholding Tax Payroll Summary Forms for use in 1949 may be secured by requisition from the Printing Department. In making this requisition, it is suggested that a division be indicated between the number required for weekly paid employees and those paid semi-monthly or monthly. The weekly forms will have printed in the "Payroll Period Ending" column the dates for each weekly payroll period, whereas the forms for the other two types of payment will be blank in this column.

CHARLES J. FOX,
City Auditor.

MAYOR CURLEY ANSWERS CRITICS OF BOSTON IN RADIO BROADCAST.

(Continued from page 1245.)

sents the first permanent assignment of these ocean-going vessels from foreign countries since prior to World War II.

In the matter of building construction much has been said with reference to the lack of progress in providing homes for the families of veterans. Notwithstanding the fact that in proportion to population Boston leads every American city in this respect, and that, in the event of the adoption by Congress of the Wagner-Ellender-Taft Bill, there is a possibility with the incoming Democratic President and Congress that a real start will be made upon the cancer of American cities, namely, the slums where disease and crime flourish, where babies are born to lead lives as invalids or criminals, and which the Bourbonistic forces in America have permitted to sap the foundation of good citizenship and right-living Americans.

It is my purpose to report bi-monthly instead of monthly on the progress of the various departments of the city during 1949, so that when these strange birds, the whispering brigade of Bourbonism, get busy seeking charter changes, the public may be familiar with the truth.

With reference to veterans' housing, it is interesting to know that the Boston Housing Authority, since its creation, has provided 1,149 apartments for families of veterans in Charlestown. In the Mission Hill District in Roxbury, 1,023 apartments have been provided, at Lenox street in the South End, 306 apartments, at Orchard park in Roxbury, 774 apartments, at Heath street, Jamaica Plain, 420 apartments, at East Boston, 414 apartments, at Old Harbor Village,

1,016 apartments, and at the Old Colony development in South Boston, 873 apartments.

WORK FOR VETERANS.

This work represents a total of 5,975 apartments.

More recently there have been constructed in Columbia Village, South Boston, 281 temporary apartments, at Franklin Field, Dorchester, 324 temporary apartments; at Alsen Village, 160 temporary apartments; at Baker street, West Roxbury, 68 apartments in one- and two-family houses; at Captain John's Hill, Roslindale, 110 apartments in one- and two-family houses; at Cottage street, Hyde Park, 76 apartments in one- and two-family houses; at Saratoga street, East Boston, 8 one- and two-family houses; at Everdean street, Dorchester, 17 one- and two-family houses; at Readville, 66 one- and two-family houses; at River street, Mattapan, 450 one- and two-family houses; at Sawyer avenue, Dorchester, 12 one- and two-family houses; at Tileston street, Mattapan, 10 one- and two-family houses.

This means a total of 7,557 apartments actually constructed and completed for families of veterans.

At the present time, in addition to the work already completed, architects are working on plans for the development of 66 multiple units at Farragut road, South Boston; 43 apartments at P street, South Boston; at Arborway and Morton street, Jamaica Plain, 120 apartments for veterans; at Victory road, Dorchester, 48 apartments; at Willis street, Dorchester, 39 apartments; at the Jamaica way, 256 apartments; at Favre street, Mattapan, 34 one- and two-family houses; at Cottage street, Hyde Park, 100 apartments for families of veterans; at Commonwealth avenue, Brighton, 648 apartments for veterans; and at Faneuil and Market streets, Brighton, 264 apartments for veterans; or a total of 1,618 apartments now under way or which will shortly be under construction.

In addition, contracts have been awarded, and already the first payment of \$1,000,000 has been submitted by the contractor for the building of 972 apartments at Broadway and D street, South Boston, which when completed will represent an expenditure on this one project of some \$14,000,000. This project is the one where some 800 families were dispossessed, and the buildings razed in 1941, and which has been a hole in the ground, a blight on the city since that time, and which within one year will be occupied by families needing homes in which to live.

2,662 APARTMENTS.

In addition, the contract has been awarded for 72 apartments at Camden street and Shawmut avenue in Roxbury—or a total of awards and under construction of 2,662 apartments for veterans.

In addition, it is proposed that the South End district, which has been an eyesore and a blight on the city since 1941, when some 450 families were dispossessed and scattered to the four winds, with no hope of finding a place of habitation anywhere, will have a housing project constructed to provide 508 apartments. At Holworthy street, Roxbury, 30 apartments will be constructed; at Leyden street, East Boston, 30 apartments; at the Cottage street area in Hyde Park, 200 apartments; at the Calf Pasture in South Boston, in the vicinity of the Boston College High School, 800 apartments.

Summing up, this means a grand total of 11,787 apartments for veterans, which will represent when completed a total cost in excess of \$101,992,000.

ANSWERS GIVERS OF LIP SERVICE.

This is the best answer to those who give lip service to the veterans, and who condemn and criticize officials who are earnestly endeavoring to solve the problem of substituting something better than fox holes, or a number of families living together in cramped quarters, for the men who, in the hour of crisis, stood ready to make the supreme sacrifice that free government might not perish.

I invite both critics and croakers who publicly express interest in the veterans, and who are eager at all times to condemn the public officials in Boston who are endeavoring to solve a great problem which should have been solved long prior to now, to visit some of these developments and become familiar with the work that is being done while they sleep, and in their waking hours insist on carrying on their whispering campaign of condemnation and criticism and falsehoods directed at those who are endeavoring to solve one of our major problems.

I suggest they visit South Boston and see what has been accomplished in less than thirty days in the matter of providing homes for those requiring the same.

I suggest that on their way in from out of town they drive through River street in Mattapan and witness there the 450 homes of one- and two-family houses that are today filled with the happy families of veterans, that are a model for any community, that have been constructed so that people living there might assemble with their families at the blessed season of Christmas and rejoice that work and thought of the right character, rather than criticism and condemnation, continue to be applied to the solution of homes for veterans.

In these homes the American youths that lived in fox holes in the shadow of death, fighting for the preservation of democratic form of government, will this Christmas give their thanks to God, to a city of courage, of vision, of heart, and of accomplishment in behalf of those who should receive our first consideration.

Most people contended that the housing at South Boston would never become a reality, but today it is rapidly being constructed, and this will be true of the housing in the vicinity of the Cathedral.

With Harry S. Truman, President of the United States, Paul A. Dever, Governor, and James M. Curley, the Mayor, the slogan is—full steam ahead—performance rather than promises—action rather than delay.

NEW TRAFFIC LIGHTS IN SOUTH BOSTON.

(Continued from page 1245.)

At all other times motorists are informed that vehicular traffic on L street will receive a flashing green signal, and traffic on East Eighth street, where "Stop" signs have been located, will always stop before entering the intersection with a flashing red signal.

The flashing green signal on L street shall indicate that the intersection or pedestrian crosswalk is subject to use by entering or crossing traffic and that drivers may proceed only with caution and be prepared to comply with a change in the signal to a red and yellow indication. The flashing red on East Eighth

street shall indicate that the driver is required by law to stop before entering.

Councilor Thomas E. Linehan introduced the order for these signal lights into the City Council, which was authorized by his Honor, James M. Curley, Mayor of Boston, permitting the installation.

Councilor John B. Wenzler introduced the order for the signal installation at D street and West Broadway, which was also authorized by the Mayor.

Counts by the Boston Traffic Commission reveal that 15,000 vehicles pass through this intersection during each 24-hour period. This volume is made up principally of commercial vehicles hauling from nearby freight houses and the water front. The closing of the Dorchester Avenue Bridge over Fort Point Channel has considerably swollen traffic volumes at this point.

The proposed widening of the entire length of D street, from Dorchester avenue to Summer street, will in the future change traffic patterns at this intersection, which can be handled adequately by the new signals.

The pedestrian period included in the timing of the signal lights will afford a great degree of safety to children in the neighborhood attending the many public and parochial schools in the district. Parishioners of St. Peter and Paul's Church and those attending noonday services will also be afforded greater protection. Our Lady of the Rosary Church is also in the district. When the proposed housing project is completed, pedestrian volumes will greatly increase, and protection will be afforded to those living in this unit.

The signals will go under flashing operation starting at 11 p. m. of each day and will resume normal stop-and-go operation at 7 a. m.

EXTRA BEDS FOR BOSTON SANATORIUM AT MATTAPAN.

His Honor the Mayor on December 2 received the following letter from Dr. Frederick L. Bogan, Assistant Superintendent, Boston Sanatorium:

DEAR SIR:

May I express my personal appreciation of the interest you have shown in the Sanatorium Division as regards the granting of the salary increase to the nurses and medical workers.

In anticipation of the additional help which we hope to obtain as a result of your granting this increase, I am pleased to inform you that we opened Ward H. This ward was recently remodeled at a cost of \$30,000. The 40 extra beds which this ward provided were quickly filled, but there still remains a long waiting list.

With kind personal regards, I am

Very truly yours,

FREDERICK L. BOGAN, M.D.,
Assistant Superintendent.

BUILDING RAZED.

The Mayor has approved the request of the Building Commissioner to enter the building or other structure, or the abutting land or buildings, at 110 Castle street, Ward 5, with such assistance as required, and make safe, vacate forthwith, or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

Upon November 29 the Mayor approved a contract in accord with the following request:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of bids received on proposals for furnishing refrigerators to the Boston Sanatorium which were publicly opened and read in this office on November 19, 1948.

Subsequent to the opening of the bids, C. C. Peter, Inc., the lowest bidder, submitted a letter requesting that their bid be withdrawn. It is therefore requested that permission be granted me to award an order to Jones, McDuffee & Stratton Corporation, who is the next lowest bidder on specifications.

Total amount of order will be \$1,347, less a 2 per cent cash discount for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids were as follows:

2 Frigidaire, FI 20, or Equal, Each.—C. C. Peter, Inc., \$494.50; Jones, McDuffee & Stratton Corporation, \$537*;

(Continued from page 1233.)

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, or supplies as needed. Communications from the heads of the departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, November 30, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to permit the Institutions Department to amend the contract of the General Ship and Engine Company, Border street, East Boston, for further repairs to the S. S. "Stephen O'Meara," in an amount not exceeding \$8,406.78,

covering items in detail as will appear in the amendment.

On April 5, 1948, following removal of the ship's certificate by the United States Coast Guard Marine Inspection, for the reason of condemnation of its furnaces, a contract was advertised and awarded to the General Ship and Engine Company, the low bidder, in an amount of \$11,140. A long delay was had in having the furnaces supplied, as they were cast on order in Philadelphia. The furnaces have been delivered, whereupon the Coast Guard made further examination of the ship and have ordered repairs that were not and could not be anticipated when the original contract was drawn up.

In view of the fact that further delay in having the ship repaired otherwise would seriously impair the service to the Long Island Hospital, I have deemed it

expedient that these further repairs proceed concurrently with the original contract and by the same contractor.

The prices on the items submitted by the General Ship and Engine Company, as listed by the Coast Guard, have been studied and compared, and in the opinion of Captain Clark and myself are considered fair and reasonable, and no advantage would be had by the city in doing the work in any other manner.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

LIBRARY DEPARTMENT.

BOSTON, November 19, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested of the signing of a contract with the New England Deposit Library at 135 Western avenue, Allston, for the storage of books and other library materials for the period from January 1, 1949, to December 31, 1949, inclusive.

The New England Deposit Library was created by action of the General Court of the Commonwealth of Massachusetts under the terms of chapter 240 of the Statutes of 1941. In this legislation the Boston Public Library is named as a "participating institution," in company with the Massachusetts State Library, the Boston Athenaeum, Boston College, Boston University, Simmons College, the Massachusetts Historical Society, and other libraries, for the purpose of providing storage space for books and other library materials that are less used than others, and for which difficulties exist in finding storage space in existing crowded buildings. The "participating institutions" share co-operatively in the low-cost housing arrangements provided by the New England Deposit Library in accordance with a schedule of rates standard for all "participating institutions."

The Trustees of the Public Library have voted "that there be entered into with the New England Deposit Library a contract for the rental during 1949 of storage space therein for books and other library materials belonging to the Boston Public Library, in accordance with the rates for storage space formally adopted by the governing board of said New England Deposit Library." In voting to enter into such a contract, the Trustees have also set a limit of \$7,612.50 to the amount to be expended for such storage space for the year 1949.

Your approval of these arrangements is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by ROBERT H. LORD,
President.

SUPPLY DEPARTMENT.

BOSTON, November 23, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On December 26, 1947, your Honor approved a contract between the city, acting through the Superintendent of Supplies, and Lalime & Partridge, Inc., 1255 Boylston street, Boston, Mass., for the furnishing of certain cars, trucks, jeeps, ambulances, and municipal maintenance equipment to the city. Due to error appearing in the specifications

submitted to the Supply Department, duplicate credits were allowed for one of the commercial vehicles offered in trade, and, also, credit was given on another vehicle which had in fact been accepted in trade on a prior contract, dated October 28, 1946.

Because of the above mistake the sum of \$446 is to be added to Item No. 9 of the contract dated December 26, 1947, and the sum of \$350.85 is to be added to Item No. 11 of this contract.

In addition to the aforesaid errors, at the time of the opening of the bids trade-in values were offered on the following vehicles turned in for credit:

Vehicle S-363, credit \$537.85; vehicle P-279, credit \$1,025.63.

During the time allowed for delivery of the various new vehicles by Lalime & Partridge, the value of these cars has depreciated considerably because of accidents and the fact that expensive parts have been removed from one of them. The value of these trade-in cars at the present time is as follows:

Vehicle, S-363, fair value of adjustment, \$387.85; vehicle P-279, fair value of adjustment, \$753.53.

I respectfully request your permission, therefore, to amend this contract in order to (a) eliminate the above duplication of credits for one trade-in car; (b) remove a credit given on another trade-in car which was actually allowed on a prior contract; (c) reflect the fair value of certain trade-in cars in the condition received by the contractor, so as to bring about a proper adjustment in the total amount of the said contract.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, November 23, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On November 18, 1948, bids were publicly opened and read in this office for furnishing one (1) Broyles optical bronchroscope to the Boston City Hospital.

It is respectfully requested that permission be granted me to award an order to the Thomas W. Reed Company. Total amount of order is \$1,257, less a 2 per cent cash discount for payment in ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with American Type Founders Sales Corporation for furnishing and delivering offset printing equipment to Boston Trade High School from October 30, 1948, to December 31, 1948. Contract approved August 25, 1948. This extension is requested because of difficulty in getting equipment, necessitating delay in assembling at school.

Approval has been given for the extension of the time of completion of the contract with American Type Founders Corporation for furnishing and delivering offset printing equipment to Roxbury Memorial High School for Boys from October 30, 1948, to December 31, 1948. Contract approved August 24, 1948. This extension is requested because of difficulty in getting equipment, necessitating delay in assembling at school.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Brighton Construction Company, Inc., for setting of new edgestone and construction of artificial stone sidewalks in St. Brendan road, Ward 16, from Milton street to Hill Top street, from September 30, 1948, to October 30, 1948. This extension is requested for the reason that there was a delay in delivery of edgestone.

Approval has been given for the extension of the time of completion of the contract with Walter Reed Corporation for laying sheet asphalt pavement in Bradeen street, Elven road, May street,

and Sheridan street from November 15, 1948, to December 31, 1948. This extension is requested for the reason that the contractor was delayed by adverse weather conditions.

CONTRACTS AMENDED.

The Rossano Construction Company, Inc., has been allowed to amend the contract to perform all work necessary for and incidental to the alterations to the Oak and Tyler Street Municipal Building, Boston, by striking out the words "thirty days," as appearing on line 4, Article II, thereof, and substituting therefor the date "November 29, 1948," so that said Article II shall read as follows:

"The contractor shall commence work forthwith upon the approval of this contract by his Honor the Mayor and shall bring the work to entire completion on or before November 29, 1948."

This agreement is made subject to the provisions of the contract hereinbefore referred to.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of November 4, 1946, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Florian street, formerly Florence street, be, and the same hereby is, amended, by adding to said order the amount \$123.87 as an award to Elizabeth A. Hitchcock; that the amount \$123.87 be, and the same hereby is, awarded to Elizabeth A. Hitchcock for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of June 2, 1947, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Clearwater Drive, be, and the same hereby is, amended, by adding to said order the amount \$30 as an award to William A. Javelin and Muriel C. Javelin, husband and wife as tenants by the entirety; that the amount \$30 be, and the same hereby is, awarded to William A. Javelin and Muriel C. Javelin, husband and wife as tenants by the entirety, for the damages so sustained.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Matz Construction Company has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Forest street, North avenue, Renfrew street, and Shirley street, dated October 1, 1948.

Items ordered: 1. Excavate and remove approximately 70 cubic yards of rock in North avenue; price to be paid for each cubic yard of rock excavated and removed, the sum of \$12. 2. Omit the construction of Class B concrete retaining wall (Item 4D of contract) in Renfrew street, and substitute the construction of a Class A steel-reinforced concrete retaining wall. Price to be paid for each cubic yard of Class A concrete furnished and laid, the sum of \$40.

Estimated cost of additional work, \$3,240; estimated cost of omitted work, \$275; estimated increase in cost, \$2,965.

ADDITIONS TO CONTRACT.

FIRE DEPARTMENT.

Approval has been given to the following addition to the contract of J. A. Singarella Company for the erection of a new fire station for Engine 10 at 127 Mt. Vernon street, Back Bay. The contract is dated August 29, 1947.

Addition No. 2.

Build a duct line from Manhole No. 2 of the New England Telephone Company, located at Charles and Mt. Vernon streets, to Fire Station No. 10, 60 River street, Boston, approximately 200 feet in length. Obtain all necessary permits, excavate trench to a minimum depth of 2½ feet below the street surface, furnish in place four 3-inch black steel ducts in the trench, connect these ducts to Manhole No. 62, backfill the trench, and resurface the street in accordance with the requirements of the Public Works Department, \$2,750.

Original contract, \$132,794.63; amendment to contract, dated January 7, 1948, \$6,100; Addition No. 1, dated March 20, 1948, \$400; Addition No. 2, dated June 23, 1948, \$344.63; total contract with amendment and additions, \$132,794.63; less Deduction No. 1, dated November 28, 1947, and Deduction No. 2, dated May 20, 1948, \$757.17; total contract with additions, amendment, and deductions, \$132,037.46.

DAMAGES SUSTAINED.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking of an easement for sewerage purposes and the construction of sewerage works in Saw Mill Brook, West Roxbury district, under the order of the Board of November 17, 1948, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

POLICE DEPARTMENT ORDERS.

General Order No. 1,133.

Sergeant Daniel J. Moynihan, Traffic Division; and Detective Joseph A. Friel, Division 13, John P. Regan, Division 16, and Nicholas J. Waters, Bureau of Criminal Investigation, all detailed to Superintendent's office (S. S. S.), are commended for meritorious police duty performed on November 28, 1948.

These officers observed a car occupied by three men parked at the corner of Massachusetts avenue and Washington

street. The men were arrested on suspicion, and the officers seized a loaded revolver, dirk knife, and a box containing 500 grams of morphine sulfate.

Further investigation resulted in the recovery of a large amount of merchandise and narcotics and led to the arrest of ten men charged with numerous offenses ranging from carrying weapons, receiving stolen goods, and larcenies during an extended period.

The commissioner is pleased to commend these officers for their keen observation, tireless efforts, and devotion to duty, giving generously of their time in accomplishing these important arrests as well as the recovery of valuable merchandise and narcotics. In addition, each officer is hereby granted two days' extra vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective December 6, 1948:

Section 24, Part 1 (One-Way Streets), is amended by adding the following:

Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in Council that the Commissioner of Public Works install electric lights in Cobden street, Roxbury, Ward 11, and this will advise you that, due to the fact that there are no overhead facilities available, we will be unable to comply with said order at the present time.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

INCOME SCHEDULES OF HOUSING DEVELOPMENTS.

The following was received:

City of Boston,
Office of the Mayor, November 26, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Boston Housing Authority, relative to your order of September 20, 1948, concerning income schedules of developments in the jurisdiction of the Authority.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Housing Authority,
November 22, 1948.

Hon. James M. Curley,
Mayor of Boston.

Subject: City Council Order, September 20, 1948, Concerning Income Schedules of Developments in the Jurisdiction of This Authority.

Dear Mr. Mayor:

In reply to your letter of September 20, 1948, on the above subject, the information requested is attached in a sufficient number of copies that one may be furnished each councilor.

This information includes: (1) a schedule of rents and incomes in low-income developments; (2) a schedule of rents and incomes in Old Colony development; (3) a schedule of rents and incomes in temporary developments; (4) a schedule of rents, incomes, and qualifications in the chapter 372 one- and two-family house program.

This answer has been delayed pending settlement of the question of inclusion of veterans' disability allowances in computing incomes, which you know has been resolved by the exclusion of such disability allowances as to eligibility but inclusion as to computation of rent.

Respectfully yours,
CORNELIUS P. CRONIN, Chairman.

RENTS AND INCOME,
OLD COLONY DEVELOPMENT.

Rents for the Old Colony Development are charged in the following manner:

POLICIES AND RENT SCHEDULE,
CITY OF BOSTON VETERANS' HOUSING PROGRAM.

The tentative policies and rent schedule adopted by the Boston Housing Authority for the acceptance of applications for this housing program is as follows:

Only families of veterans of World War II, who were discharged under conditions other than dishonorable, families of servicemen who died in action, and the wife of a man who is still in service provided they are members of a family unit, may apply.

Preference will go to those applicants who are living under the greatest housing distress.

Preference will be given to families with small children.

Each eligible family will be admitted only to the size apartment it requires.

Applicants must be residents of this city for at least three years prior to date of filing, the time spent in service to be included as though resident in Boston.

Applicants or any member of family to be housed will not be eligible if they own dwelling property.

INFORMATION FROM HOUSING
AUTHORITY.

The following was received:

City of Boston,
Office of the Mayor, November 24, 1948.
To the City Council.

Gentlemen:
I transmit herewith communication from the Boston Housing Authority, relative to your order of October 5, 1948, concerning list of apartments to be available during the next six months and a list of proposed developments.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Housing Authority,

FLOODLIGHTS, CHRISTOPHER J. LEE
PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, November 23, 1948.
To the City Council.

Gentlemen:

I transmit herewith communication from the Park Department, relative to your order of November 15, 1948, concerning the installing of floodlights on the Christopher J. Lee Playground, M and Second streets, Ward 6.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 22, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

I have again the request of the City Council to install floodlights on the Christopher J. Lee Playground, M and Second streets, South Boston.

A short time ago a similar request was made for the Columbus Park Stadium. At that time I stated that it is the usual custom that when floodlights are installed that they be installed on an enclosed field. I feel that this is very important, particularly when you consider the cost of such an installation; with all its glass there would be bound to be considerable damage to any floodlights, no matter how high they were in the air if the field is not enclosed.

However, I shall be only too pleased to submit to the Budget Commissioner an estimate of the cost of such an installation, with enclosure, estimated cost of maintenance, and estimated cost of operation.

Very truly yours,
JOHN J. MURPHY, Chairman.

HOUSING DEVELOPMENT IN WARD 14,
UNDER CHAPTER 200.

The following was received:

City of Boston,
Office of the Mayor, November 26, 1948.
To the City Council.

Gentlemen:

I transmit herewith communication from the Boston Housing Authority, relative to your order of November 8, 1948, concerning housing development in Ward 14, under chapter 200 of the Acts of 1948.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Housing Authority,
November 24, 1948.

Hon. James M. Curley,
Mayor of Boston.

Subject: City Council Order, November 8, 1948
Concerning Housing Development in Ward 14, under Chapter 200 of the Acts of 1948.

Dear Mr. Mayor:

In reply to your request on the City Council order referred to above, the following information is submitted.

Under date of October 5, 1948, the City Council requested this Authority to furnish each member of the Council with a list of proposed developments.

Such list has been submitted and in effect earmarks all the funds available to the Authority under chapter 200.

The Authority is, however, hopeful that federal housing legislation will be passed early in 1949 which will make further funds available. At that time be assured that this Authority will give every consideration to this request.

Respectfully yours,
CORNELIUS P. CRONIN, Chairman.

HOUSING DEVELOPMENTS IN NORTH,
SOUTH, AND WEST ENDS, UNDER
CHAPTER 200.

The following was received:

City of Boston,
Office of the Mayor, November 24, 1948.
To the City Council.

Gentlemen:

I transmit herewith communication from the Boston Housing Authority, relative to your order of November 15, 1948, concerning the proposed housing development in the North End, West End, and South End, under the provisions of chapter 200 of the Acts of 1948.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Housing Authority,
November 22, 1948.

Hon. James M. Curley,
Mayor of Boston.

Subject: City Council Order of November 15, 1948, on Proposed Housing Development in the North End, West End, and South End, under the Provisions of Chapter 200 of the Acts of 1948.

Dear Mr. Mayor:

With reference to the above order be advised that this Authority is only too well aware of the housing conditions in the area spoken of.

As the Council no doubt knows, the Authority is now and has been endeavoring to resolve the difficulties concerning the development in the South End, near Malden and Washington streets, and will continue its efforts along this line.

Every consideration will of course be given to areas in the West and North Ends. These areas however present quite a problem inasmuch as there is practically no vacant land in either section and, due to the housing shortage, clearance of substandard areas is an impossibility, and further the State Housing Board will not allow such clearance under the terms of chapter 200.

The Authority is however hopeful that federal legislation favorable to urban redevelopment will be passed early in 1949, and that the future of sections of these areas can be reappraised in light of that legislation.

Respectfully yours,
CORNELIUS P. CHRONIN, Chairman.

TRAFFIC SIGNALS, WARDS 21 AND 22.

The following was received:

City of Boston,
Office of the Mayor, October 27, 1948.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commission, relative to your order of October 18, 1948, concerning the installing of traffic lights at the junction of Warren, Sparhawk, and Cambridge streets, Wards 21 and 22.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, October 27, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

This is to acknowledge Council order dated October 18, 1948, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install traffic lights at the junction of Warren, Sparhawk, and Cambridge streets, Wards 21 and 22," please be informed that I have requested our engineers to make a survey of same and, upon receipt of their report you will be advised of the action we take.

TRAFFIC SIGNALS, WARD 11.

The following was received:

City of Boston,
Office of the Mayor, November 29, 1948.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner, relative to your order of November 8, 1948, concerning the installing of automatic traffic signals at the intersection of Washington street, McBride street, and Rossmore road, in Ward 11.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, November 22, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

In reply to blue memo of November 12, 1948, from Lawrence P. Gilligan, chief clerk, requesting consideration and report on Council order dated November 8, 1948, from Councilor Tracey, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic signals at the intersection of Washington street, McBride street, and Rossmore road, in Ward 11,"

please be advised that the engineers of this department are well acquainted with the subject intersection, and it is their opinion that there are many other intersections more deserving of immediate attention. For this reason I recommend that no action be taken at this time.

Respectfully submitted,
LEO F. CURLEY, Commissioner.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner, relative to your order of November 8, 1948, concerning the installing of automatic traffic signals at Harrison avenue and East Brookline street, and at Harrison avenue and East Dedham street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, November 22, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

In reply to blue memo of November 12, 1948, from Lawrence P. Gilligan, chief clerk, requesting consideration and report on Council order dated November 8, 1948, from Councilor Hurley, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the following locations in Ward 8: Harrison avenue and East Brookline street; Harrison avenue and East Dedham street," please be advised that the two intersections referred to in the memo subject are deserving of consideration and a study will be made.

At the present time, however, there is no money available and if action is taken it will, of necessity, take place next year. In the meantime we hope that within a few months signals will be erected at the intersection of Harrison avenue and East Concord street, which we believe will ease the general situation.

Respectfully submitted,
LEO F. CURLEY, Commissioner.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner, relative to your order of November 8, 1948, concerning the installing of "Stop" signs at the following-named locations: Radcliffe and Harvard streets; Norwell and Harvard streets, both corners; Greenwood and Harvard streets.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, November 22, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

This is to acknowledge blue memo dated November 12, 1948, signed by Lawrence P. Gilligan, chief clerk, requesting consideration and report on Council order of November 8, 1948, from Councilor Ansel, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install 'Stop' signs at the following-named locations:

Radcliffe and Harvard streets; Norwell and Harvard streets, both corners; Greenwood and Harvard streets."

As regards to subject matter, a detailed traffic survey will be made, and if the need for the same is found to be necessary it will be included in the lights to be requested for next year, as the present budget for signal lights is exhausted.

Respectfully submitted,
LEO F. CURLEY, Commissioner.

I transmit herewith communication from the Traffic Commissioner, relative to your order of November 8, 1948, concerning the placing of "Stop" signs at Courtland road and Greendale road in the Ward 14 section of Boston.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, November 22, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

In reply to blue memo of November 12, 1948, signed by Lawrence P. Gilligan, regarding Council order dated November 8, 1948, by Councilor Ansel, reading as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to place 'Stop' signs at Courtland road and Greendale road in the Ward 14 section of Boston," please be advised that this intersection is wide open, with plenty of opportunity to see traffic approaching in either direction. There have been very few accidents involving personal injuries at this intersection, and the engineers do not believe that it is necessary to make this street a "Stop" street. However, further study will be given to this location.

BUS SERVICE, ORIENT AVENUE SECTION.

The following was received:

City of Boston,
Office of the Mayor, November 29, 1948.
To the City Council.

Gentlemen:
I transmit herewith communication from the Metropolitan Transit Authority, relative to your order of October 18, 1948, concerning the installing of a bus route to run from the Gladstone Street Station over Orient avenue and back, to take care of the persons who live on the side streets off Orient avenue.

Respectfully,
JAMES M. CURLEY, Mayor.

Metropolitan Transit Authority,
November 24, 1948.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

Pursuant to request contained in order of the City Council received with your letter of October 21, a survey has been made of the Orient avenue section of East Boston with regard to feasibility of establishing bus service to run from the Gladstone Street Station over Orient avenue.

Orient avenue comes to a dead end near McLellan Highway; there are no suitable streets in the vicinity of Orient avenue for return trips, and buses would have to be turned for the return trip in Orient avenue. This, together with the grades on Orient avenue and the fact that the outer termini of the proposed bus service would be only about three-quarters of a mile from the Bennington street car line—and the cost of operating the service—constitute conditions which, in the opinion of the Board of Trustees, make it inadvisable to operate the bus service over Orient avenue.

Very truly yours,
EDWARD DANA, General Manager.

Dear Sir:

We have a surplus of one hundred (100) pigs at the House of Correction, Deer Island, which we would like to sell. These pigs weigh about one hundred (100) pounds each, a total of ten thousand (10,000) pounds.

At the present market price this department should receive approximately two thousand dollars (\$2,000) from this sale.

If approved, it is our intention to advertise this sale in the City Record and sell to the highest bidder, with a representative of the Sealer of Weights and Measures Department to supervise the weighing.

Authority by the City Council and your Honor's approval of this public sale is respectfully requested.

Very truly yours,
MAXWELL B. GROSSMAN,
Penal Institutions Commissioner.

Ordered, That the Penal Institutions Commissioner is hereby authorized to sell to the highest bidder one hundred (100) surplus pigs at the House of Correction, Deer Island.

Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

G. FRANK McDONALD,
(Dec. 11.) Commissioner of Institutions.

HIGHWAY AID.

'The Federal Works Agency has apportioned to the states the \$500,000,000 made available for this year under the Federal Highway Aid Act of 1944. This appropriation recognizes that the major traffic problems are in and adjacent to urban centers and is therefore to be spent in large part (\$125,000,000) for removing traffic bottlenecks and connecting principal cities with express highways. A total of \$100,000,000 is being made immediately available for planning, surveying, engineering, acquiring rights-of-way, and for construction.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN PARAGON ROAD AND GLENELLEN ROAD, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 503 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Paragon road and Glenellen road, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Paragon Road and Glenellen Road, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of TUESDAY, DECEMBER 28, 1948, with a certified check for NINE HUNDRED (900) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

TRAFFIC COMMISSION DECIDES TO EXPERIMENT WITH COMBINATION OF PENNY AND NICKEL METERS IN ROSLINDALE SECTION—AIM TO TEST USE FOR SUBURBAN AREAS.

Traffic Commissioner Leo F. Curley, Chairman of the Boston Traffic Commission, announced that in a meeting of the Board held on December 9, it was voted, for a trial period, to change from nickel meters to combination penny and nickel meters in the Roslindale section.

During this trial period engineers of the Boston Traffic Commission will have an opportunity to further study the effect of the change under actual conditions. Studies made recently seemed to show that penny meters would be more satisfactory in the suburban areas where shopping requires less time.

At the end of the trial period if the report of the engineers is favorable, the multiple coin meters, which will allow 12 minute parking for one penny or 120 minutes for two nickels, will replace the present nickel meters in all of the outlying areas. The Commissioner clearly indicated however, that no consideration is being given to a change of meters in the downtown or Kenmore square areas.

Merchants of the Roslindale district have made many requests to have the change brought about. The change will go into effect as soon as the new meter heads can be placed which work will begin immediately.

MAYOR SECURES BUILDING IN SOUTH BOSTON FOR USE OF OVERSEERS OF PUBLIC WELFARE FROM U. S. NAVY—LEASE NOW BEING NEGOTIATED.

His Honor the Mayor, on December 15, received the following letter from John L. Sullivan, *Secretary of the Navy*, Washington, D. C.:

DEAR MAYOR CURLEY:

In my previous letter on November 17, 1948, I told you that I would inform you of the Navy's decision on the proposal by the Boston Overseers of Public Welfare to lease building No. 50 at the K Street Annex at the U. S. Naval Drydocks in South Boston.

After giving further consideration to the various factors involved, it has been determined that the best interests of the public would be served by allowing the Overseers of Public Welfare the use of the building. At a conference in Boston on November 18, attended by representatives of the Commandant of the First Naval District and by Messrs. Louis P. Leonard and Joseph P. Keyes, representing the Overseers of Public Welfare, agreement was reached on the tentative terms of the proposed lease. The Chief of the Bureau of Yards and Docks of the Navy Department has, accordingly, been directed to negotiate the lease substantially in accordance with those terms.

MAYOR CURLEY APPROVES CONTRACTS FOR COLLECTION AND REMOVAL OF GARBAGE AND ASHES FOR YEAR 1949—IN ALL DISTRICTS COVERED BY CONTRACTS, LOWEST BIDDERS GETTING WORK, WITH EXCEPTION OF JAMAICA PLAIN DISTRICT 5B, WHICH WAS GIVEN TO LOWEST QUALIFIED BIDDER WHO HAS OR CONTROLS OWN DUMPING GROUNDS.

The following letter was received on December 13 by his Honor, the Mayor, from the Commissioner of Public Works:

BOSTON, December 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

On December 7, 1948, after public advertisement, bids were opened in this office for collecting and removing garbage and ashes during the year 1949, in the sections of the city which are covered by contract.

11. HYDE PARK	Mary C. Bryan, 951 Canterbury Street, Roslindale (refuse to be hauled to dump owned or controlled by bidder).....	4,656 80

Because of the fact that an informality occurred in the bids submitted covering District 5B, Jamaica Plain, I respectfully recommend the rejection of the bids received, and I ask your Honor's authority to dispense with further advertising and to award the contract for this district to John J. Moore Company, 5 Regent Circle, West Roxbury, the lowest qualified bidder, at \$8,779 per month, the amount mentioned in the proposal received in this office. Under the terms of this contract, the refuse is to be hauled to a dump owned or controlled by the bidder.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

MAYOR GETS \$798 CHECK FOR CHRISTMAS BASKET FUND FOR NEEDY FROM PAUL BOWSER ENTERPRISES.

His Honor the Mayor, on December 13, received the following letter from Paul Bowser:

DEAR GOVERNOR:

Enclosed find my check for \$798. Your percentage on the show last night for your Christmas fund was \$608. If you will recall, however, last year before Christmas I advanced you a certain amount of money and didn't run the show until after the holidays. The result was that when I did run the show there was \$190 due you. Consequently, \$608, plus the \$190 balance, makes up the \$798, the amount of the check enclosed for you.

Trusting that the people of Boston will have a Merry Christmas and a Happy New Year because you and I are doing our best for them, and with kindest regards until I see you, I am

As ever,

PAUL BOWSER.

P.S. Your good friend, Colonel Duncan, will be the next one to benefit after the holiday season is over.

P. B.

PARKING PROHIBITION.

Traffic Commissioner Leo F. Curley, as Chairman of the Boston Traffic Commission, announced that in a meeting of the Board, held on December 15, at the request of Police Commissioner Thomas F. Sullivan and Park Commissioner John J. Murphy, it was voted:

That parking be prohibited in Commonwealth avenue, both sides, from the Newton line to Chestnut Hill avenue, 24 hours, from December 10, 1948, to March 1, 1949.

The commissioner pointed out that this regulation is voted annually to facilitate snow removal in the area.

BOSTON WARNED AGAINST MOTOR ACCIDENTS IN HOLIDAY SEASON.

The number of accidents and deaths due to the crowded condition of the streets of the city and the carelessness in many cases of the operators of motor vehicles, makes it imperative that the public be warned to the necessity for the exercise of extreme care for the remainder of the holiday season.

Boston is fortunate in that the total number of deaths reported at the present time is but 39 as against 79 for the same period one year ago. The accidents, in many cases, are due to the fact that persons doing their Christmas shopping are thinking more of the work they have in mind than of exercising care, which should always be exercised in the crossing of thoroughfares this time of year. On the other hand, the operators of motor vehicles should be cautioned to drive slower at this time and exercise great care.

The most regrettable feature has been that so many children under 10 years of age have been killed either through carelessness of the operator of motor vehicles or the carelessness of the child itself.

It is necessary to impress upon the operators of motor vehicles and the children themselves the necessity of exercising extreme caution if there is to

be joy in the homes of people at Christmas rather than tears or sadness through the loss of a loved child.

CIRCULAR LETTER NO. 11F.

CITY OF BOSTON,
MAYOR'S OFFICE, December 13, 1948.
To the Heads of All Departments.

DEAR SIR:

It is desirable that all employees of the city be accorded sufficient time in which to make their purchases for Christmas.

You are accordingly directed to arrange the schedule of the employees of your department so that one-half of the employees be granted a half-holiday, from twelve o'clock on, upon Thursday, December 16, and the remainder, a half-holiday upon Tuesday, December 21.

Kindly send out the necessary notices at once.

Respectfully,

JAMES M. CURLEY, Mayor.

DEPARTMENT CHANGES.

(Continued from page 1253.)

chester, hospital medical worker, \$33.57 a week; Rosalie Daigle, 23 Williams avenue, Hyde Park, hospital house worker, \$26.24 a week and maintenance; John O'Malley, 249 River street, Mattapan, patient male nurse, \$12.80 a week; Alberta Hoenig, 515 Talbot avenue, Dorchester, hospital medical worker, \$29.74 a week; Patrick Foley, 40 Sunnyside avenue, Winthrop, hospital kitchen worker, \$27.24 a week; Jason Boyle, 41 Rexford street, Mattapan, hospital medical worker, \$30.74 a week; Burton Jenkins, 9 Albemarle street, Boston, hospital medical worker, \$30.74 a week; Mary E. Neary, 89 Union Park street, Boston, registered graduate nurse, \$2,317.50 a year and maintenance.

Approval has been given for the following resignations:

Olive Murphy, hospital medical worker; Bernice McDonald, registered graduate nurse; Earl Evans, hospital kitchen worker; Mary Neary, registered graduate nurse; Rosalie Daigle, hospital house worker; Teresa Malaguti, hospital kitchen worker.

Permission has been given for an increase by two of laboratory technicians at \$2,000 a year and to abolish the positions of extra "special" technicians at \$10 a day.

If these two additional positions are created, all overtime in the laboratories, with the exception of the Out-Patient Department, and all night chemistry overtime will be unnecessary. If these

appointments are approved, the reduction of overtime alone will go a long way toward defraying the cost of the additional help.

The scheme which will operate when the full staff is appointed will be a rotational system in which the night staff will not work in the daytime and all will work 40 hours each week.

INSTITUTIONS DEPARTMENT.

The following changes have been made in the personnel for the week ending December 1:

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, commercial enterprises, and contractors for furnishing labor, supplies, etc. Communications from the heads of the various departments were as follows:

AUDITING DEPARTMENT.

BOSTON, December 7, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

I respectfully request that \$260 be allotted from the balance remaining in the reserve of the Departmental Equipment Loan to Auditing Department, Office Equipment, for the purchase of steel files and cabinets which are required in the Disbursement Division of this office. These files will be used to store various forms necessary for the work of this division. Because of the importance of these records, it is essential that they be stored in fireproof cases.

Very truly yours,

CHARLES J. FOX, *City Auditor.*

INSTITUTIONS DEPARTMENT.

BOSTON, December 3, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Your authority is respectfully requested to permit the Institutions Department to renew a contract with C. A. Foley, 47 Summer street, Hyde Park, for the furnishing of boat hire to the Long Island Hospital, in a sum not to exceed \$15,000, for the period January 1, 1949, through December 31, 1949, without the formality of public bidding.

The contract would be to provide boat service for:

1. 3 trips on Sundays and one trip on Saturdays, to allow regular crew of our ships time off.

2. Trips as required on holidays.

3. The 11:30 p. m. trip six nights per week to overcome overtime.

4. Emergency trips when regular boats are in shipyards for repairs.

Rates for the use of the "James J. Minot" and the "Marriner," owned by C. A. Foley, to be as follows:

One or two round trips on any one day, \$30 each trip.

Three or more round trips on any one day, \$30 for the first trip and \$20 for each additional trip.

Our estimate for the amount required for period beginning January 1, 1949, through December 31, 1949, is \$15,000.

Estimate is based on service rendered under contract for period July 1, 1948, to December 31, 1948.

As C. A. Foley has been rendering the Institutions Department this service for a long period in a satisfactory manner, without a change of rates, we believe no advantage would be gained by the city in public advertising.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

SUFFOLK COUNTY.

COURT HOUSE COMMISSION.

BOSTON, December 7, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MAYOR CURLEY:

The Commission respectfully requests your approval to contract with the Art Metal Construction Company, without advertising, for the following equipment required by the Registry of Probate:

One new fireproof record bookcase of three sections with roller shelves, steel curtains, and locks for the storage of large record books, delivered and installed for \$2,095.

One new fireproof steel index case containing 15 roller shelves with steel curtains and locks with 36 card-index drawers and cupboards, steel doors, and locks, delivered and installed for \$1,142.

This equipment has to be specially built to satisfy requirements and to match equipment previously furnished and installed by the Art Metal Construction Company. The Commission therefore feels that this equipment can be best furnished by the same company, and is satisfied with the prices submitted.

The funds for the above are available in the 1948 budget.

Very truly yours,

COURT HOUSE COMMISSION,
by ARNO I. DREW,
Chairman.

POLICE DEPARTMENT ORDERS.*General Order No. 1,134.*

A Board of Merit, consisting of Superintendent Edward W. Fallon, Deputy Superintendents James F. Daley, James J. Hinchey, and James T. Sheehan, has brought to the attention of the Police Commissioner the following outstanding cases in which police officers of this department have especially distinguished themselves in the performance of their duty during the year 1948.

The Commissioner therefore makes the following awards:

THE WALTER SCOTT MEDAL FOR VALOR AND A DEPARTMENT MEDAL OF HONOR TO PATROLMAN JOHN J. RIDGE OF DIVISION 3.

Patrolman JOHN J. RIDGE of Division 3 is hereby awarded the Walter Scott Medal for Valor and a Department Medal of Honor for distinguished and meritorious service performed on January 23, 1948.

Patrolman RIDGE, while off duty, observed smoke and flames coming from a one-story business building on Cambridge street, City. Disregarding his own safety, he threw his coat over his head, ran through the flames and carried an elderly man, who was in a semiconscious state, to safety. Both men suffered severe burns about the hands and face.

DEPARTMENT MEDALS OF HONOR.

Patrolmen EDWARD J. MITCHELL and ELMER J. CUDDY of the Traffic Division are each awarded a Department Medal of Honor for distinguished and meritorious service performed on February 27, 1948.

These officers were informed that a boy had fallen through the ice into Muddy River on Park Drive. With the assistance of a passing motorist they locked hands forming a chain, plunged into the water, and brought the boy to safety.

Patrolmen JOHN J. HURLEY and COLEMAN J. COSTELLO of Division 1 are each awarded a Department Medal of Honor for distinguished and meritorious service performed on March 3, 1948.

Patrolman HURLEY observed a man acting in a suspicious manner in Canal street. As the officer approached, the man started to run and was overtaken by the officer. The prisoner resisted arrest and attempted to draw a loaded revolver from his pocket. Patrolman COSTELLO arrived at the scene, having heard a shot, and after a terrific struggle, the officers placed the man under arrest. Later investigation revealed that the prisoner had broken into a business establishment and knocked off the com-

bination and handle of a safe. A search of his room in a nearby hotel uncovered a number of burglarious tools and a revolver.

Patrolman EDWARD J. LAMB of Division 19 is hereby awarded a Department Medal of Honor for distinguished and meritorious service performed on April 15, 1948.

While on traffic duty at a school crossing in Mattapan, a six-year old child disobeyed Patrolman LAMB's directions and ran into the path of a street car. The officer ran to the center of the car tracks where the child had stopped, picked her up in his arms and attempted to jump from in front of the approaching street car. They were both struck and thrown to the ground, receiving minor injuries, but Patrolman LAMB's prompt action undoubtedly prevented serious injury or possible death to the child.

Patrolman DANIEL V. CONNORS of Division 4 is hereby awarded a Department Medal of Honor for distinguished and meritorious service performed on July 17, 1948.

Patrolman CONNORS, while on duty at Columbus and Massachusetts avenues, pursued a man who shortly before had shot and severely wounded a brother police officer. When the man was overtaken in a vacant lot he attempted to shoot Patrolman CONNORS but the officer managed to disarm him and place him under arrest.

Patrolmen FRANCIS A. CASEY and GEORGE E. KILLEN of Division 14 are each awarded a Department Medal of Honor for distinguished and meritorious service performed on November 12, 1948.

These officers, while on duty in a cruising car, observed an unknown man in back of the cash register in a liquor store. Patrolman CASEY entered to investigate whereupon the bandit drew a revolver, fired three shots at the officer, and then ran toward the door. Patrolman KILLEN jumped from the car and attempted to intercept the man who fired at the officer and ran. Several exchanges of shots occurred and the man was found unconscious shortly afterwards from wounds that resulted in his death. This man had held up the proprietor and a customer of the store at gunpoint and looted the cash register.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,135.

The following is a copy of chapter 135, Acts of 1948:

AN ACT PROVIDING THAT POLICE OFFICERS OF THE CITY OF BOSTON SHALL BE GIVEN AN ADDITIONAL DAY OFF DUTY OR UNDER CERTAIN CIRCUMSTANCES AN ADDITIONAL DAY'S PAY WHEN THEY ARE REQUIRED TO WORK ON CERTAIN LEGAL HOLIDAYS.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. Notwithstanding the provisions of section thirteen of chapter two hundred and ninety-one of the acts of nineteen hundred and six, as amended, if any police officer of the City of Boston is required to work

on January first, February twenty-second, April nineteenth, May thirtieth, July fourth, the first Monday of September, October twelfth, November eleventh, Thanksgiving day, or Christmas day, or the day following when any of the five days first mentioned, or October twelfth, November eleventh, or Christmas day, occurs on Sunday, he shall be given an additional day off, or, if such additional day off cannot be given by reason of personnel shortage or other cause, he shall be entitled to an additional day's pay.

SECTION 2. This act shall take full effect upon its acceptance by vote of the city council of said city, subject to the provisions of its charter, but not otherwise.

Approved March 12, 1948.

The above act was accepted by the Boston City Council on December 6, 1948, and approved by his Honor, the Mayor, on December 8, 1948.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,136.

Patrolman Michael F. Quinlivan, Division 6, honorably discharged veteran of World War I, having arrived at the age of fifty-five years, having been in service of the Boston Police Department for twenty-two years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Michael F. Quinlivan will be retired from active duty in the Police Department, effective Tuesday, December 14, 1948, at 5:45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,

Section 20. Members of the force required to work on January 1, February 22, April 19, May 30, July 4, the first Monday of September, October 12, November 11, Thanksgiving Day, or Christmas Day, or the day following when any of the five days first mentioned, or October 12, November 11 or Christmas Day occurs on Sunday, shall be given an additional day off, or, if additional day off cannot be given by reason of personnel shortage or other cause, shall be entitled to an additional day's pay. Chapter 135, Acts of 1948.

Commanding officers of divisions and units shall relieve night officers performing "First Half Duty" at 12 o'clock midnight on evening preceding each legal holiday set forth in this section, and

roll call for night officers assigned to "Last Half Duty" shall be held at 11:45 o'clock p. m., in order that officers performing "First Half Duty" may be properly relieved.

Upon page 37, under heading of "Powers and Duties," the following new section is added:

Section 80A. Members of the force shall be given an additional day off duty or under certain circumstances an additional day's pay when they are required to work on certain legal holidays. Chapter 135, Acts of 1948.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRANSFER OF BOWDOIN SCHOOL PLAYGROUND TO PARK DEPARTMENT.

The following were received:

City of Boston,
Office of the Mayor, December 3, 1948.
To the City Council.

Gentlemen:
I transmit herewith communication from the Law Department relative to your order of November 8, 1948, concerning the drafting of an order transferring the care, custody, and control of the so-called Bowdoin School Playground on Myrtle street, Ward 5, from the School Department to the Park Department.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Law Department, December 1, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Mr. Gilligan:
I have your recent letter enclosing an attested Council order wherein the City Council requested that a proper order be drafted by this department transferring the care, custody, and control of the Bowdoin School Playground on Myrtle street from the School Department to the Park Department.

It is advised that special legislation will be required to effect the desired transition. Assistant Superintendent Michael J. Downey of the School Department has recently filed a legislative bill which will provide the authority for this transfer.

Yours very truly,

JOSEPH A. SCOLPONETTI,
Corporation Counsel.

City of Boston,
Office of the Mayor, November 29, 1948.
To the City Council.

Gentlemen:
I beg to forward herewith reply to the order recently adopted by your Honorable Body requesting that the School Committee "officially authorize the Park Commission to use, occupy, and maintain the so-called Bowdoin School Playground on Myrtle street until such time as its care and custody is permanently transferred to the Park Department."

Respectfully,
JAMES M. CURLEY, Mayor.

The School Committee of the City of Boston,
November 24, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

At a conference of the School Committee held on November 16, 1948, I presented the order of the City Council, passed at the meeting of November 8, 1948, requesting the School Committee, through your Honor, "to officially authorize the Park Commission to use, occupy, and maintain the so-called Bowdoin School Playground on Myrtle street until such time as its care and custody is permanently transferred to the Park Department."

The Committee directed me to inform your Honor that it has taken the order of the City Council under advisement.

Very truly yours,
LOUISE KANE, Secretary.

The following was received:

City of Boston,
Office of the Mayor, December 1, 1948.
To the City Council.

Gentlemen:
I transmit herewith communication from the Park Department, relative to your order of November 22, 1948, concerning installation of a basketball court on the Healy Playground, and also the repairing of the tennis courts and the backstop in the above-mentioned playground.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, November 29, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

I desire to acknowledge your memorandum, with enclosure, City Council order requesting the Park Commission to include sufficient money in their 1949 budget to provide for the installation of a basketball court on the Healy Playground, and to put in proper repair the tennis courts and the backstop in the above-mentioned playground.

I wish to state that I will submit to the Budget Commissioner, within the next few weeks when the budget is being submitted to him, the proper estimate of the cost of doing the above-mentioned work at the Healy Playground.

Very truly yours,
JOHN J. MURPHY, Chairman.

City of Boston,
Park Department, November 29, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

I have your memorandum, with enclosure, City Council order of November 22, 1948, requesting

the Park Commission to include in its budget for 1949 a sum sufficient to provide for filling in the Garvey Playground in Neponset, for repairing the tennis courts so that they may be available for use, and for any general repairs that may be necessary on this playground.

In accordance with this request I will submit to the Budget Commissioner, within the next few weeks when the budget is being submitted to him, an estimate of the cost of filling in the lowlands of the playground nearest the parkway and also putting on a surface on the tennis courts, and any other improvements that might come to my mind at the same time.

Yours very truly,
JOHN J. MURPHY, Chairman.

USE OF PARKS AND PLAYGROUNDS AS PARKING AREAS.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1948.

To the City Council.

Gentlemen:

I transmit herewith communication from the Park Department relative to your order of November 29, 1948, concerning the using of all parks and playgrounds as parking areas for automobiles during the coming winter, and also that signs be erected thereon designating which parks are to be used.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, December 3, 1948.

Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

I desire to acknowledge your memorandum with enclosure, City Council order of November 29, 1948, requesting the Park Commissioner to order all parks and playgrounds to be used as parking areas for automobiles during the coming winter and that signs be placed thereon designating which parks are to be used, and to be further ordered that the Public Works Commissioner be ordered to keep such spaces clean.

I feel that any kind of an open air parking lot for the storage of motor cars during the winter season must have a firm hard surface. It should be enclosed by a fence, with one or two entrances, with a man in charge at the entrances. A watchman should be on duty at night, otherwise the cars would be stripped during the night.

Any open air parking lot could be a fire menace. All one would have to do would be to drop one match or lighted cigarette near the gasoline tank of one of the cars and there would be a big fire loss. Due to the soft condition of most playground surfaces it would be difficult to keep them plowed and keep the areas open. In the spring the soft areas would be rutted and where there was grass there would be none. Children using the playgrounds would be in constant danger from cars entering and leaving the parking lots.

I have my doubts as to whether a public park or playground could be used legally for the purpose of storing automobiles. I doubt, too, if cars could be parked on such properties and be covered by the insurance necessary, including fire insurance.

An opinion from the Corporation Counsel as to whether or not such a use of a public park or playground would be legal, is necessary, also an opinion from the Fire Commissioner as to whether or not the storage of cars in this way would be within the fire laws.

I feel that even then, if it could be done, it should be only considered where it is a public emergency and where the areas have a hard surface and not flooded for skating.

There are, no doubt, many vacant lots in certain sections of the city which could be privately operated as open air parking lots. I feel this should be investigated so as to try to use these lots in the city, some of which have been used as parking lots but for some reason are not used for that purpose in the winter time, also other lots that might be used—and all to be privately operated.

Shortly it is planned to have a one session school day for the youngsters attending the elementary schools. The school day session is to end at 2 p. m. This will mean more daylight for play. The children should not be forced to play on the streets and be deprived of using the playgrounds.

We are scheduled to flood our playgrounds very soon. We hope to have good freezing weather so that we can try, as we have planned, to have better ice surfaces. In my opinion, I would rather take care of the youngsters than the matter of the cars, which, I believe would not work out satisfactorily at most locations.

Very truly yours,
JOHN J. MURPHY, Chairman.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, December 6, 1948.
To the City Council.

Gentlemen:
I am in receipt of the attached communication from the Board of Park Commissioners requesting the appropriation of \$7,500 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1948 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$170,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$7,500, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, December 1, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$7,500 which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....	\$7,500
--	---------

When making up the budget estimates for the year 1948, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1948, to be transferred as it accrued, from time to time during the year, to the regular maintenance appropriation of the Park Department.

Respectfully yours,
JOHN J. MURPHY, Chairman.

Ordered, That the sum of \$7,500 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....	\$7,500
--	---------

Referred to the Committee on Parkman Fund.

REINSTATEMENT OF VINCENT A. HARROLD TO FORMER POSITION.

Coun. LANE offered the following:

Whereas, The appointment of Vincent A. Harrold, a disabled veteran of World War II, was highly and unanimously acclaimed by all veteran organizations in the Commonwealth of Massachusetts; and

Whereas, This appointment of Mr. Harrold to the position of Assistant Expediter in the State Housing Board, at a salary of \$4,300 per year, gave Mr. Harrold the opportunity of serving his community, the Commonwealth and his fellow-veterans under the provisions of chapter 200 of the Acts of 1948; and

Whereas, Mr. Harrold faithfully and efficiently served in this capacity of Assistant Expediter of State Housing from July, 1948, to December 1, 1948, without complaint, or criticism; and

Whereas, His political views, during the election of last November, did not coincide with the views of his superior, Albert S. Bigelow, he was reduced in position and salary on December 1, 1948 to the position of senior clerk at a salary of \$1,980 per year; and

Whereas, This penalty was imposed upon Mr. Harrold solely because of his difference of political opinion; therefore be it

Resolved, That the City Council, in meeting assembled, urge the Governor of the Commonwealth of Massachusetts to take immediate steps to insure the reinstatement of said Vincent A. Harrold to the position of Assistant Expediter in the State Housing Board at a salary of \$4,300 per year; and be it further

Resolved, That a copy of this resolution be forthwith transmitted to His Excellency Robert Fiske Bradford, the Governor of our Commonwealth, for his immediate consideration and action.

Passed under suspension of the rule.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN TURTLE POND PARKWAY, FROM BERWICK STREET 786 FEET NORTHERLY AND 114 FEET EASTERLY, HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Turtle Pond Parkway, from Berwick street 786 feet northerly and 114 feet easterly, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Turtle Pond Parkway, from Berwick Street 786 Feet Northerly and 114 Feet Easterly, Hyde Park," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of THURSDAY, JANUARY 6, 1949, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE ROBERT WHITE FUND.

INVITATION FOR PROPOSALS FOR NEW HEALTH UNIT BUILDING AT BLUE HILL AVENUE AND HARVARD STREET, DORCHESTER, MASS.

The Trustees of the George Robert White Fund, hereinafter referred to as the Awarding Authority, invite sealed proposals for a new Health Unit Building at Blue Hill avenue and Harvard street, Dorchester, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, December 23, 1948, Eastern Daylight Saving Time, at the office of the George Robert White Fund, Room 45, City Hall, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the office of the George Robert White Fund, Room 45, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the George Robert White Fund, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the George Robert White Fund, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid filed with the George Robert White Fund.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Plans and specifications will be ready for bidders on Tuesday, December 14, 1948, and may be obtained at the office of the George Robert White Fund, Room 45, City Hall, Boston, Mass. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the George Robert White Fund.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the Awarding Authority upon request.

All subbidders' proposals must be in the possession of the George Robert White Fund and delivered or mailed to the general bidder not later than 12 o'clock noon, Eastern Daylight Saving Time, Friday, December 24, 1948.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the George Robert White Fund, or a satisfactory bid bond executed by the subbidder and a surety company shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 5 per cent of the subbidder's bid price, and shall be submitted with each subbid.

Subbids will be taken on the following portions of the work:

- A. Plumbing. B. Electrical Work.
- C. Heating.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The George Robert White Fund reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest to do so. The George Robert White Fund also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Awarding Authority,

and no bid of a subbidder shall be withdrawn prior to thirty (30) days from the opening of bids without the consent of the Awarding Authority.

Song for Shepherds

Good shepherds, arise and be glad!

(The God of Hosts is a sleepy little Lad.)

Fat yearlings with reverence bring

To the rough stone home of the wide world's King.

(In the blue of her mantle He's clad.)

Not all that your fancies can add

To the twilight hues these hills have ever had

Can begin to compare with a wing

Of the angel-fold about Him hovering . . .

Good shepherds, arise and be glad!

Holiday Greetings from Mayor Curley to City Workers

To All City Employees of Boston.

As your Mayor I wish you a Most Happy Holiday Season. May your Christmas be Merry, and your New Year one of exquisite memory.

We have passed through another year of successful municipal administration. You, by your individual and collective efforts, have contributed much to the city we all love.

My earnest thoughts and prayers are with you and your loved ones. May God bring you a full measure of health, success, and happiness. May your future be bright with His Holy Light.

You have my personal thanks and best wishes. A Happy and Blessed Christmas to All!

MAYOR RECEIVES SEASON'S GREETINGS FROM SOUTH AFRICAN CITY OFFICIAL FOR CITIZENS OF BOSTON — ALSO PRAISE FOR WELFARE DEPARTMENT.

His Honor the Mayor received the following communication on December 20 from the Mayor of Johannesburg, South Africa:

OFFICE OF THE MAYOR,

KANTOOR VAN DIE BURGEMEESTER,
JOHANNESBURG.

HIS WORSHIP, THE MAYOR,
City Hall, Boston, U. S. A.

DEAR MR. MAYOR:

I would like to advise you that Mr. D. N. Murray, our city's Director of Social Welfare, has now returned from his study tour of the social work undertaken by local authorities in North America, Britain, and Europe. He has advised me of the great helpfulness of the Social Welfare Department of your Council and particularly of Mr. William O'Hare.

He also feels that your Welfare Department is performing a valuable service for your community, and my Council hopes that it will be possible to arrange in the future for a regular exchange of information between our two departments.

Both my Council and I, myself, greatly appreciate the assistance and the many kindnesses which were extended to our Director of Social Welfare by your Council.

I would also like to take this opportunity of extending to you, the Council, and citizens of Boston, the most cordial Christmas greetings and good wishes for 1949, from myself, the Council, and citizens of Johannesburg.

Yours sincerely,

C. L. CUI,
Mayor of Johannesburg.

MAYOR CURLEY PRONOUNCES THE OBITUARY OF "PLAN E" FOR BOSTON IN SEMIMONTHLY RADIO BROADCAST — CITES CASE OF CITY OF BEVERLY AS DEMONSTRATION OF HOW VOTERS DECIDE THEIR CHOICE OF FORM OF GOVERNMENT OVER REACTIONARY EFFORTS OF "BOURBON" GROUP — ALSO ADVOCATES PAYROLL TAX AS MEANS OF INCREASING CITY'S REVENUE.

His Honor the Mayor, speaking over Station WMEX, at 7.30 p. m. on December 20, spoke, in part, as follows:

The subject of tonight's address is "Driving out of Boston the Banshee." For many years it has been the belief in Ireland that when a death is to occur in a family the cry of the banshee is heard by the members of the family, and, invariably, a death takes place.

The group in Boston that was in control prior to 1884, when Mayor Hugh O'Brien was elected, and who, since that time, except on rare occasions, and then only through chicanery and a large expenditure of money, have been deprived of control, and who are seeking once more, although today but a minor element of the community, to acquire the administration of affairs in Boston through the adoption of what is known as "Plan E," were dismayed during the past week to find that what they had anticipated might be an atom bomb proved to be but a miserable dud.

They selected a city for their *pièce de résistance* where the chief industry and one that employed the most persons was located, namely, the City of Beverly, where the United Shoe Machinery Company has long dictated elections and the conduct of municipal activities.

Beverly's Reaction.

A certain Boston newspaper of rather limited circulation, the ownership of which is largely vested in the United Shoe Machinery Company, looked gleefully forward to the opening gun of the "Plan E Campaign" at the recent election in Beverly when, lo and behold, upon Election Day, the cry of the banshee was heard throughout the city and "Plan E," at the hands of the voters, died an ignominious death, being defeated by a

CITY AUDITOR CHARLES J. FOX PRESENTS STATEMENT ON "HOW SHALL WE FINANCE MUNICIPAL GOVERNMENT?" BEFORE THE WASHINGTON CONFERENCE OF THE AMERICAN MUNICIPAL ASSOCIATION, OUTLINING FIVE BASIC WAYS IN WHICH STATES MAY AID.

The following is the statement by Charles J. Fox, City Auditor of Boston, on "How Shall We Finance Municipal Government?" before the American Municipal Association at the Washington Conference:

In considering any problem, it is desirable to have a definite understanding as to the causes of the problem. The current revenue difficulties of municipalities are due to many factors. The most outstanding are these: the tremendous growth in recent decades of municipal services; postwar inflation resulting in spiraling costs of materials and supplies together with intensive demands of municipal employees for compensation adjustments; insufficiency of diversification in the average city's revenue system resulting in almost absolute dependency on the general property tax for support of municipal activities; legislative limitations and exemptions restricting freedom of local action; inequitable and inadequate distribution of State-shared taxes and narrow and restricted grants-in-aid.

The key to the alleviation of the financial difficulties arising out of these factors is in the possession of our State legislators. Since municipalities are creatures of the State, cooperation between local governments and the State is a prerequisite for a sound solution of the local revenue problem. There are five basic ways in which the States may aid:

1. By restricting and curtailing tax limitations and exemptions.
2. By broadening the taxing powers of municipalities so as to permit reasonable diversification in local revenue systems.
3. By broadening and liberalizing the distribution of State revenues to local governments.
4. By refraining from the enactment of mandatory local expenditure measures unless new revenue sources are specifically provided to finance such measures.
5. By recognizing Metropolitan areas as constituting a new level of government.

Whatever changes and alterations may eventually occur in local revenue structures, the real property tax will remain as an important element in municipal revenue sources. If cities are to secure the maximum possible return from this revenue source, the limitations and exemptions which now impair its productivity must be curtailed and the trend toward greater exemptions reversed.

At the time our National Constitution was written, the rights of cities were not an issue. Cities as we know them today did not exist. Ninety-five per cent of the people lived "on the land" so that only two levels of government (Federal and State) actually existed. The drafters of our Federal Constitution, therefore, after enumerating the powers to be exercised by the Federal level, provided that all powers not granted to the Federal government by the Constitution nor denied by it to the States were

reserved to the lower level of government. Thus, so-called "State rights" were recognized, protected and preserved.

Today our nation is urban rather than agricultural in character, with the result that a third level of government definitely and positively exists. Cities and towns, the members of this third level, are justified as the States were one hundred and sixty years ago in demanding that their rights be recognized, protected, and preserved. From a revenue point of view, such recognition would warrant, in the light of the Federal precedent just mentioned, delegation to municipalities of the right to impose any and all taxes and licenses which do not conflict with State tax policies. Under such a policy, cities and towns would be privileged to levy any taxes not collected by the State and/or establish supplemental levies on taxes already incorporated in the revenue system of the State.

State-collected, locally shared taxes and State grants-in-aid have brought more money to local treasuries, but to date, at least, their distribution has not lessened or abated the local revenue problem. Most systems of shared taxes are unstable and inequitable. In general, the distributions are liberal when cities and towns need them least, and sparse when needed most. In apportioning the distribution, little heed is paid to individual needs of municipalities or the variation between municipalities in quantity of services provided. Grants-in-aid, being usually made for narrow and restricted purposes, merely stimulate increased spending and tend to promote one service at the expense of another.

Many of the new activities which have been added to municipal service structures in recent decades have resulted from legislative action by the upper levels of government, but, unfortunately, little heed has been paid in the enactment of such legislation to the authorization of adequate financial measures to compensate for additional local costs. Our legislators must realize that local governments cannot continue to assume new functions and responsibilities unless additional sources of revenue are made available for the support of these activities.

While the local revenue problem is of moment to all municipalities, large or small, its impact is greater on Metropolitan cities where the administration and conduct of municipal services and activities is complicated and aggravated not only by the concentration and density of the municipality's own citizenry, but, also, by the large throngs of commuters who work, shop and play within the central city. Under present-day conditions, a Metropolitan area is something more than a municipality and something less than a State. Its real property valuations can never provide the revenues necessary for the financing of its service and activity

program since a sizable proportion of its service demands arise outside its corporate boundaries and have only a remote relation to property values within its taxing jurisdiction. Large urban concentrations are of sufficient social and economic significance to the States in which they are located to merit special consideration on the part of State governments.

The real property tax was established when this country was primarily agricultural; when 95 per cent of the population resided outside of urban areas, and when real estate was the most important form of wealth. Today the country is primarily industrial, with the bulk of its population living in cities and towns and with wealth being concentrated more and more in intangible property. Federal and State revenue systems have kept pace with this "expanding economy," but local government, notwithstanding the fact it has been called upon for many new and increased services resulting largely from the vast social and economic changes in recent years, has been forced to rely on tax laws and procedures established in the so-called "horse and buggy days" and administered down to the present day with only slight modification and change. It is time to revise local revenue systems so that they may conform to the radical changes which have occurred in the economic and social structure of American life. To ignore this self-evident fact can lead only to one outcome, namely, the sinking of local government into a financial morass from which recovery will be a painful and disheartening procedure.

REWARDS TO FIRE HEROES.

The Mayor has approved the following request:

BOSTON, December 13, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR:

Your Honor's approval is requested to grant additional compensation in the amount of \$25 per annum to present or future members of the department who hold departmental medals, such as the Walter Scott Medal, and the John E. Fitzgerald Medal.

This recognition is already accorded to members of the Police Department.

City Councilor Beades has previously introduced an order into the City Council to have similar recognition granted to members of the Fire Department.

I have discussed this matter with the Budget Commissioner, Mr. John Sullivan, who is in full agreement with my proposal.

At the present time there are six Walter Scott Medal holders, and four John E. Fitzgerald Medal holders.

Respectfully yours,

RUSSELL S. CODMAN, JR.,

Fire Commissioner.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of November 4, 1946, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Florian street, formerly Florence street, be, and the same hereby is, amended, by adding to said order the amount \$25 as an award to Jenny I. Loring; that the amount \$25 be, and the same hereby is, awarded to Jenny I. Loring for the damages so sustained.

MAYOR CURLEY IN RADIO ADDRESS PRONOUNCES OBITUARY OF "PLAN E."

(Continued from page 1265.)

vote of more than three to one. It resembled in some respects what recently took place in the nation when Harry S. Truman, the choice of the intelligent, ordinary citizenship, was elected President over the so-called impregnable and powerful moneyed interests, and in our own Commonwealth where the Hon. Paul A. Dever became the choice of the people as Governor.

Contrary to the statements that are issued from time to time by non-residents of Boston, the city is in an excellent financial condition and rapidly overcoming the problems due to the neglect of solving those problems during the period from World War II to 1946. The leading departments of the city, including the Welfare Department and Institutions Department, which take care of the aged and unfortunates, the Hospital Department, the Fire Department, the Public Works Department, the Health Department, the Traffic Department, and the Boston Housing Authority—in fact, substantially every department of the city—will compare more than favorably with similar departments to be found in any part of the nation.

I beg to direct the attention of the poorly informed critics, the meddlers, and the minority seeking to dictate the affairs of the people of Boston to the fact that every city in the United States is in substantially the same position that Boston is, with the exception of those cities located in states where the statutes permit the cities to initiate revenue-producing legislation to offset the increase in wages, the shortening of the working week, and the increased costs of substantially all commodities.

A recent conference held in Washington attended by some 500 Mayors and representing 500 American cities devoted its entire time and attention to the solution of these problems, and the results of the conference are most interesting.

Some of the Ohio cities are the basis and criterion for the efficient workings of "Plan E," but the all-important fact is overlooked that in Ohio, the cities, under the law, are permitted to initiate revenue-producing legislation. In many of the Ohio cities, upon a referendum vote of the people, a withholding tax has been adopted for the relief of property owners, and in nearly every case, on a referendum vote, the people have voted in favor of the adoption of this tax in preference to the unsavory and burdensome sales tax.

CITY TAXES.

In other cities, the increase in the corporation tax, greatly in excess of that operating in Massachusetts, has been adopted where a system of taxation has been applied to services which are not subject to taxation in Massachusetts cities.

It is interesting to note in this connection that the 1 per cent withholding tax which imposed about one half of the burden that would be imposed in the event of the adoption of a sales tax, netted the City of Philadelphia upwards of \$25,000,000 last year, and the adoption of this tax in Massachusetts would net to the City of Boston more than \$11,000,000 annually or a sufficient sum with which to meet the increased costs of conducting municipal activities, and would make possible a sizable reduction in the tax rate now bearing so heavily upon property owners and rent payers, and would provide permanent relief to every city and town in the entire state.

Income from the withholding payroll tax in the City of Toledo, Ohio, adopted in 1946, netted a revenue to the city of \$6,250,000 in 1947. The allocation of

funds derived from the tax enabled the city to retire \$7,000,000 of debt, and, in addition, the surplus will make possible a reduction of \$3 per thousand in the tax rate of Toledo.

Collection of the 1 per cent payroll tax in the City of Columbus, Ohio, indicates that this tax will produce \$2,000,000 annually.

In Youngstown, Ohio, the latest yield reported was \$900,000 annually, while in Springfield, Ohio, it is expected that slightly more than \$1,000,000 annually will be attained.

At this meeting, held in Washington on December 14, of 500 Mayors of American cities, the payroll tax was unanimously voted for, the principal argument being that it would draw revenue from suburban cities that now enjoy the benefits without sharing the burdens of cost. Mayor De Leseps S. Morrison of New Orleans, the newly-elected President of the Mayors' Organization, stated that the best news at the meeting of the Mayors was on the tax situation, and further declared that a continuing financial crisis obtains in municipal affairs throughout the entire nation due to the costs of running the affairs of a city being increased 18 per cent last year, a greater rise than in the four preceding years, and that many cities were going into debt just to hold their own and that this added income (the payroll tax) was essential if the cities were to be safe from municipal bankruptcy. He further stated that our problem was purely one of ways and means to secure additional revenue for the preservation of the financial status of American cities.

"HOME-RULE STATE."

Historically, Massachusetts is a "self-governing home-rule State." In 1641, the Massachusetts General Court passed an order that anyone, whether freeman or foreigner, could come into a court of justice, town meeting, or any governmental council, and state his just grievances and seek relief — this was the key-stone of Massachusetts government created by the founding fathers.

In 1780, when Massachusetts adopted its first Constitution, John Adams very plainly and definitely wrote into our Constitution the edict that "the magistrates or legislators" are the servants and agents of the people. He also set forth in our supreme law that the people always must adopt amendments to the Constitution, so the sovereign power in Massachu-

setts is the people and no concept of government can be created unless the people approve.

Local government in Massachusetts should be "home rule" at all times. It is the Massachusetts way and, any time we have a departure from this time-honored principle, it is because certain "magistrates and officials" take over powers they do not legally possess.

The General Court has the power to create a city, but, once created, changes must come from the people — so to jam pack a form of town or city government down the throats of the people without permitting them to make the changes they desire is, to say the least, a violation of the spirit of the Massachusetts law.

No one knows the ills and their remedies in relation to a local government problem better than the people who live in the particular city or town who must meet the problem. And when the General Court interferes in local government, they are arrogating to themselves authority that the people never intended the legislators should possess.

Samuel Adams developed the "home-rule" self-government idea and in his town meetings at Faneuil Hall firmly implanted in the minds of the people that the most democratic form of government was one in which the people elected their own public officials at all times and never transferred to a City Council or Board of Aldermen the authority to make the selection of the Mayor for the people.

We will never have good government in our cities and towns until the power to conduct all local matters is restored to the people. At the turn of the century, two distinguished Republican Governors, Roger Wolcott and Murray Crane, in their inaugural addresses, admonished the legislators to permit the people in cities and towns to conduct their own affairs and that there was enough work for the members of the Legislature to handle state matters rather than to be constantly interfering in the details of town and city government to the exclusion of the people.

Now, that the people have by their own votes selected a Democratic administration on Beacon Hill, as well as in the nation, I sincerely hope that our new state administration will re-establish the principles of local self-government in our Commonwealth.

The real problem of every American city is securing the financial aid imperatively necessary to meet present-day requirements in the conduct of municipal activities, and this is a problem that cannot be solved by criticism or condemnation, and a resort to the latter is only to invite the wrath of the banshees in the same manner as was evidenced in the case of the City of Beverly. Thank you, and good night!

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

Five (5) catch-basins in Dorchester avenue (widening) in West Broadway, between West Fourth street, in the South Boston district, at an estimated cost of \$3,000.

A 72-inch double line reinforced concrete pipe; remodel old gatehouse, build head wall, and demolish footpath bridge in Muddy River between 250 feet northwest of Brookline avenue and 285 feet northwesterly, in the Roxbury district, at an estimated cost of \$115,000.

TO INCREASE JAIL OFFICERS.

The Mayor has approved the following request from Sheriff Frederick R. Sullivan:

Boston, November 26, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Since the enactment of the five-day week ordinance I have tried to maintain the operation of the jail with the regular quota of 39 jail officers and 11 assistant matrons.

By constantly rearranging shifts, both day and night, it was possible to cover all necessary policing, court work, etc.

For the past several months the population at the jail has been increasing and this increase makes necessary additional court work, hospital details, and the need for extra guard duty on day and night shifts.

I respectfully request your permission for an increase in the quota of jail officers from 39 to 42, and an increase in the quota of assistant matrons from 11 to 12.

Respectfully yours,

FREDERICK R. SULLIVAN,
Sheriff.

INCREASED PERSONNEL.

SUPERIOR CRIMINAL COURT.

The Mayor has approved the following request:

Boston, December 13, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

I respectfully request permission to amend the budget of this office by increasing the number of principal clerks from 4 to 5 and reducing the number of senior clerks from 13 to 12 and reducing the number of clerks from 9 to 8.

If this request is allowed I appoint Miss Alice Tierney, a senior clerk, who has been in this office for 16 years, to principal clerk. At the present time Miss Tierney has charge of the trial list and is doing work that was formerly done by an assistant clerk.

I respectfully recommend that the appointment of Miss Tierney as a principal clerk will be at the annual salary of \$3,200. Miss Tierney's record and efficiency well merits this consideration.

This change will result in a net saving to the City of \$1,200 a year.

Respectfully yours,

WILLIAM M. PRENDIBLE,
Clerk.

BUDGET AMENDMENT.

EAST BOSTON DISTRICT COURT.

The Mayor has approved the following request:

December 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Since May 15, 1948, upon my recommendation and following the approval of the Budget Commissioner, John A. Sullivan, Miss Nora Benincure, of 1102 Bennington street, East Boston, was appointed in my office as a temporary clerk. So that Miss Benincure's regular employment here would not be an added burden to the city, it was arranged to use the funds regularly appropriated for the vacation time of the clerk and two assistant clerks, for the payment of her wages. This made it possible for the clerks to substitute one for the other

during vacation periods and sick leaves and made it unnecessary to bring in outside help as had been the practice in this court for numerous years. At the same time, at hardly any extra cost to the city, we were able to have the services of a clerk so urgently needed in our office, for every week of the year.

Intensive parking and speeding drives conducted in our district, which last over long periods of time during the year, with their resultant flow of large numbers of people, creating more docketing and filing work, so disturb the regular operations of this office and of the court in general that it is felt that if a change could be arranged in the use of the funds annually given to us for vacations and sick leaves so as to allow for the employment of a permanent clerk, it would make for a more efficient office and, obviously, a more practical and valuable use of the money.

Therefore, in view of these circumstances, I respectfully request, subject to your Honor's approval, that our 1948 budget be amended, and that Miss Nora Benincure be retained as a permanent clerk at the base pay of \$1,700 a year.

Very sincerely yours,

WILLIAM H. BARKER, Clerk.

NEW PLANS FOR SOUTH BOSTON AQUARIUM.

The following communication was received on December 18 by the Mayor:

CITY OF BOSTON,
PARK DEPARTMENT,

December 13, 1948.

LAWRENCE P. GILLIGAN,
Chief Clerk, Mayor's Office.

DEAR SIR:

I have your memorandum, with enclosure, City Council order of December 6, 1948, requesting the Park Commission to include in its budget for 1949 a sufficient sum to provide for necessary repairs to the outside and inside of the South Boston Aquarium, including the tanks, and also for replenishing the supply of various species of fish.

A few years ago quite an extensive reconstruction job was done at the aquarium. However, I agree that there

are certain other repairs and replacements that should be made within the next year. I will see that a sum sufficient to make these repairs and replacements will be submitted to the Budget Commissioner.

We have had considerable difficulty in keeping the supply of fish on display at the aquarium up to a satisfactory level. We have, however, during the past six months obtained many species of fish, and at the present time it is stocked better than it has been for some years. We have more than 200 fish on display and more than 100 fish in the rear tanks of the aquarium. I am still not satisfied. After I talked with his Honor the Mayor about the matter, he has had the Acting Director of the Fish and Wildlife Service in Washington, D. C., offer certain specimens of fish located in certain hatcheries down and near Washington. Our problem, of course, is the transportation of these fish from these different hatcheries, and keeping the fish alive so that they will be in good condition when they reach the aquarium. I have instructed the director of the aquarium to see if some of these locations are practical where we might get some additional fish where the transportation problem would not be insurmountable.

Yours very truly,

JOHN J. MURPHY, Chairman.

RULING ON HEATING OF APARTMENTS BY LANDLORDS.

Dr. John H. Cauley, Boston Health Commissioner, has issued the following statement concerning the matter of heat in apartments:

The supplying of heat in dwelling houses is a contractual agreement (whether written or implied) between the landlord and tenant. Under chapter 186 section 14, of the General Laws, a landlord who wilfully, or intentionally, fails to supply heat at any time when the same is necessary to the proper or customary use of a dwelling, etc., can be punished by a fine. The person who has to initiate the action in the court is the one offended, that is, the tenant involved. No public agency has the power of enforcing this law.

However, there are several agencies that can cooperate with the tenants by advising them and one department, namely, the Division on the Necessaries of Life of the Department of Labor and Industries does assist further by notifying landlords that a complaint has been received, also advising the tenant on procedures he has to take in case he receives no relief after the landlord has been notified.

The Boston Police Department can also assist tenants by aiding them in presenting their case to the local district court. The clerks of the local district courts have in several cases requested the City of Boston Health Department to make observations of heat conditions and report to the court.

In all cases, if the landlord fails to provide proper heat, the tenants, either singly or by group action, have to bring the complaint in the district court of the district where the premises is located, no public agency has the power to bring this action under the present statutes. An attempt was made in the Legislature last year to empower the Division on Necessaries of Life to bring action on such cases, but it failed to pass.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon December 13 the Mayor approved a contract with J. J. Struzziery Company, Inc., the lowest bidder, for sewerage works in Muddy River Improvement, from a point 250 feet north of Brookline avenue, 285 feet northerly, Roxbury, at an estimated cost of \$103,325.

The work contemplated in the contract is to be completed within 200 days after the contract is approved by the Mayor.

The following bids were received November 29:

J. J. Struzziery Company, Inc., \$103,325; Kennedy Crane Service, \$103,935; Martin J. Kelly Company, Inc., \$109,345; Baker & Co., Inc., \$110,375; Walter Reed Corporation, \$110,570; A. Piatelli Company, \$112,115; Allied Engineering Corporation, \$116,295; H. Di Tullio & Sons, Inc., \$116,870; C. Russo, Incorporated, \$123,650; A. Baruffaldi Company, \$138,350; Rev-Lyn Contracting Company, \$123,687.50.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Rossano Construction Company, Inc., has been granted an extension of the time of completion of the contract for alterations at the Harriet A. Baldwin School, from December 15, 1948, to February 1, 1949 (contract approved August 6, 1948).

This extension is requested because of delay in steel and wire work delivery.

Rossano Construction Company, Inc., has been granted an extension of the time of completion of the contract for alterations at the William Barton Rogers School, from December 15, 1948, to February 1, 1949 (contract approved July 9, 1948).

This extension is requested because of delay in delivery of steel and metal partitions.

FIRE DEPARTMENT.

An extension of time has been granted to J. A. Singarella Company for the performance of a contract for the erection of a fire station, Engine 10, at 127 Mount Vernon street, Boston. The contract is dated August 29, 1947, and was to have been completed within eight months. However, the time of performance was

extended. A further delay in time of completion has been occasioned because of the fact the contractor is still unable to obtain delivery of doors and other mill work and is also experiencing difficulty in obtaining delivery of steel conduit which is required for underground installation of cable.

Request is therefore made for a further extension of time for the performance of the contract to December 31, 1948.

PUBLIC WORKS DEPARTMENT.

Central Building Wrecking Company has been granted an extension of the time of completion of the contract for the demolition and removing of buildings located in West Broadway, Dorchester avenue, West Fourth street, Cambridge street, and Howard street, from November 30, 1948, to December 31, 1948.

This extension is requested for the reason that the contractor has been unable to start work on some of these buildings because of continued occupancy of the buildings to be demolished.

John Deveney Company have been granted extension of the time of completion of the contract for laying sheet asphalt pavement in Columbus avenue, Wards 4, 5, and 9, from Arlington street to Northampton street, from November 30, 1948, to December 31, 1948.

This extension is requested for the reason that the contractor was delayed by work being done by the abutters on areaways, walls, etc.

Hancock Construction Company has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement and granite block pavement in Essex place, Franklin avenue, and Devonshire street, from November 15, 1948, to December 31, 1948.

This extension is requested for the reason that the contractor was delayed by changes in the specifications and delay in procuring materials.

In extending the Season's Greetings, I desire to express my deep appreciation of your fine spirit of loyalty and cooperation manifested during the year that is ending.

The Boston Police Department holds a position second to none in this country in the solving of serious criminal cases and the high standard of its protection and service. Your devotion to duty has accomplished this and merits the frequently expressed admiration of our law-abiding citizens.

It gives me pleasure to wish all the members of the department and their families a very Merry Christmas and much happiness in the New Year.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

BUILDING RAZED.

The Mayor has approved the request of the Building Commissioner to enter the building or other structure, or the abutting land or buildings, at 36 Lynde street, Ward 3, with such assistance as required, and make safe, vacate forthwith, or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

CLAIM ALLOWED.

Upon recommendation of the Corporation Counsel, the Mayor has approved the following claim.

James Hislop, 20 Woodville street, Roxbury, to be reimbursed in the sum of \$38.65, as a result of an accident which occurred on January 25, 1948, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by H. P. Hood & Sons, Inc.

BRANCH LIBRARIES, FOREST HILLS AND EGLESTON SQUARE.

The following were received:

City of Boston,
Office of the Mayor, December 8, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Boston Public Library relative to your order of November 8, 1948, concerning the establishment of a branch library in the vicinity of Forest Hills, Ward 19.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Library Department, December 6, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.
Dear Mr. Gilligan:

On November 12, 1948, there was transmitted to the trustees of the Public Library an order of the City Council dated November 8, 1948, requesting that the trustees of the Public Library include in their 1949 budget a sum sufficient to establish a branch library in the vicinity of Forest Hills in Ward 19.

Under separate cover the trustees of the Public Library have made a presentation to his Honor the Mayor setting forth the several sections of the city which are now requesting branch library or reading room coverage and bringing before him suggested possibilities for action in the course of the year 1949. Presumably such action as may be possible for any one of these several areas of the city now without library coverage will depend upon whatever may be found possible by his Honor the Mayor in terms of the above-mentioned presentation.

If there is further information which you need, I shall be glad to attempt to provide such.

Yours sincerely,
MILTON E. LORD, Director.

City of Boston,
Office of the Mayor, December 8, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Library Department relative to your order of November 8, 1948, concerning the establishment of library facilities in the Egleston Square section of Ward 11.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Library Department, December 6, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.
Dear Mr. Gilligan:

On November 12, 1948, you transmitted to the trustees of the Public Library an order of the City Council requesting the establishment of library facilities in the Egleston Square section of Ward 11.

Under separate cover the trustees of the Public Library have made a presentation to his Honor the Mayor setting forth the several sections of the city which are now requesting branch library or reading room coverage and bringing before him suggested possibilities for action in the course of the year 1949. Presumably such action as may be possible for any one of these several areas of the city now without library coverage will depend upon whatever may be found possible by his Honor the Mayor in terms of the above-mentioned presentation.

If there is further information which you need, I shall be glad to attempt to provide such.

Yours sincerely,
MILTON E. LORD, Director.

SALARY OF CHIEF ENGINEER, CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Boston City Hospital relative to your order of November 22, 1948, to include in their annual budget sufficient funds to pay the Chief Engineer of that institution a salary commensurate with his duties and obligations.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Hospital Department, December 3, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.
Dear Mr. Gilligan:

At a meeting of the Board of Trustees held on December 3, it was voted to refer to the next budget Council order of November 22, 1948, requesting the trustees of the Boston City Hospital to include in their annual budget sufficient funds to pay the Chief Engineer of that institution a salary commensurate with his duties and obligations.

Very truly yours,
JAMES W. MANARY, M. D.,
Superintendent.

CLEAN-UP CAMPAIGN, WARD 14 STREETS.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Department relative to your order of November 15, 1948, concerning a clean-up campaign of streets throughout the Ward 14 section of Boston.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
December 9, 1948.
To Lawrence P. Gilligan, Chief Clerk, Mayor's Office.

From Robert P. Curley, Commissioner, Public Works Department.

Subject: Order in Council, November 15, 1948.

Receipt is acknowledged of your memorandum of November 17, attaching order in Council, under date of November 15, 1948, as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to start a clean-up campaign of streets throughout the Ward 14 section of Boston."

Report has been received by the Sanitary Division, from the foreman in charge of street-cleaning in the Ward 14 district. The majority of these streets have been thoroughly cleaned since November 15, and the work of cleaning the remainder is being rushed as much as possible.

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

RESURFACING OF LANE PARK, WARD 22.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works, relative to your order of November 29, 1948, concerning the resurfacing with smooth paving of Lane park, Ward 22.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
December 3, 1948.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works resurface with smooth paving Lane park, Ward 22, and this will advise you that it is too late in the season to have this work performed this year, but this street will be put on the list of streets to be given consideration during the year 1949.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

INCOME LIMITS FOR TENANTS IN LOW-RENT HOUSING.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Boston Housing Authority, relative to your order of November 29, 1948, concerning maximum income limits for tenants in low-rent housing.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Housing Authority,
December 7, 1948.

Hon. James M. Curley,
Mayor of Boston.
Subject: City Council Order, November 29, 1948,
Concerning Maximum Income Limits for
Tenants in Low-Rent Housing.

Dear Mr. Mayor:

This will acknowledge receipt of your letter of November 29, 1948, on the above-referenced order of the City Council.

While the order is not entirely clear inasmuch as it refers to a proposed maximum income of \$2,500 which presently exists, the Authority interprets the order to mean that the proposed maximum income of \$2,500 apply to a family occupying a two-bedroom apartment with proportionate adjustments for families of other size.

The Authority wishes to advise you that in view of present living costs and income levels it has requested approval of a revision upward from both the Public Housing Administration and the State Housing Board. This request is under study and advisement, and the Honorable the City Council will be notified through you promptly when a decision is made.

Very truly yours,
FRANCIS X. LANE,
Executive Director.

BUS SCHEDULES, ADAMS STREET AND NEPONSET AVENUE.

The following was received:

City of Boston,
Office of the Mayor, December 8, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Metropolitan Transit Authority, relative to your order of November 22, 1948, concerning the making of a survey of the running schedules of buses on Adams street and Neponset avenue, Dorchester, with a view to providing sufficient equipment and a rescheduling of the running time so that the residents of this section may be given adequate service.

Respectfully,
JAMES M. CURLEY, Mayor.

Metropolitan Transit Authority,
December 6, 1948.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

In response to request contained in order of the City Council received with your letter of November 24, I would say that additional service has been provided on the Adams street and Neponset avenue lines during the morning rush-hour period.

Very truly yours,
EDWARD DANA, General Manager.

RE-ESTABLISHMENT OF POSITION OF DEPUTY CHIEF IN FIRE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, December 7, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Fire Department relative to your order of November 29, 1948, concerning the re-establishment of the position of deputy chief in the Boston Fire Department, owing to the increase of new development in commercial industry in the City of Boston.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, December 3, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

Reference is made to the following order which was passed by the City Council November 29, 1948:

"Ordered, That the Fire Commissioner confer with his Honor the Mayor concerning the re-establishment of the position of deputy chief in the Boston Fire Department, owing to the increase of new development in commercial industry in the City of Boston."

At the time the 48-hour week was established for this department on February 4, 1947, one of

the economy measures recommended by the Boston Finance Commission and approved by your Honor was effected and two division headquarters were deactivated.

I recommended the reactivation of one division to be included in the 1948 budget but this item was disallowed.

I am recommending again as part of the 1949 budget of this department the re-establishment of one more division headquarters which I trust will receive your Honor's approval.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

PLAYGROUND AT 15-25 CLIFF STREET, ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, December 13, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Board of Real Estate Commissioners, relative to your order of November 29, 1948, concerning the making of the property at 15-25 Cliff street, Roxbury, Ward 12, available, and its maintenance as a playground.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Board of Real Estate Commissioners,
December 9, 1948.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

This is to acknowledge receipt of a Council order, dated November 29, 1948, requesting the Board of Real Estate Commissioners to make the property at 15-25 Cliff Street, Ward 12, Roxbury, available and maintained as a playground.

I wish to inform you that under the law this department has no authority to make available and maintain any land in its possession for playground purposes. I believe that the law provides that all playgrounds are maintained by the Park Department, and if the Park Department would so request, I would be pleased to place the matter before the Committee on Foreclosed Property as provided by law, to make this land available to the Park Department for its use.

Very truly yours,

IRVING LEWIS, Chairman.

FLOODING OF PORTION OF FATHER BUCKLEY PLAYGROUND FOR SKATING.

The following was received:

City of Boston,
Office of the Mayor, December 7, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Department relative to your order of November 22, 1948, concerning the flooding of a portion of the Father Buckley Playground for skating purposes.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, December 3, 1948.
Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir:

I have your memorandum, with enclosure, City Council order of November 22, 1948, requesting the Park Commission to flood a portion of the Father Buckley Playground for skating purposes.

The Father Buckley Playground is a relatively small playground on West Third street adjacent to the church that fronts on E street, South Boston. The surface of this playground is of concrete and asphalt. It is what is called a hard surfaced playground. The playground is pitched or sloped all in one direction and is not constructed or graded properly so that it can be flooded. In order to flood a playground it must be sloped to the center to a drainage system in the center so that it is approximately saucer shaped. Flooding a playground that slopes only in one direction would only mean that the water would not be retained on that playground.

I regret, under the circumstances, that the request of the City Council to flood this playground cannot be granted.

Very truly yours,

JOHN J. MURPHY, Chairman.

TRANSFERS OF APPROPRIATIONS.

The following were received:

City of Boston,
Office of the Mayor, December 13, 1948.
To the City Council.
Gentlemen:

Under date of November 29, 1948, I submitted to your Honorable Body two transfer orders, as follows:

1. \$16,000 from Item B-8, Light, Heat, and Power, in the Public Works Department, Lighting Service, to Item B-17, Care of Persons, in the Health Department.

This appropriation of \$16,000 is necessary because the State Department of Health increased its rates for the care of patients in State Sanatoria, which increase was not anticipated in the budget.

2. \$5,000 from Item B-8, Light, Heat, and Power, in the Public Works Department, Lighting Service, to Item B-39, General Repairs, in the Public Buildings Department.

This appropriation of \$5,000 is necessary to take care of emergencies and other necessary repairs to the various buildings under the control of the Public Buildings Department.

I have been advised that your Honorable Body is adverse to making the above funds available from the item in question for the purposes as stated. In view of this fact, I am forwarding herewith transfer orders in substitution of the above, and recommend consideration and passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Police Department, A-1, Permanent Employees, \$16,000, to the appropriation for Health Department, B-17, Care of Persons, \$16,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Police Department, A-1, Permanent Employees, \$5,000, to the appropriation for Public Buildings Department, B-39, General Repairs, \$5,000.

City of Boston,
Office of the Mayor, December 13, 1948.
To the City Council.
Gentlemen:

The enclosed transfer of \$53,000 to the Personal Service item of the Public Welfare Department, Central Office budget, is necessary because of the delay in receiving from the Commonwealth the Federal grant due the city.

Payments of Federal grants by the Commonwealth to the cities and towns are now made at the end of the quarter in which the charge occurs. As a result of this system the appropriation for the payrolls for permanent and temporary employees in the Public Welfare Department will be short \$53,000. In order that there will be no delay in the payment of these employees this temporary transfer is necessary, pending receipt of this amount from the Commonwealth.

Consideration and adoption of the accompanying order is recommended by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is authorized to transfer:

From the appropriation for Public Welfare Department, Central Office, F-14, Old Age Assistance, \$53,000, to the appropriation for Public Welfare Department, Central Office, A-1, Permanent Employees, \$51,000, A-2, Temporary Employees, \$2,000.

City of Boston,
Office of the Mayor, December 13, 1948.
To the City Council.
Gentlemen:

The enclosed requests for transfers of appropriations, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

(Dec. 25.)

CITY OF BOSTON.

FIRE DEPARTMENT.

PROPOSALS FOR LAUNDRY WORK.

The Fire Commissioner of the City of Boston invites proposals for the laundering of the linen of the Boston Fire Department, consisting of sheets, pillow slips, towels, bedspreads, etc., commonly known as "flat work," and red, gray, and blue blankets, both single and double, for the year 1949. The linen, blankets, etc., to be called for and delivered one day each week at the various fire stations of the Boston Fire Department. Samples of the linen, etc., may be seen at the Fire Department Headquarters, 60 Bristol street, Boston, where a copy of the contract and specifications may also be examined. The amount of work to be done is approximately as follows: Six thousand (6,000) sheets per month; fifty-five hundred (5,500) pillow slips per month; two thousand (2,000) towels per month; one hundred (100) bedspreads per month; blankets, red, gray, and blue, one thousand (1,000) annually. Estimates must be submitted on a price per piece basis only. Proposals submitted on any other basis will not be considered. Proposals will be received at the office of the Fire Commissioner, 60 Bristol street, Boston, until 12 m., December 31, 1948, at which time and place they will be publicly opened and read. Proposals must be sealed and marked "Proposal for Laundry Work," and must be made in duplicate, one to be deposited with the City Auditor, City Hall, previous to the time stated for the opening of the bids; the other, containing a certified check for three hundred (300) dollars, made payable to the City of Boston, is to be deposited at the office of the Fire Commissioner, said check to be the property of the city if the accepted proposal is not carried out. A bond of an approved surety company doing business in the Commonwealth of Massachusetts will be required for the faithful performance of the contract by the successful bidder in the sum of 40 per cent of the estimated total amount of the contract. The contract is made subject to appropriations to meet payments thereunder. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

(Dec. 25.)
